I Don't Want to Read This Book Aloud Max Greenfield, 2023-09-19 Another hilarious picture book from actor Max Greenfield, author of *I Don't Want To Read This Book* and *This Book Is Not a Present*, dedicated to introverts of all ages, about the horrors of reading aloud. Nobody in the world actually enjoys reading aloud, do they? Impossible! After all, any number of terrible things could happen: you might come across a word you don't know how to pronounce. Or get distracted by a volcano eruption and lose your place. Even worse, you might accidentally hear the sound of your own voice! Actor Max Greenfield (*New Girl*, *The Neighborhood*) and New York Times bestselling illustrator Mike Lowery, the duo behind *I Don't Want To Read This Book* and *This Book Is Not a Present*, are back with another side-splitting picture book that's sure to have kids shouting for repeat read-alouds.

The Great Mental Models, Volume 1 Shane Parrish, Rhiannon Beaubien, 2024-10-15 Discover the essential thinking tools you've been missing with The Great Mental Models series by Shane Parrish, New York Times bestselling author and the mind behind the acclaimed Farnam Street blog and "The Knowledge Project" podcast. This first book in the series is your guide to learning the crucial thinking tools nobody ever taught you. Time and time again, great thinkers such as Charlie Munger and Warren Buffett have credited their success to mental models—representations of how something works that can scale onto other fields. Mastering a small number of mental models enables you to rapidly grasp new information, identify patterns others miss, and avoid the common mistakes that hold people back. The Great Mental Models: Volume 1, General Thinking Concepts shows you how making a few tiny changes in the way you think can deliver big results. Drawing on examples from history, business, art, and science, this book details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making and productivity. This book will teach you how to: Avoid blind spots when looking at problems. Find non-obvious solutions. Anticipate and achieve desired outcomes. Play to your strengths, avoid your weaknesses, ... and more. The Great Mental Models series demystifies once elusive concepts and illuminates rich knowledge that traditional education overlooks. This series is the most comprehensive and accessible guide on using mental models to better understand our world, solve problems, and gain an advantage.

How to Talk About Books You Haven't Read Pierre Bayard, 2010-08-10 In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of non-reading-from books that you've never heard of to books that you've read and forgotten—and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*—which became a favorite of readers everywhere in the hardcover edition—is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

Why I Read Wendy Lesser, 2014-01-07 Wendy Lesser's extraordinary alertness, intelligence, and curiosity have made her one of America's most significant cultural critics, writes Stephen Greenblatt. In *Why I Read*, Lesser draws on a lifetime of pleasure reading and decades of editing one of the most distinguished literary magazines in the country, *The Threepenny Review*, to describe her love of literature. As Lesser writes in her prologue, Reading can result in boredom or transcendence, rage or enthusiasm, depression or hilarity, empathy or contempt, depending on who you are and what the book is and how your life is shaping up at the moment you encounter it. Here the reader will discover a definition of literature that is as broad as it is broad-minded. In addition to novels and stories, Lesser explores plays, poems, and essays along with mysteries, science fiction, and memoirs. As she examines these works from such perspectives as Character and Plot, Novelty, Grandeur and Intimacy, and Authority, *Why I Read* sparks an overwhelming desire to put aside quotidian tasks in favor of reading. Lesser's passion for this pursuit resonates on every page, whether she is discussing the book as a physical object or a particular work's influence. Reading literature is a way of reaching back to something bigger and older and different, she writes. It can give you the feeling that you belong to the past as well as the present, and it can help you realize that your present will someday be someone else's past. This may be disheartening, but it can also be strangely consoling at times. A book in the spirit of E. M. Forster's *Aspects of the Novel* and Elizabeth Hardwick's *A View of My Own*, *Why I Read* is iconoclastic, conversational, and full of insight. It will delight those who are already avid readers as well as neophytes in search of sheer literary fun.

Kwame Alexander's evocative poetry and Melissa Sweet's lush artwork come together to take readers on a sensory journey between the pages of a book.

clutter and distractions and find a way to focus on those key items which are truly the top priorities in our lives. Bregman works from the premise that the best way to combat constant and distracting interruptions is to create productive distractions of one's own. Dawson's Fall Roxana Robinson, 2019-05-14 A cinematic Reconstruction-era drama of violence and fraught moral reckoning In Dawson's Fall, a novel based on the lives of Roxana Robinson's great-grandparents, we see America at its most fragile, fraught, and malleable. Set in 1889, in Charleston, South Carolina, Robinson's tale weaves her family's journal entries and letters with a novelist's narrative grace, and spans the life of her tragic hero, Frank Dawson, as he attempts to navigate the country's new political, social, and moral landscape. Dawson, a man of fierce opinions, came to this country as a young Englishman to fight for the Confederacy in a war he understood as a conflict over states' rights. He later became the editor of the Charleston News and Courier, finding a platform of real influence in the editorial column and emerging as a voice of the New South. With his wife and two children, he tried to lead a life that adhered to his staunch principles: equal rights, rule of law, and nonviolence, unswayed by the caprices of popular opinion. But he couldn't control the political whims of his readers. As he wrangled diligently in his columns with questions of citizenship, equality, justice, and slavery, his newspaper rapidly lost readership, and he was plagued by financial worries. Nor could Dawson control the whims of the heart: his Swiss governess became embroiled in a tense affair with a drunkard doctor, which threatened to stain his family's reputation. In the end, Dawson—a man in many ways representative of the country at this time—was felled by the very violence he vehemently opposed.

Masterly...Quade has created a world bristling with compassion and humanity. The characters and the challenges they face are wholly realized and moving; their journeys span a wide spectrum of emotion and it is impossible not to root for [them]. —Alexandra Chang, New York Times Book Review It's Holy Week in the small town of Las Penas, New Mexico, and thirty-three-year-old unemployed Amadeo Padilla has been given the part of Jesus in the Good Friday procession. He is preparing feverishly for this role when his fifteen-year-old daughter Angel shows up pregnant on his doorstep and disrupts his plans for personal redemption. With weeks to go until her due date, tough, ebullient Angel has fled her mother's house, setting her life on a startling new path. Vivid, tender, funny, and beautifully rendered, The Five Wounds spans the baby's first year as five generations of the Padilla family converge: Amadeo's mother, Yolanda, reeling from a recent discovery; Angel's mother, Marissa, whom Angel isn't speaking to; and disapproving Tíve, Yolanda's uncle and keeper of the family's history. Each brings expectations that Amadeo, who often solves his problems with a beer in his hand, doesn't think he can live up to. The Five Wounds is a miraculous debut novel from a writer whose stories have been hailed as "legitimate masterpieces" (New York Times). Kirstin Valdez Quade conjures characters that will linger long after the final page, bringing to life their struggles to parent children they may not be equipped to save.
