Run John Lewis, Andrew Aydin, 2021-08-03 RUN, the Eisner Award-Winner for Best Graphic Memoir, is one of the most heralded books of the year including being named a: New York Times Top 5 YA Books of the Year · Top 10 Great Graphic Novels for Teens (Young Adult Library Services Association) · Washington Post Best Books of the Year · Variety Best Books of the Year · School Library Journal Best Books of the Year · Kirkus Reviews Best Books of the Year · Amazon Best History Book of 2021 • Top Ten Title of the Year (In the Margins Book Award) · In the Margins Book Award for Nonfiction winner · Top Ten Graphic Novels for Adults (American Library Association) · Best Books for Young Readers (U of Penn Graduate School of Education) · Books All Young Georgians Should Read (Georgia Center for the Book) First you march, then you run. From the #1 bestselling, award-winning team behind March comes the first book in their new, groundbreaking graphic novel series, Run: Book One. “Run recounts the lost history of what too often follows dramatic change—the pushback of those who refuse it and the resistance of those who believe change has not gone far enough. John Lewis’s story has always been a complicated narrative of bravery, loss, and redemption, and Run gives vivid, energetic voice to a chapter of transformation in his young, already extraordinary life.” –Stacey Abrams “In sharing my story, it is my hope that a new generation will be inspired by Run to actively participate in the democratic process and help build a more perfect Union here in America.” –Congressman John Lewis The sequel to the #1 New York Times bestselling graphic novel series March—the continuation of the life story of John Lewis and the struggles seen across the United States after the Selma voting rights campaign. To John Lewis, the civil rights movement came to an end with the signing of the Voting Rights Act in 1965. But that was after more than five years as one of the preeminent figures of the movement, leading sit-in protests and fighting segregation on interstate busways as an original Freedom Rider. It was after becoming chairman of SNCC (the Student Nonviolent Coordinating Committee) and being the youngest speaker at the March on Washington. It was after helping organize the Mississippi Freedom Summer and the ensuing delegate challenge at the 1964 Democratic National Convention. And after coleading the march from Selma to Montgomery on what became known as “Bloody Sunday.” All too often, the depiction of history ends with a great victory. But John Lewis knew that victories are just the beginning. In Run: Book One, John Lewis and longtime collaborator Andrew Aydin reteam with Nate Powell—the award-winning illustrator of the March trilogy—and are joined by L. Fury—making an astonishing graphic novel debut—to tell this often overlooked chapter of civil rights history.

Run Ann Patchett, 2007-09-25 Since their mother's death, Tip and Teddy Doyle have been raised by their loving, possessive, and ambitious father. As the former mayor of Boston, Bernard Doyle wants to see his sons in politics, a dream the boys have never shared. But when an argument in a blinding New England snowstorm inadvertently causes an accident that involves a stranger and her child, all Bernard Doyle cares about is his ability to keep his children—all his children—safe. Set over a period of twenty-four hours, Run takes us from the Museum of Comparative Zoology at Harvard to a home for retired Catholic priests in downtown Boston. It shows us how worlds of privilege and poverty can coexist only blocks apart from each other, and how family can include people you've never even met. As in her bestselling novel Bel Canto, Ann Patchett illustrates the humanity that connects disparate lives, weaving several stories into one surprising and endlessly moving narrative. Suspenseful and stunningly executed, Run is ultimately a novel about secrets, duty, responsibility, and the lengths we will go to protect our children.

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Run or Die Kilian Jornet, 2013-07-01 Shortlisted for the 2014 William Hill Sports Book of the Year Award National Geographic Adventurer of the Year 2014 The most dominating endurance athlete of his generation. -- The New York Times An exceptional athlete. A dominating force. An extraordinary person. Kilian Jornet has conquered some of the toughest physical tests on the planet. He has run up and down Mt. Kilimanjaro faster than any other human being, and struck down world records in every challenge that has been proposed, all before the age of 25. Redefining what is possible, Jornet continually pushes the limits of human ability, astonishing competitors with his near-superhuman fitness and ability. Born and raised at 6,000 feet above sea level in the Spanish Pyrenees, Jornet climbed an 11,000 foot mountain -- the highest mountain in the region -- at age 5. Now Jornet adores the mountains with the same ferocity with which he runs them. In Run or Die he shares his passion, inviting readers into a fascinating world rich with the beauty of rugged trails and mountain vistas, the pulse-pounding drama of racing, and an intense love for sport and the landscapes that surround him. In his book, Jornet describes his record-breaking runs at Lake Tahoe, Western States 100, Ultra-Trail du Mont-Blanc, and Mount Kilimanjaro--the first of his ambitious Summits of My Life project in which Jornet will attempt to break records climbing the highest peaks on each continent. In turns inspiring, insightful, candid, and deeply personal, this is a book written from the heart of the world's greatest endurance runner, for whom life presents one simple choice: Run. Or die. Trail running's first true breakout star, [Jornet] has yet to find a record he can't shatter. -- Runner's World

RUN Fitzgerald Matt,2010-05-24 Most serious runners don't realize their potential. They simply stop getting faster and don't understand why. The reason is simple: most runners are unable to run by feel. The best elite runners have learned that the key to faster running is to hear what their bodies are telling them. Drawing on new research on endurance sports, best-selling author Matt Fitzgerald explores the practices of elite runners to explain why their techniques can be effective for all runners. *RUN: The Mind-Body Method of Running by Feel* will help runners reach their full potential by teaching them how to train in the most personalized and adaptable way. Fitzgerald's mind-body method will revolutionize how runners think about training, their personal limits, and their potential. *RUN* explains how to interpret emotional and physical messages like confidence, enjoyment, fatigue, suffering, and aches and pains. *RUN* guides readers toward the optimal balance of intensity and enjoyment, volume and recovery, repetition and variation. As the miles add up, runners will become increasingly confident that they are doing the right training on the right day, from one season to the next. *RUN* marks the start of a better way to train. The culmination of science and personal experience, the mind-body method of running by feel will lead runners to faster, more enjoyable training and racing.

Spirit Run Noé Álvarez,2021-03-02 In this *New York Times* Book Review Editors' Choice, the son of working-class Mexican immigrants flees a life of labor in fruit-packing plants to run in a Native American marathon from Canada to Guatemala in this stunning memoir that moves to the rhythm of feet, labor, and the many landscapes of the Americas (Catriona Menzies-Pike, author of *The Long Run*). Growing up in Yakima, Washington, Noé Álvarez worked at an apple-packing plant alongside his mother, who “slouched over a conveyor belt of fruit, shoulder to shoulder with mothers conditioned to believe this was all they could do with their lives.” A university scholarship offered escape, but as a first-generation Latino college-goer, Álvarez struggled to fit in. At nineteen, he learned about a Native American/First Nations movement called the Peace and Dignity Journeys, epic marathons meant to renew cultural connections across North America. He dropped out of school and joined a group of Dené, Secwépemc, Gitksan, Dakelh, Apache, Tohono O'odham, Seri, Purépecha, and Maya runners, all fleeing difficult beginnings. Telling their stories alongside his own, Álvarez writes about a four-month-long journey from Canada to Guatemala that pushed him to his limits. He writes not only of overcoming hunger, thirst, and fear—dangers included stone-throwing motorists and a mountain lion—but also of asserting Indigenous and working-class humanity in a capitalist society where oil extraction, deforestation, and substance abuse wreck communities. Running through mountains, deserts, and cities, and through the Mexican territory his parents left behind, Álvarez forges a new relationship with the land, and with the act of running, carrying with him the knowledge of his parents' migration, and—against all odds in a society that exploits his body and rejects his spirit—the dream of a liberated future. This book is not like any other out there. You will see this country in a fresh way, and you might see aspects of your own soul. A beautiful run. —Luís Alberto Urrea, author of *The House of Broken Angels* When the son of two Mexican immigrants hears about the Peace and Dignity Journeys—'epic marathons meant to renew cultural connections across North America'—he's compelled enough to drop out of college and sign up for one. *Spirit Run* is Noé Álvarez's account of the four months he spends trekking from Canada to Guatemala alongside Native Americans representing nine tribes, all of whom are seeking brighter futures through running, self-exploration, and renewed relationships with the land they've traversed. —*Runner's World*, Best New Running Books of 2020 An anthem to the landscape that holds our identities and traumas, and its profound power to heal them. —Francisco Cantú, author of *The Line Becomes a River*

The Incomplete Book of Running Peter Sagal,2019-09-10 Peter Sagal, the host of NPR's *Wait Wait...Don't Tell Me!* and a popular columnist for *Runner's World*, shares “commentary and reflection about running with a deeply felt personal story, this book is winning, smart, honest, and affecting. Whether you are a runner or not, it will move you” (Susan Orlean). On the verge of turning forty, Peter Sagal—brainiac Harvard grad, short bald Jew with a disposition towards heft, and a sedentary star of public radio—started running seriously. And much to his own surprise, he kept going, faster and further, running fourteen marathons and logging tens of thousands of miles on roads, sidewalks, paths, and trails all over the United States and the world, including the 2013 Boston Marathon, where he crossed the finish line moments before the bombings. In *The Incomplete Book of Running*, Sagal reflects on the trails, tracks, and routes he's traveled, from the humorous absurdity of running charity races in his underwear—in St. Louis, in February—or attempting to “quiet his colon” on runs around his neighborhood—to the experience of running as a guide to visually impaired runners, and the triumphant post-bombing running of the Boston Marathon in 2014. With humor and humanity, Sagal also writes about the emotional experience of running, body image, the similarities between endurance sports and sadomasochism, the legacy of running as passed down from parent to child, and the odd but extraordinary bonds created between strangers and friends. The result is “a brilliant book about running...What Peter runs toward is strength, understanding, endurance, acceptance, faith, hope, and charity” (P.J.

O'Rourke).

And, unbelievably, she's also a former meth addict. After two years of addiction, Catra is busted while selling, and a night in jail is enough to set her straight.
