One for the Record George Plimpton,2016-04-26 The inside story of Hank Aaron's chase for the home run record, repackaged and with a foreword by Bob Costas and new material from the Plimpton Archives. In ONE FOR THE RECORD, George Plimpton recounts Hank Aaron's thrilling race to become the new home run champion. Amidst media frenzy and death threats, Aaron sought to beat Babe Ruth's record. In 1974, he finally succeeded. A fascinating examination of the psychology of baseball players, ONE FOR THE RECORD gives an absorbing account of the men on the mound who had to face Aaron. But the book's true genius lies in the portrait of Aaron himself, and his discussions on his philosophy on hitting and the game of baseball.

The Eternal Criminal Record James B. Jacobs, 2015-02-09 For 60 million Americans a criminal record overshadows everything else about their identity. Citizens have a right to know when someone around them represents a threat. But convicted persons have rights too. James Jacobs examines the problem of erroneous records and proposes ways to eliminate discrimination for those who have been rehabilitated.

On Record Beverley Diamond, 2021-05-12 Musical media and the audio recording industry have an important and complex history in Newfoundland and Labrador: professional musicians, community songwriters, local institutions, and even politicians have gone on record. The result is a widespread body of work that undercuts the idea of recorded music as a cultural commodity and deepens the

province's tradition of cultural activism. Drawing on contemporary testimony and over fifty years of interviews, *On Record* explores how recording projects have served as sonic signatures, forms of protest, homage, or parody of the foibles of those in power. Beverley Diamond examines how audio recording in Newfoundland and Labrador has been shaped not merely by creative individuals, but by such events as resettlement, residential schools, the cod moratorium, technological change, and disasters that have befallen those who live and work on the North Atlantic. A chapter by ethnomusicologist and musician Mathias Kom examines the widespread response to a unique annual challenge to make an audio recording. Spanning both commercial and community-oriented initiatives, this book reflects the vibrant, socially engaged, and resilient nature of communities that value simultaneously and equally the highest professional standards and the creative potential of every citizen. Encompassing music from both settler and Indigenous communities, *On Record* redefines the culture of a province that has most often been associated with traditional music, demonstrating that recording goes beyond the creation of a commodity: it responds to the present and to constructs of public memory.
