The Book of Lies Brad Meltzer,2008-09-02 Brad Meltzer--author of the #1 New York Times bestseller *The Book of Fate*--returns with his most thrilling and emotionally powerful novel to date. In Chapter Four of the Bible, Cain kills Abel. It is the world's most famous murder. But the Bible is silent about one key detail: the weapon Cain used to kill his brother. That weapon is still lost to history. In 1932, Mitchell Siegel was killed by three gunshots to his chest. While mourning, his son dreamed of a bulletproof man and created the world's greatest hero: Superman. And like Cain's murder weapon, the gun used in this unsolved murder has never been found. Until now. Today in Fort Lauderdale, Florida, Cal Harper comes face-to-face with his family's greatest secret: his long-lost father, who's been shot with a gun that traces back to Mitchell Siegel's 1932 murder. But before Cal can ask a single question, he and his father are attacked by a ruthless killer tattooed with the ancient markings of Cain. And so begins the chase for the world's first murder weapon. What does Cain, history's greatest villain, have to do with Superman, the world's greatest hero? And what do two murders, committed thousands of years apart, have in common? This is the mystery at the heart of Brad Meltzer's riveting and utterly intriguing new thriller

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled *The Last Lecture*. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—*Really Achieving Your Childhood Dreams*—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

No One Is Coming to Save Us Stephanie Powell Watts, 2017-04-04 *THE INAUGURAL SARAH JESSICA PARKER PICK FOR BOOK CLUB CENTRAL* CHOSEN AS A 2017 BEST SUMMER READ PICK BY The Wall Street Journal • The Washington Post • The Seattle Times NAMED ONE OF THE MOST ANTICIPATED BOOKS OF 2017 BY Entertainment Weekly • Nylon • Elle • Redbook • W Magazine • The Chicago Review of Books JJ Ferguson has returned home to Pinewood, North Carolina, to build his dream house and to pursue his high school sweetheart, Ava. But as he reenters his former world, where factories are in decline and the legacy of Jim Crow is still felt, he's startled to find that the people he once knew and loved have changed just as much as he has. Ava is now married and desperate for a baby, though she can't seem to carry one to term. Her husband, Henry, has grown distant, frustrated by the demise of the furniture industry, which has outsourced to China and stripped the area of jobs. Ava's mother, Sylvia, caters to and meddles with the lives of those around her, trying to fill the void left by her absent son. And Don, Sylvia's unworthy but charming husband, just won't stop hanging around. JJ's return—and his plans to build a huge mansion overlooking Pinewood and woo Ava—not only unsettles their family, but stirs up the entire town. The ostentatious wealth that JJ has attained forces everyone to consider the cards they've been dealt, what more they want and deserve, and how they might go about getting it. Can they reorient their lives to align with their wishes rather than their current realities? Or are they all already resigned to the rhythms of the particular lives they lead? No One Is Coming to Save Us is a revelatory debut from an insightful voice: with echoes of *The Great Gatsby* it is an arresting and powerful novel about an extended African American family and their colliding visions of the American Dream. In evocative prose, Stephanie Powell Watts has crafted a full and stunning portrait that combines a universally resonant story with an intimate glimpse into the hearts of one family.

Leaders Eat Last Simon Sinek, 2017-05-23 Finally in paperback: the New York Times bestseller by the acclaimed, bestselling author of *Start With Why* and *Together is Better*. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video *Millennials in the workplace* (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. Officers eat last, he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort--even their own survival--for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a Circle of Safety that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking.
