*The RecordSetter Book of World Records* Corey Henderson,Dan Rollman,2011-12-05 A celebration of the nuttiness and obsessives in all of us, RecordSetter is the new world record- setting phenomenon, a website that believes everyone can be the world's best at something—and where 80,000 people a month come to prove it, or just enjoy watching. Corey Henderson and Dan Rollman, the creators of RecordSetter, are two entrepreneurs obsessed by world records who appear regularly on Late Night with Jimmy Fallon and host events in cities around the country. The RecordSetter Book of World Records captures all the exuberance, energy, and quirky good humor of the records and record-setters. Here are more than 300 of the longest, loudest, slowest, weirdest, coolest, and most-difficult-to-break world records. There are Food & Drink Records. Sports & Games Records. Records set by (not-so) average Joes, and records set by celebrities (Most Bunnies Snuggled in a Hammock by Cameron Diaz).

On Record Beverley Diamond,2021-05-12 Musical media and the audio recording industry have an important and complex history in Newfoundland and Labrador: professional musicians, community songwriters, local institutions, and even politicians have gone on record. The result is a widespread body of work that undercuts the idea of recorded music as a cultural commodity and deepens the province's tradition of cultural activism. Drawing on contemporary testimony and over fifty years of interviews, *On Record* explores how recording projects have served as sonic signatures, forms of protest, homage, or parody of the foibles of those in power. Beverley Diamond examines how audio recording in Newfoundland and Labrador has been shaped not merely by creative individuals, but by such events as resettlement, residential schools, the cod moratorium, technological change, and disasters that have befallen those who live and work on the North Atlantic. A chapter by ethnomusicologist and musician Mathias Kom examines the widespread response to a unique annual challenge to make an audio recording. Spanning both commercial and community-oriented initiatives, this book reflects the vibrant, socially engaged, and resilient nature of communities that value simultaneously and equally the highest professional standards and the creative potential of every citizen. Encompassing music from both settler and Indigenous communities, *On Record* redefines the culture of a province that has most often been associated with traditional music, demonstrating that recording goes beyond the creation of a commodity: it responds to the present and to constructs of public memory.
