Restore Vince Antonucci,2018-01-09 What should we do when we feel stuck in life? You know how it feels. There's a hurt in your past that is hard to get beyond. There's a bad habit that's difficult to break. There's a setback that is just too tough to overcome. We all have our own unique situations in which we feel "stuck." Americans' favorite suggestions for how to fix our lives—self-help programs, self-esteem techniques, or simple willpower—leave many of us ceaselessly spinning our wheels and feeling just as "stuck" as ever. Vince Antonucci knows what this feels like, and he knows many who have struggled to fix their lives with these dead-end methods. He struggled to get past the pain of a neglectful and angry father. It wasn't until Vince decided to go through a recovery and rehab course, focused on God, that he learned ways to break free of that hurt and to live in God's future. Today, when someone walks through the doors of Vince's innovative church, located just off the Las Vegas Strip, he offers a Restore class as one of three core classes that every member takes. He knows how important it is to learn to break free of these old hurts and bad habits. The essence of that popular class is contained in this book. Move past your past, heal your hurts, and break your bad habits.

Restoring Ecological Health to Your Land Steven I. Apfelbaum,Alan W. Haney,2012-02-13 Restoring Ecological Health to Your Land is the first practical guidebook to give restorationists and would-be restorationists with little or no scientific training or background the "how to" information and knowledge they need to plan and implement ecological restoration activities. The book sets forth a step-by-step process for developing, implementing, monitoring, and refining on-the-ground restoration projects that is applicable to a wide range of landscapes and ecosystems. The first part of the book introduces the process of ecological restoration in simple, easily understood language through specific examples drawn from the authors' experience restoring their own lands in southern and central Wisconsin. It offers systematic, step-by-step strategies along with inspiration and benchmark experiences. The book's second half shows how that same "thinking" and "doing" can be applied to North America's major ecosystems and landscapes in any condition or scale. No other ecological restoration book leads by example and first-hand experience like this one. The authors encourage readers to champion restoration of ecosystems close to where they live . . . at home, on farms and ranches, in parks and preserves. It provides an essential bridge for people from all walks of life and all levels of experience—from land trust member property stewards to agency personnel responsible for restoring lands in their care—and represents a unique and important contribution to the literature on restoration.

Restoring Natural Capital James Aronson,Suzanne J. Milton,James N. Blignaut,2012-09-26 How can environmental degradation be stopped? How can it be reversed? And how can the damage already done be repaired? The authors of this volume argue that a two-pronged approach is needed: reducing demand for ecosystem goods and services and better management of them, coupled with an increase in supply through environmental restoration. Restoring Natural Capital brings together economists and ecologists, theoreticians, practitioners, policy makers, and scientists from the developed and developing worlds to consider the costs and benefits of repairing ecosystem goods and services in natural and socioecological systems. It examines the business and practice of restoring natural capital, and seeks to establish common ground between economists and ecologists with respect to the restoration of degraded ecosystems and landscapes and the still broader task of restoring natural capital. The book focuses on developing strategies that can achieve the best outcomes in the shortest amount of time as it: • considers conceptual and theoretical issues from both an economic and ecological perspective • examines specific strategies to foster the restoration of natural capital and offers a synthesis and a vision of the way forward Nineteen case studies from around the world illustrate challenges and achievements in setting targets, refining approaches to finding and implementing restoration projects, and using restoration of natural capital as an economic opportunity. Throughout, contributors make the case that the restoration of natural capital requires close collaboration among scientists from across disciplines as well as local people, and when successfully executed represents a practical, realistic, and essential tool for achieving lasting sustainable development.

American Restoration Timothy S. Goeglein,Craig Osten,2019-07-02 THIS IS NO TIME TO RUN AND HIDE America seems to be crumbling from within. Having abandoned the Judeo-Christian values that are the foundation of its culture, our nation, in the eyes of many, is going the way of the great civilizations of the past. If our 250-year experiment in ordered liberty has really run its course, is it time to recognize the inevitable, pack up our families, and head for the hills, hunkering down through the dark days to come? Or is there hope for an American restoration? Tim Goeglein and Craig Osten, battle-hardened veterans of the culture wars, know as well as anyone that the decadence is undeniable. But they make the case that an American restoration is not only possible, but probable—if we act now. The key is for Christians to engage with the culture, not flee from it, to be the salt and light that will renew it from within. That engagement must take place especially at the local level, where real spiritual and cultural transformation occurs. If America returns to its spiritual foundations, the tumultuous times we live in will be nothing more than a bumpy detour in our nation's history. This book is a roadmap for the way back. In this clear-eyed but hopeful guide to restoration, Goeglein and Osten explain how patriotic Americans, with God's help, can renew fifteen critical components of our culture. Government will not provide the solutions we desperately need. The solutions lie in our churches, our communities, and our homes. The light for our path is faith. As that light pierces the darkness, America will experience

a reawakening, regeneration, and renewal.

Loved as I Am Sr. Miriam James Heidland SOLT,2014-11-03 When Sr. Miriam James Heidland's life as a successful college athlete proved unfulfilling, she went searching for something deeper and ended up falling in love with Jesus. By charting her own journey toward wholeness, Heidland invites young Catholics to pursue their own relationship with Jesus. Although originally full of athletic ambition and goals for a career in sports news, Heidland was transformed in a very slow but deep way during her undergraduate years, moving from party girl to bride of Christ. In *Loved as I Am: An Invitation to Conversion, Healing, and Freedom through Jesus*, Heidland helps readers learn from her experience of seeking love in the wrong places and instead finding it in Christ. She shares her struggles—learning she was adopted, battling alcoholism, and healing from childhood sexual abuse—as signs of hope that anyone who desires to know Christ can find him and be loved intimately by him in return. By bringing readers into Heidland's healing process, *Loved as I Am* provides a gentle and subtle template for finding peace and freedom in Jesus.

Primer of Ecological Restoration Karen Holl,2020-03-03 The pace, intensity, and scale at which humans have altered our planet in recent decades is unprecedented. Restoration Olaf Olafsson,2012-02-07 "A tremendous talent." —Boston Globe "Restoration is an elegantly constructed work of fiction, seamlessly moving between the past and the present." —Ron Rash, bestselling author of *Serena* Acclaimed novelist Olaf Olafsson brings us *Restoration*, a sweeping story of love tested by human frailty and the terrors and tragedies of war. Departing from the landscapes of his native Iceland—so beautifully evoked in *Absolution*, *The Journey Home*, and other previous works—Olafson sets *Restoration* in the gorgeous Italian hills of Tuscany during the World War Two years of the early 1940s. He captivates readers with a deeply emotional story in the vein of *The English Patient* by Michael Ondaatje, Ian McEwan's *Atonement*, and other contemporary literary classics, spinning a tale of passion, art, war, and betrayal centered around a pair of love triangles and a forged Caravaggio.

Refine and Restore Rachel C. Swanson,2019-10-08 It's time to revive your heart, release your purpose, and have an authentic relationship with God! Women want to live boldly and bravely in their faith, but many feel weighed down by... something. They pretend to live a full life, but wonder why life as a Christian lacks luster. To fill the aches, they feast unknowingly upon consumerism, self-worship, food obsession, seeking love in all the wrong places, and grasping for anything but Jesus. Rachel shows women that in order to renew passion, purpose, and unwavering faith, they must intentionally choose to refine and restore their mind, body, and soul, acknowledging their subtle sins before Jesus. In *REFINE AND RESTORE*, Rachel shares the process of refining sins out of her life, which separated her from deeper intimacy with God, and restoring her heart back to the truth of who God really is. Through personal stories of confession and conviction (refining moments), readers will discover how Rachel found an authentic, vibrant relationship with God (restored wholeness)-inspiring readers to do the same.
