Roulette Strategy - Dozens and Columns Using CONTROL Johnny Depot,2012-10-31 Roulette Strategy -Dozens & Columns using C.O.N.T.R.O.L. teaches the gambler an effective and winning system when playing american roulette. Many casino players are lured to the roulette wheel, but have no idea on how to attack casino roulette. Most players over-bet and make bad decisions like betting on favorite numbers, birthdays and many other foolish things. If you want to play with the roulette odds in your favor, then you need to have a plan. My book provides a complete plan and the best part is it works for casino roulette and internet roulette. It doesn't matter if you like to take a trip to the local casino, go to vegas or play roulette online since our roulette strategy works everywhere. The fact of the matter is that most roulette players lose money. I know, since I used to be one of them. I realized that if I wanted to have a chance at beating the roulette wheel, I needed to change my thinking. I needed to quit dreaming about the wheel barrow full of money I was going to win and start concentrating on how little I would lose. My roulette strategy needed to be simple, but my approach need to change. That's when I invented C.O.N.T.R.O.L. I knew how to play american roulette, but I had no concept of how to bet. C.O.N.T.R.O.L. gave me the answers I needed by answering the important questions like how much money do I bring to play roulette, which plays do I make (no matter if I was playing casino roulette or internet roulette) and how much do I bet. In today's era you can log into your computer and play roulette online twenty four hours a day, seven days a week. You need to have some kind of control (no pun intended) to keep yourself from going broke too fast. C.O.N.T.R.O.L. completes my roulette strategy and teaches mw how to make the most money when things are going good and more importantly when to stop and cut my losses down when things are going bad.

This book won't help you win Roulette online or against a computerized Roulette game. I'm here to show you how to exploit the weaknesses of real Roulette wheels and dealers to create your own personal ATM. Whether you want a skill to impress your friends on Casino night, or a skill that will help you make money for the rest of your life, this book will forever make you look at Roulette differently.

In Cracking the Roulette Wheel, Patrick will show you the exact steps you need to play these systems including: * How to methodically generate potential profits in excess of \$200 per hour.* The amount of money suggested to use.* The proper and disciplined betting sequences and when to jump in on a streak.* How many hours you will want to play to maximize your profits and lower your risks.* How to take advantage of all of the complimentary services that casinos offer high rollers. These are not traditional, basic betting sequences that have been tried and failed for decades nor a Get Rich Quick Scheme but rather a scientific, methodical approach to success. Patrick's systems are based on statistics and numbers, and are the key reasons why his systems work.
