Snake Eyes: A universal RPG system Aron Christensen,Erica Lindquist,2023-04-10 A table-top role-playing game (TTRPG) combines improvisation, tactical gaming, and dramatic stories into a unique pastime that is gaining a well-deserved mainstream audience. There's never been a better time to pick up role-playing, but how to choose what game? There are so many game genres waiting for you, from high fantasy to science fiction and urban fantasy to high school romance and cosmic horror — plus everything beyond and in between. Many gaming systems pick one of these genres to help you build and enjoy a campaign, but every different system and every genre has something to offer. But Snake Eyes is a role-playing system designed to be flexible and to engage your creativity in building games and characters for any genre! A versatile magic system allows for epic fantasy, a mecha-construction system lets you create your own giant robots or science fiction starships, and a martial arts system gives you all the tools you need for an anime-style campaign! Snake Eyes supports any genre of game, but also different levels of complexity. For a simple game, use the stats only. Comfortable with that? Then add in skills. You can play with or without maps, or even without round-by-round combat at all with our crisis system. Or jump right into the middle of it all with traits and complications, custom attacks and equipment! The Snake Eyes system gives players and Storytellers alike not just the pieces to create campaigns, but guidelines for creating custom traits, complications and more. After all, no game system should limit your imagination.

The Role-Playing Society Andrew Byers,Francesco Crocco,2016-03-01 Since the release of Dungeons & Dragons in 1974, role-playing games (RPGs) have spawned a vibrant industry and subculture whose characteristics and player experiences have been well explored. Yet little attention has been devoted to the ways RPGs have shaped society at large over the last four decades. Role-playing games influenced video game design, have been widely represented in film, television and other media, and have made their mark on education, social media, corporate training and the military. This collection of new essays illustrates the broad appeal and impact of RPGs. Topics range from a critical reexamination of the Satanic Panic of the 1980s, to the growing significance of RPGs in education, to the potential for serious RPGs to provoke awareness and social change. The contributors discuss the myriad subtle (and not-so-subtle) ways in which the values, concepts and mechanics of RPGs have infiltrated popular culture.

FLAMES of FREEDOM RPG: Powered by Zweihander Richard Iorio,Daniel D. D. Fox,2021-09-21 FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG. It is the dawn of the American Revolutionary War of 1776. A tangled web of conspiracy spans North America. It does not matter what your creed, color, culture, faith or gender is--all stand together in the war for survival. Every Rebel patriot holds Thomas Paine's Common Sense aloft as they take up arms against the British Empire. The city of Boston is occupied by the Red Coats, surrounded by Rebel militias. But as the revolution has begun, something far more mysterious stirs. Agents of the occult entreat both the Continental Army and British Empire. Freemasons conspire in the City of Brotherly Love. Maryland is in the throes of a witch hunt by the Knights Templar. Amid the chaos, other grim fairy tales have emerged. Ghouls have been tunneling beneath Boston. There are sightings of witches in the Great Dismal Swamp. Indigenous sachem speak of devils who walk among the living. The Leeds Devil haunts the Pine Barrens of New Jersey. And worse still, a shadowy collective called The Mandoag seeks to consume all, Loyalists and Rebels alike. In this game, most people have either chosen to deny the supernatural or rationalize it away. A rare few accept it for what it is to act. You are among those heroes and destined for greatness... or death. This alternative history game includes most of what you need to play: a player's handbook, a game master's guide, a bestiary, and an introductory adventure set in Boston. All that's left are a few friends, pencils and a handful of dice. FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG.âe‹
