The Illustrated Ramayana DK,2022-12-15 Discover the Ramayana—one of India’s most celebrated epics, and a story that transcends time itself. The tale of Rama, the exiled prince of Ayodhya who battles the evil Ravana, the king of Lanka, and rescues his abducted wife, Sita, is about much more than the eternal battle of good versus evil. It is a tale of love, friendship, loyalty, devotion, righteousness, and deliverance. Ramayana and Rama, whose journey is told in the epic, are embedded in India’s cultural consciousness, but they transcend borders. Various versions of the Ramayana can be found across the Indian subcontinent and in parts of southeast Asia. Created in consultation with distinguished economist, scholar, and translator Dr. Bibek Debroy, The Illustrated Ramayana draws from one of its earliest composers, the celebrated sage and poet Valmiki. It uses a combination of text and stunning images drawn from a variety of sources—historic and contemporary artifacts, paintings, photographs, and performances—to tell Rama’s story as he walks the path that destiny creates for him.

The Combination of Stellar Influences Reinhold Ebertin,1994 The Combination of Stellar Influences is a well-known and popular book that explains the development of cosmobiology, which uses the 90-degree dial, and teaches the methods of this progressive school of astrology. Through the interpretation of the stellar bodies and other astronomical points in the individual's chart, emphasis is placed on the cosmobiological character and the shaping of destiny. The delineation of the various combinations and mid-points is well-defined, easy to follow and to the point. Learn the basic influence and principle characteristics of planetary combinations, as well as their psychological, biological and sociological correspondence and probable manifestation in natal and predictive astrology.

Vedic Cosmography and Astronomy Richard L. Thompson,2004 The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Bhagavatam`s account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotisastras which provide remarkably accurate measurements of the solar system.

Hinduism for Our Times Arvind Sharma,1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. Hinduism for Our Times is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

The First Hindu Mission to America Sunrit Mullick,2010 This book positions Brahmo Samaj leader Protap Chunder Mozoomdar as the originator of the Hindu mission movement to the United States of America in the late 19th century. It is known that Protap Mozoomdar, together with Swami Vivekananda, represented Hinduism at the Parliament of Religions at Chicago in 1893. But what has missed the focus of scholars is that Mozoomdar visited the United States ten years earlier in 1883, making him the pioneer of the Hindu mission movement to the United States. The book is the first detailed study of Protap Chunder Mozoomdar in America. It is written through primary research on American newspapers, periodicals, manuscripts, diaries and archival material available in American libraries, and material in possession of the author. On the whole, the book presents new information of interest to both the general reader and the scholarly community.

Flute Of Vrindavan Ashok K Banker,2011-12-05 The notorious stealer of dahi, the naughty god-child, the Preserver himself, wields the flute to make evil dance to his tunes Infant Krishna and his half-brother Balarama are the most mischievous children in all of Gokuldhama, getting up to all sorts of pranks, raiding neighbours dahi handis and letting the calves run free. But disciplining God Incarnate is no easy task. It slowly dawns on Mother Yashoda that the babe she is trying to protect is in fact the protector of the entire world! As little Krishna survives one horrific asura attack after the other, she comes to terms with the true identity of her adopted son. Meanwhile, Kamsa deals with his frustration at not being able to kill the Slayer by building his own powers and skill to superhuman proportions, mastering a deadly war game and becoming a champion wrestler. With Jarasandha s aid, Kamsa despatches a team of otherworldly assassins to slay the Slayer. Harried by Kamsa s forces, Krishna s adoptive father, the peace-loving Nanda Maharaja, is forced to lead his people into exile. They find safe haven in idyllic Vrindavan. But even in this paradise, deadly demons lurk ... Book 3 of the Krishna Coriolis series brings alive the childhood of the Preserver in his enchanting Krishna avatar, fraught with peril, but also drenched in the love of his parents and neighbours.

The Mandala Astrological Tarot A. T. Mann,2009 There are many tarot sets on the market?but not one like this! The first thing you?ll notice about this unique book-and-card set is the deck?s square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala images that aid meditation. What?s more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.

Hinduism Dr. Hiro G. Badlani,2008-09-30 Hinduism, the world's oldest living religion, embodies a wide spectrum of philosophies, beliefs, and customs. It has prompted thinkers from an array of cultures and ages-from Apollonius Tyaneus, a first century Greek thinker, to Voltaire, Mark Twain, and Albert Einstein-to extol its influence. Now, Dr. Hiro G. Badlani brings you Hinduism: Path of the Ancient Wisdom, an easy-to-understand guidebook that delves into Hinduism's spiritual and historical perspectives. For more than ten years, Dr. Badlani has passionately channeled his resources and inner reflections into learning about this ancient religion. His meticulous research, combined with guidance from spiritual masters, sages, and swamis has brought forth in this volume. This mini-encyclopedia covers all aspects of Hinduism in a series of small chapters. Spiritual teachings form the book's core, for without the spiritual teachings, what function can any religion play? Still, however, information is presented in a non-dogmatic manner, stressing the basic unity and homogeneity of all religions. With its powerful narrative and roots in spiritual storytelling, this book is perfect for anyone who desires authentic information on Hinduism. Engaging with this book will not only educate you, but imbue you with personal peace and happiness, becoming an experience both elegant and empowering.

The Uddhava Gita ,2002-09-28 Widely read, The Bhagavad Gita is a classic of world spirituality while The essential companion to The Bhagavad Gita, The Uddhava Gita has remained overlooked. This new accessible and only English translation in print of The Uddhava Gita offers a previously unexplored path to understanding Hinduism and Krishna’s wisdom. Written centuries apart, the ideas of the two dialogues are similar although their approach and contexts differ. The Bhagavad Gita is filled with the urgency of battle while The Uddhava Gita takes place on the eve of Krishna’s departure from the world. The Uddhava Gita offers the reader philosophy, sublime poetry, practical guidance, and, ultimately, hope for a more complete consciousness in which the life of the body better reflects the life of the spirit.

Supernormal Meg Jay,2017-11-14 Clinical psychologist and author of The Defining Decade, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only How do they do it? but also How does it feel? These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

Babaji's Kriya Yoga Jan Suzanne Ahlund,Marshall Govindan,2009-01-01 Action with awareness is both the vehicle and the destination in all phases of Babaji's Kriya Yoga. Through it we become aware of That which is aware; which is the one constant underlying all of our thoughts and experiences. Babaji's Kriya Yoga is a means of self-knowledge, of knowing our selves and the truth of our being. It brings action with awareness and a devotional spirit into our practice of asanas, pranayama, meditation, mantras and also into all our thoughts, words, dreams and desires and actions. This sadhana has enormous potential to make us more conscious human beings. It requires the willingness of the body, mind, heart and will, to align with the soul in aspiration of purification and perfection. This book provides detailed instructions, diagrams and photographs in the practice of a particular set of 18 Yoga asanas or postures, known as Babaji's Kriya Hatha Yoga.
