The White Coat Investor James M. Dahle,2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of Common Sense Investing The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

The Simple Path to Wealth JL Collins,2021-08-16 In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart. -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. But Dad, she once said, I know money is important. I just don't want to spend my life thinking about it. This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

Quit Like a Millionaire Kristy Shen,Bryce Leung,2019-07-09 From two leaders of the FIRE (Financial Independence, Retire Early) movement, a bold, contrarian guide to retiring at any age, with a reproducible formula to financial independence A bull***t-free guide to growing your wealth, retiring early, and living life on your own terms Kristy Shen retired with a million dollars at the age of thirty-one, and she did it without hitting a home run on the stock market, starting the next Snapchat in her garage, or investing in hot real estate. Learn how to cut down on spending without decreasing your quality of life, build a million-dollar portfolio, fortify your investments to survive bear markets and black-swan events, and use the 4 percent rule and the Yield Shield--so you can quit the rat race forever. Not everyone can become an entrepreneur or a real estate baron; the rest of us need Shen's mathematically proven approach to retire decades before sixty-five.

Buying a Home: The Missing Manual Nancy Conner,2010-04-13 Home ownership is a cornerstone of the American dream, but it's a complex process that, without the right guidance, can seem like a nightmare. This Missing Manual takes you through the process of buying a home, from start to finish. Along the way, you'll use the book's expert advice and fill-in forms to identify the house you want, figure out what kind of neighborhood you want to live in, determine what a target home is really worth, make an offer, and close the deal. Throughout the process, this book helps you: Realistically determine how much house you can afford Assemble a real estate team that's looking after your interests and not the seller's Understand the different ways to finance your house, and which is best for you Create an attractive offer with the best chance of acceptance Learn what lenders look for so you can get your mortgage approved Inspect your new home to uncover potential problems Prepare all the right paperwork for a smooth closing

Financial Peace Dave Ramsey,2002-01-01 Dave Ramsey explains those scriptural guidelines for handling money.

The Millennial Way Home Jeremy Kho,2019-06-28 Are you a First Time Home Buyer?Wondering if you should buy or rent?Do you know how much home you can afford?How much money will you need when buying a home?What financing options are available?The Millennial Way Home - An Invested Millennial Guide on Buying Your First Real Estate Property Conventional wisdom says most millennials can't afford to buy a home. But this book takes a much more positive and constructive approach with a proven step-by-step strategy. Now anyone in their 20s and 30s can easily own or rent the home of your dreams. The book starts with a realistic look at how much home you can afford. This ensures mortgage payments will be affordable, you have a better chance of being approved for financing, and won't have to face disappointments or hardships. Also learn how to work with real estate professionals who can guide you through the process of qualifying for a loan, participating in government assistance programs that can lower costs, finding the right neighborhood, and locating a home that is a perfect fit for you and your loved ones. While most other books only cover buying a home, The Millennial Way Home refreshingly includes renting and leasing homes. This can make the most sense for a lot of people who don't have access to the sometimes sizable down payment necessary for purchasing a home. Renting can also be ideal for anyone who must move frequently or is unsure about their job stability. Now you have the option of getting more for your rental dollars. Instead of being stuck with a cramped apartment, you can stretch out in a home that truly fits your situation and preferences. This book is unusual in it takes time to explain why being house poor is a challenge no Millennial should ever have to deal with. Biting off too much in mortgage payments or rent can be disastrous in the long run. The author explains how this can happen and ways to avoid falling into this common trap. A key chapter is the Millennial Way Home. It lays out an easy, common sense step-by-step strategy for buying or renting a home. It takes the reader from judging how much you can afford to making an offer to setting up an inspection, closing the deal, and moving in. Readers get access to several helpful tools used by professionals. They include: Buy vs Rent Calculator, the Home Affordability Calculator, Fixed Mortgage Loan Calculator, Flexible Rate Mortgage Loan Calculator. The Millennial Way Home clears the fog on buying or renting your first home. It's a clear pathway to owning real estate that can create the life you want and serve as an excellent way to grow your wealth. Now you have the same opportunity of achieving the American Dream enjoyed by countless previous generations. If you've heard Millennials can't have a home, this book will prove that wrong with a surefire way to get the affordable real estate deal you want and need. You shouldn't be rushed, but take time to understand the best option for you. Buying or renting is a great way to establish and improve credit while building your wealth for the future. Buy this book, read it, follow its good advice and guidance, and get ready to see your dreams become reality.

The Philosophical Investor Gary Carmell,2015-03-17 Living in Southern California, Gary Carmell has become very familiar with tectonic shifts: cataclysmic changes in the earth's crust that cause earthquakes and tsunamis. Carmell has also experienced numerous tectonic shifts in the economic landscape in his nearly thirty-year investing career. Correctly anticipating economic trends has allowed his real estate investment and management firm, CWS Capital Partners LLC, to grow from assets of \$250 million in the late 1980s to over \$3 billion today. CWS foresaw the collapse of manufactured housing in the late 1990s and anticipated a massive shift from homeownership to renting, prompting them to reposition aggressively for growth in apartment construction and management. Carmell feels special pride in the results his company's delivers for its investors, as a result—long-term average annual returns exceed 13 percent—even during the Great Recession of 2007–2009. Navigating turbulent economic markets and experiencing his two-year-old son's near-fatal stroke has taught Carmell that real success requires not only financial acumen, but also deep reflection. He credits Shakespeare, Hume, and Schopenhauer as his mentors, with more modern sages like Buffett, Soros, and Munger also guiding his actions. In *The Philosophical Investor: From Wisdom to Wealth*, he shares the insights he has gained along the way in the hope of inspiring a new cadre of critical thinking investors.

Rent vs. Own Jane Hodges,2012-03-09 This guide to making the big decision by a real estate reporter is “a truly balanced look at an emotional subject . . . plenty of tips to keep you above water” (Mint.com). When it comes to real estate, renting vs. owning is always a big decision—not just whether to take the plunge, but when. The housing market can be volatile, and purchasing a home may be one of the biggest investment decisions you'll ever make. This guide offers a reality check that cuts through all the hype and helps you decide whether to buy now or keep renting. Expert finance and real estate reporter Jane Hodges, who has written for the Wall Street Journal, Seattle Times, and other top publications, explains how the housing market works and breaks down all the pros and cons of buying and renting—because contrary to popular belief, buying isn't the best choice in every situation. With dozens of success stories and cautionary tales from real-life renters and owners across the country, this indispensable manual gives confused consumers the tools to make the right decision for their budget, market, personal needs, and future.

Build a Rental Property Empire Mark Ferguson,2016-03 I finally got a chance to purchase and read your book (Build a Rental Property Empire). It was easy to read and practical and pragmatic - and I liked it enough to give a copy to my son who is just starting out with his real estate investing and also to two of my investor clients as closing gifts.-SharonLearn the best way to invest in rental properties in this 300 plus page book written by real estate investor Mark Ferguson (owns more than 100,000 sqft of rentals). This book gives you the exact details on how to finance, find, analyze, manage, and even sell rental properties. Where other books lack the details on how to actually make money in real estate, this book is all about the details. It is written by someone who has been investing in real estate for over 15 years and is still investing today. If you are having trouble figuring

out how to find the right properties, how to finance them, where to buy properties, or how to buy with little cash, this books tells you how to overcome those obstacles. If you can't find your answer in the book, Mark even gives away his email address where you can ask him directly. Mark is a successful rental property owner, fix and flipper and real estate broker. Mark has sold over 1,000 houses as a broker, flipped over 155 houses, and owns his own office Blue Steel Real Estate. Mark bought his first rental property on his own in December 2010 and now has 19 rentals (commercial and residential). He has fix and flipped houses since 2001 and been a real estate agent since 2001 as well. Over the years, he has learned the best way to find rentals, get great deals, manage properties, finance properties, find great markets and build wealth with rentals. In this book, Mark gives you all the information you need to be a successful rental property investor. Mark also started Investfourmore.com, a real estate blog with over 35,000 subscribers and millions of visitors. He is known for his straight to the point writing that is easy to understand and full of insight. This book is not full of theories and made up stories. It contains real-world case studies and information on investing from an investor actively investing in today's market (2017). Here are just a few of the topics covered: · Why rental properties will help you retire faster than other investments· The risks of investing in rentals· How to determine what a good rental property is· How to determine what type of rental to buy· How to get a great deal on properties· How to finance rentals, even if you have more than 4 or more than 10· How to invest in rentals with less cash· How to repair and maintain properties· How to manage rentals or find a property manager· What are the best exit strategies· How to buy rental properties when your market is too expensiveThis book has been revised a number of times to reflect current market conditions and changes in Mark's strategy.

The Wealthy Renter Alex Avery,2016-09-10 A National Bestseller! Why be house poor when you can rent rich? “Why rent when you can buy?” More than any other, this phrase captures the overwhelmingly unanimous promotion of home ownership to Canadians. Real estate agents, mortgage brokers, family, friends, and even the government promote ownership as a safe, attractive, and sure-fire path to personal wealth. This one-size-fits-all advice ignores the reality of Canada’s housing market. Canadians deserve better advice. Faced with expensive house prices in a near-zero interest rate world, it’s time Canadians heard the virtues of renting and seriously considered renting as an alternative to home ownership. Real estate analyst Alex Avery insists renting offers a simple, more affordable way to live, plus in Canada’s frenzied housing market, going month-to-month is dramatically lower risk. He claims the reputation of home ownership as a wealth building strategy is unfounded and shows renters how to replace bricks-and-mortar with better investment opportunities.

The Real Estate Investor's Pocket Calculator Michael Thomsett,2017-10-18 The return on real estate investments hinges less on the physical property and more on the math. This invaluable resource helps you analyze the financial picture before shoveling out the money. With real estate investing on the rebound, more people are jumping into the market, although not everyone is finding equal amounts of success. Why do some investments turn into gold mines and some into money pits? If they had taken the right measures beforehand, they would’ve realized that the numbers just didn’t add up. Before your next real estate investment, you need to ask things like: Have you measured every component of value, such as cash flow, income taxes, financing, and investment yield? Do you know which calculations to use on specific properties? Have you weighed all the risks? In The Real Estate Investor’s Pocket Calculator, finance expert and author Michael C. Thomsett shows you how to: Gauge supply and demand Project return on investment and equity Analyze present and future value Calculate cash flow Make accurate tax projections Fewer mistakes and less guess work. Larger returns and even more opportunities for additional investments. It’s all possible now with the help of The Real Estate Investor’s Pocket Calculator!
