An encyclopedia of the unnatural. The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold: Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior.

SCP Foundation - Foundation Handbook - Peter Defort, 2019-08-27 Mankind in its present state has been around for a quarter of a million years, yet only the last 4,000 have been of any significance. So, what did we do for nearly 250,000 years? We huddled in caves and around small fires, fearful of the things that we didn't understand. It was more than explaining why the sun came up, it was the mystery of enormous birds with heads of men and rocks that came to life. So we called them 'gods' and 'demons', begged them to spare us, and prayed for salvation. In time, their numbers dwindled and ours rose. The world began to make more sense when there were fewer things to fear, yet the unexplained can never truly go away, as if the universe demands the absurd and impossible. Mankind must not go back to hiding in fear. No one else will protect us, and we must stand up for ourselves. While the rest of mankind dwells in the light, we must stand in the darkness to fight it, contain it, and shield it from the eyes of the public, so that others may live in a sane and normal world. We secure. We contain. We protect. -- The Administrator

Social Animals Neoxenok,2021-10-11 Becoming an employee for the SCP Foundation is no small thing. For Dr. Joseph Taylor, it was the moment his life changed forever. Aside from the secrecy and focus on security, it didn't seem that different from what he would have expected from a secretive organization. The first project he and a team of colleagues are given involves an anomalous wormhole: a gateway to a parallel Earth. It does not take long until it becomes apparent just how dangerous this other world is. It is so dangerous, in fact, that Dr. Taylor and his colleagues may be moved off the project entirely as they scrap their plans for the new facility Dr. Taylor was supposed to be a part of. However, when a Foundation prisoner escapes during the initial containment operations of the anomaly, Dr. Taylor sees an opportunity. Eager to prove his worth, impress his superiors, and advance his career, Dr. Taylor volunteers to find the prisoner and study this world in detail before the wormhole is permanently closed. Now, Dr. Taylor must find the escaped prisoner, study how this world came to be the way it is and the all-powerful architects of the new shape this world has taken, and return home without being found. If he fails, our world may suffer a fate worse than total extinction.

SCP Foundation , As an agent at the SCP Foundation, you quickly realize that you're part of a world that's as bewildering as it is terrifying, a reality that very few are aware of or can comprehend. But this strange and uncanny reality is the one I've chosen to dedicate my life to, and every day, I bear witness to phenomena that both challenge my understanding of the universe and underscore the enormous responsibility we shoulder. I am Agent 3096, and these entries are my attempt to

document my journey in this extraordinary organization. The SCP Foundation is much more than its stark acronym would suggest - Secure, Contain, Protect - it's a sentinel against the inexplicable, an ark of the anomalous, a bastion against the bizarre. We stand guard between humanity and the multitude of unexplained entities and phenomena that exist in our world. The journal you're about to read isn't a detailed report of each anomaly or a thorough analysis of our operations. These entries are personal reflections, brief snapshots of daily life within the Foundation, and the impact these experiences have on me, both as an agent and as a human being. They capture moments of terror, of wonder, of realization, and of loss. From the awe-inspiring to the horrifying, from the benign to the malevolent, the SCPs I encounter are a constant reminder of the immense diversity of the universe, and of our limited understanding of it.

Scp Ravyn Karasu,2021-04-11 Secure. Contain. Each story focuses on a different SCP.Stories included are:1. Please (SCP-035)2. Behold (SCP-096)3. The Right to Bear Arms (SCP-2295)
