

Reflection

Paul Wesselmann

Daily Reflections A a,Aa World Services Inc,2017-07-27 This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

Reflection Elizabeth Lim,2018-03-27 What if Mulan had to travel to the Underworld? When Captain Shang is mortally wounded by Shan Yu in battle, Mulan must travel to the Underworld, Diyu, in order to save him from certain death. But King Yama, the ruler of Diyu, is not willing to give Shang up easily. With the help of Shang's great lion guardian ShiShi, Mulan must traverse Diyu to find Shang's spirit, face harrowing obstacles, and leave by sunrise--or become King Yama's prisoner forever. Moreover, Mulan is still disguised as the soldier called Ping, wrestling with the decision to reveal her true identity to her closest friend. Will Mulan be able to save Shang before it's too late? Will he ever be able to trust her again? Or will she lose him--and be lost in the Underworld--forever?

Reflection Tyler Lockett,2019-10-15 Fueled by faith and powered by a strong work ethic, Tyler Lockett's debut book of poetry is a reflective and uplifting journey through topics such as identity, sports, race, relationships, and how to live a purposeful life. As an NFL All-Pro wide receiver and return specialist for the Seattle Seahawks, Lockett draws on his unique perspective as a professional athlete to address life's many challenges, temptations, and rewards. From reminding young people to pursue their dreams, to pleading with a friend not to take his own life, Lockett's poetry encourages readers to stay positive even when confronting impossible odds. In addition to never-before-published poems, Reflection also includes workshop questions, notes, and inspirational messages that give readers an opportunity to reflect on their own lives as well.

Art of Reflection Ratnaguna,2018-05-01 Drawing on his own experience, and on Buddhist teachings, Western philosophy, psychology and literature, Ratnaguna provides a practical guide to reflection in its many forms. This is a book about reflection as a spiritual practice, about its importance, and about "what we think and how we think about it."

A Teacher's Reflection Book Jean Koh Peters,Mark Weisberg,2011 In university teachers' hectic lives, finding space to reflect, restore, renew, and recommit can seem impossible. Jean Koh Peters and Mark Weisberg believe regular reflection is critical and have designed A Teacher's Reflection Book to help teachers and other professionals find that space. Growing out of the authors' extensive experience facilitating retreats and leading teaching and learning workshops, the book builds on their discoveries in those settings, supporting and promoting teachers' self-directed development. Inviting that development, A Teacher's Reflection Book is a cornucopia of stories, exercises, and examples that will inspire teachers to make reflection a cornerstone of their daily lives. With its multiple suggestions and strategies, it offers something for every reader, and is responsive to teachers' needs at all stages of their careers. The book's six chapters offer readers several perspectives from which to reflect. Some sections offer glimpses of teachers in the midst of their daily teaching lives, while others step away, inviting readers to reflect on what it means to have a vocation as a teacher. The book explores how we listen, a crucial yet rarely taught skill, essential for reflecting, as well as for learning and teaching. And it invites teachers to reflect on their students: who they are, and what and how they learn. For those latter reflections, the authors turn the focus on fear, which so pervades university life and which can distort learners' and teachers' perspectives and responses. Throughout this book, readers will visit several classrooms and listen to the evocative voices of several thoughtful students. Revelatory, practical, and wise, A Teacher's Reflection Book is a valuable companion and guide. One key strength of the book is its authentic writing style, which engages the reader and builds the trustworthiness of the authors. Another strength is the book's wealth of readings and the activities it offers to catalyze teacher reflection. -- Teaching Theology and Religion, Ryan S. Gardner This excellent book should be part of every teacher's professional library. It is a book pitched at all teachers in higher education and, through the processes of reflection, a book that advances important principles of good teaching practice that are usually introduced all too briefly in the basic texts on teaching in higher education. ...Several descriptive words come to mind when reading this book. It is a polite and gentle book. Politeness is revealed in the book's sub-title - "Exercises, stories, invitations". It is the idea of invitation that characterizes much of the book. It is not didactic but rather invites us to use the book and the processes described in it in ways that work best for us. It does this through questions and inductive approaches to reflection. Through these approaches and the careful use of real-life examples, we are gently invited to explore the perspectives presented in the text and apply these to our personal and professional lives. It is also an accessible book. Most refreshingly, it is not burdened with unnecessary technical jargon and convoluted language that sadly cripples too much writing in education today and makes learning inaccessible to many, particularly for those readers whose first language is not English. -- Higher Education Research & Development (HERDSA), Robert Cannon I was asked to write a book review but I find that, instead, I want to write a thank you note thanking Jean Koh Peters and Mark Weisberg for the gift of their book, A Teacher's Reflection Book. ...The reflections, examples and exercises you offer in the book make reflecting about both challenging and positive moments in my life as a teacher feel like something I can do easily and regularly. ...In this book, you have found a way to model, encourage and help create a compassionate space where teachers can make the deepest connection between who they are and what they do. You give us permission to find our truth in and the courage to bring our hearts to our teaching and writing. You have made a home for reflection. -- The Law Teacher, Kimberly Kirkland, University of New Hampshire School of Law We are all so busy. We race from task to task. We attempt to multi-task; dividing and depleting our energies. How many times do we arrive in class breathless with hardly a moment to think about what we have planned for the day? I harbor no illusions that a blog entry is going to change our lives, but I would like to use this one to reiterate the need to make time for reflection, for contemplation about what we do, and how and why we do it. The value of doing so is laid out clearly in [this] new book... -- Teaching Professor Blog, Maryellen Weimer

The Tain of the Mirror Rodolphe Gasché,1986 Deconstruction is no game of mirrors, revealing the text as a play of surface against surface. Its more radical philosophical effort is to get behind the mirror and question the very nature of reflection. The Tain of the Mirror explores that gritty surface without which no reflection would be possible.

Reflection Jessica Roberts,2012-02-17

Practicing Core Reflection Frits G. Evelein,Fred A. J. Korthagen,2014-10-03 Practicing Core Reflection features 78 concrete educational activities and exercises based on research. These can be used individually and in groups to support 'teaching and learning from within.' Core Reflection is an approach focused on people's personal strengths and on using practical strategies to overcome obstacles to the enactment of these strengths. This approach has been used in many contexts all over the world and has shown great promise in helping to re-chart the course for education and to re-think its purpose in global and democratic societies. Additional tools (Cards, Figures, Tables, Forms in a printable PDF format) are provided on this website (under the eResources tab). Building on the theoretical foundations established in Korthagen, Kim, and Green's Teaching and Learning from Within: A Core Reflection Approach to Quality and Inspiration in Education, this companion volume can be used together with it or on its own to engage educators in exploring what it means to bring out the best in oneself, in students, in colleagues, and others—a critically significant project if education is to realize new levels of possibility and potential.

Action Research and Reflective Practice Paul McIntosh,2010-01-21 The use of reflection as a tool to support and develop practice is becoming increasingly recognised across education, healthcare and the social sciences. Reflection is assumed to create depth of knowledge and meaning, both for self and those practised upon. Running alongside the use of reflection is the prevalent use of action research which some see as a way of approaching the study of human beings from a philosophical perspective, in which sharing takes place within mutually supportive environments. As a result, many academics and practitioners suggest that one cannot improve the methodology of action research without considering philosophical

reflection. In Action Research and Reflective Practice, the author argues that reflective practice and action research can become mechanistic in their use unless fresh creative approaches are employed. Exploring the tension between the use of evidence-based practice, based upon solid 'objective' research, and reflection, with its 'subjectivity' and personal perception, this book argues that reflection is research. The author increases the use and effectiveness of both action research and reflection through the application of new creative and visual approaches. Action Research and Reflective Practice demonstrates that creative approaches can be utilised effectively in critically reflexive ways, creating a new style of action research that is both innovative and theoretically robust. The resultant approach will improve evidence-based research in education, healthcare and other social sciences to enhance perception and understanding of events, identity and self. This book will be highly beneficial to undergraduate and postgraduate students, as well as educational and social researchers, across a broad range of subjects within the social sciences.

Ripples for Reflection Paul Wesselmann, 2019-12-15

Reflection in Learning and Professional Development Jennifer A. Moon, 2013-09-05 Reflection is a technique for aiding and reinforcing learning, used in education and professional development. This volume offers practitioners and students guidance that cuts across theoretical approaches, enabling them to understand and use reflection to enhance learning in practice.

Immediacy and Reflection in Kierkegaard's Thought Paul Cruysberghs, Johan Taels, Karl Verstrynge, 2003 We live in a reflective age. That is Søren Kierkegaard's overall conclusion when evaluating the time he lives in. But his appraisal contains both approval and criticism. On the one hand reflection is a necessary category to deal with the dynamics and the qualities of the modern age, on the other hand it bears a great danger. It is Kierkegaard's firm conviction that reflection should always relate to a kind of immediacy that safeguards it from becoming hollow and detached from our existential reality. Throughout the voluminous and complex work of Kierkegaard, the notions of 'immediacy' and 'reflection' play a crucial role. They appear in such an early work as *From the Papers of One Still Living* as well as in the late *Anti-Climacus* writings, and indeed their significance or influence can be felt in all philosophical texts published in between. That is not to say that the meaning of the notions is unequivocal. After all, Kierkegaard not only uses the terms in very divergent contexts, but his own understanding of them appears to evolve quite strongly in the course of his oeuvre. Moreover, in spite of their clearly philosophical character, the two notions play an unmistakable role in Kierkegaard's understanding of religion. They appear frequently in the religious discourses indeed. In short, Kierkegaard's use of the notions of 'immediacy' and 'reflection' covers a broad array of meanings and interpretations. The dialectics of immediacy and reflection, of reflection killing immediacy and raising the question of the possibility of a new immediacy is the main theme of *Immediacy and Reflection in Kierkegaard's Thought*. The book contains contributions authored by a number of well known Kierkegaard scholars. Kierkegaard's theory of the 'existence spheres of life' provides a first viewpoint on the interplay of immediacy and reflection. Here the philosophical and pseudonymous writings are the main subject of research. If on the other hand one pays a closer look at the significance of a 'second immediacy' for a religious attitude to life, The religious discourses come into play when the possibility of a 'second immediacy' is taken into consideration. In conclusion the theme of immediacy and reflection is connected to some important trends in the modern and contemporary era. On the one hand it is linked to the philosophical influences Kierkegaard underwent (e.g. from Hegel); on the other hand Kierkegaard is confronted with later thinkers (Heidegger in particular).

On Reflection Ellen Rose, 2013 Ellen Rose seeks to initiate a much-needed discussion about what reflection is and should be. The word crops up repeatedly in the discourse of teaching and learning, but its meaning is often vague. True reflection -- deep, sustained thought that takes place in conditions of solitude and silence -- has been undermined by new technologies that speed up the flow of information and the pace of life, as well as by contemporary schooling that unreflectively embraces technological and market imperatives in the name of outcomes, efficiencies, and the preparation of a global workforce. Drawing on a wide range of thinkers, past and present, Rose outlines the important role reflective thought can play in the classroom and in the world at large, and makes a powerful case for slowing down and returning to our thoughts.

How to be Free Tom Hodgkinson, 2006 Drawing on the French existentialists, British punks, the US beats, hippies and yippies, medieval thinkers, anarchists and 1970s back-to-the-landers such as Ivan Illich, Idlereditor Tom Hodgkinson provides a new, simple, joyful blueprint for modern living. He shows that consumer society has led not to a widening of freedoms but to the opposite, and that the key to a free life is to stop consuming and start producing. We are not consumers, we are creators! Following up his cult bestseller *How To Be Idle*, Tom Hodgkinson takes us on an inspirational journey towards true freedom and happiness. Read *How To Be Free* and learn how to throw off the shackles of anxiety, bureaucracy, debt, governments; housework, moaning, pain, poverty, ugliness, war and waste, and much else besides.

The Reflection Helena Macalino, 2014-07-23 Step through the reflection. Step out of the ordinary world. Step into the mystery of your imagination. What lies beyond the ancient door?

On Reflection Hilary Kornblith, 2012

Objects of Reflection Annie Lockhart, 2010-02-19 Use souvenirs, keepsakes and everyday objects in your own brand of storytelling. Objects of Reflection brings you a new form of visual journaling—that of assemblage—by creating art that is extremely personal and evokes your fondest memories. Inspiration pours from every page as author Annie Lockhart takes you on a journey inside of her own heart, sharing her stories for building pieces with tiny treasures and common objects. Specific elements of each project are displayed in a legend, detailing what each object symbolizes and will have you thinking about what similar objects might represent to you. In addition to providing insight on her own art-making process, Annie will guide you through her favorite step-by-step techniques for attaching elements with simple materials like string, wire and tape; aging objects to give them a bit of charm; adding texture with modeling paste and more. Dare to color outside the lines. Discover a new way to tell your own story and start using objects as words today. You'll also receive insight on valuable lessons such as: Quieting your harsh inner critic Seeing the beauty in objects that are broken Looking at the things you love with new perspective Realizing art need not be permanent to be enjoyed

Reflection of Memories Tesa Jones, 2017-07-21 Richard Malone and Caroline Sue Miller are born on the same day to parents who live on opposite sides of the societal fences in a small coal-mining town of western Pennsylvania. Despite the economic differences between their families, the two children become best friends, and their unexpected friendship eventually blossoms into forbidden love. In order to be together and escape their bleak, small town opportunities, they leave the security of their homes and settle in New Jersey where their future is a blank slate. As Richard and Caroline make their way through life, their choices often veer their love off course, but the bond they share has deep roots that continually pull them together again. This tale of family, friendship, and love incorporates the historical events and cultural changes of the tumultuous 1900s while following the course of one couple whose connection is stronger than class or circumstance. Whether you're sailing through youthful days or enjoying your golden years, *Reflection of Memories* will capture your heart and remind you of what is truly important in life.

When Breath Becomes Air Paul Kalanithi, 2016-01-12 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving,

exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’” When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Upon Further Reflection Burrhus Frederic Skinner,1987 This book deals with global issues concerning ecology and world government. It moves from the very general to the very specific.

Thank you certainly much for downloading **Reflection**.Maybe you have knowledge that, people have see numerous times for their favorite books in the manner of this Reflection, but stop going on in harmful downloads.
