Removing Barriers Jill M. Bystydzienski, Sharon R. Bird, 2006-03-20 Movement into academic science, technology, engineering, and mathematics (STEM) fields has been slow for women and minorities. Not only are women and minorities underrepresented in STEM careers, there is strong evidence that many academic departments are resistant to addressing the concerns that keep them from entering careers in these fields. In light of recent controversies surrounding these issues, this volume, examining reasons for the persistence of barriers that block the full participation and advancement of underrepresented groups in the sciences and addressing how academic departments and universities can remedy the situation, is particularly timely. As a whole, the volume shows positive examples of institutions and departments that have been transformed by the inclusion of women and recommends a set of best practices for continuing growth in positive directions.

Removing the Dragon Skin Jeremiah C. Braudrick, 2019-10-18 For anyone who has ever longed for God but always felt like his love was just out of reach; for anyone whose messy story has made them feel like a third-string player on God's team; for anyone whose soul feels beaten, battered, and in desperate need of some healing, C. S. Lewis just may

have a remedy. This collection of essays and memoirs, delivered by an author whose fundamentalist upbringing painted a picture of a God who was simply impossible to please, are written for anyone who has struggled with their spiritual self-worth. After life threw him a few curveballs, he was convinced that the God whose approval he yearned for, simply had no use for him. Lewis helped to change that. This story about falling back in love with God takes the reader on a three-year journey in which the author digested just about every word Lewis ever wrote, including many of his classics, his lesser-known writings, and even personal letters he wrote to family, friends, fans, and even children. The memoirs will journey to Lewis's home and favorite pub in Oxford, his office in Cambridge, his church, his gravesite, and more.

Removing the Commons Eric Roark, 2013-08-28 Removing the Commons defends a Lockean Left-Libertarian account of the moral conditions in which people may remove, either via use or appropriation, natural resources from the commons. I conclude that self-owning agents may remove natural resources from the commons just so long as they leave others the competitive value of their removal in a way that best affords others an equal opportunity for welfare.

Removing the Emperor's Clothes Simon Chapman,Becky Freeman,2014-11-11 In December 2012, Australia became the first nation in the world to require all tobacco products to be sold in standard 'plain' packs under the leadership of the then Health Minister Nicola Roxon. Tobacco companies have had global apoplexy about the law. Humiliated in the Australian High Court with a six-one defeat, their hopes now rest with deterring other nations from following suit by pursuing international trade law action. With a combined 50 years of research and advocacy experience in tobacco control, Simon Chapman and Becky Freeman set out the evidence for the importance of plain packaging in striking at the heart of what remains of tobacco advertising. They examine the history of the idea, the tobacco industry's frantic efforts to derail it, and the early evidence for its impact. Most importantly, they give tools to policy makers in other countries wanting to make the best case for plain packaging and to defend it from the inevitable attacks that will follow.

Removing the Stain of Racism from the Southern Baptist Convention Kevin Jones,Jarvis J Williams,2017-06-01 The Southern Baptist Convention (SBC) has a historical stain. The SBC once affirmed slavery and openly opposed and condemned abolitionists.

Even though the convention repented of this sin publicly, a profound divide between the white majority and the black and brown minority still exists for many churches. This stain is more than historical fact; it prohibits Southern Baptist churches from embracing the one new man in Christ promised in Ephesians 2:11-22 and from participating in the new song of the saints from every tongue, tribe, people, and nation in Revelation 5:9. The glorious gospel of Jesus Christ commands all his followers to do our part in removing racism from our midst. Removing the Stain of Racism from the Southern Baptist Convention is a powerful and practical call to sacrifice, humility, and perseverance—along with a relentless commitment to Christian unity—for the sake of the gospel and our brothers and sisters in Christ.

Removing Labels, Grades K-12 Dominique Smith,Douglas Fisher,Nancy Frey,2021-01-14 Disrupting the cycle starts with you. No matter how conscientious we are, we carry implicit bias... which quickly turns into assumptions and then labels. Labels define our interactions with and expectations of students. Labels contribute to student identity and agency. And labels can have a negative effect beyond the classroom. It's crucial, then, that teachers remove labels and focus on students' strengths—but this takes real work at an individual, classroom, and schoolwide scale. Removing Labels urges you to

take an active approach toward disrupting the negative effects of labels and assumptions that interfere with student learning. This book offers: 40 practical, replicable teaching techniques—all based in research and best practice—that focus on building relationships, restructuring classroom engagement and management, and understanding the power of social and emotional learning Suggestions for actions on an individual, classroom, and schoolwide level Ready-to-go tools and student-facing printables to use in planning and instruction Removing Labels is more than a collection of teaching strategies—it's a commitment to providing truly responsive education that serves all children. When you and your colleagues take action to prevent negative labels from taking hold, the whole community benefits.
