Scratched Elizabeth Tallent,2020-02-25 “Reading Scratched gave me the feeling of standing very close to a blazing fire. It is that brilliant, that intense, and one of the finest explorations I know of what it means to be a woman and an artist.”—Sigrid Nunez, author of The Friend and Winner of the National Book Award for Fiction In this bold and brilliant memoir, the acclaimed author of the novel Museum Pieces and the collection Mendocino Fire explores the ferocious desire for perfection which has shaped her writing life as well as her rich, dramatic, and constantly surprising personal life. In the decade between age twenty-seven and thirty-seven, Elizabeth Tallent published five literary books with Knopf, her short stories appeared in The New Yorker, and she secured a coveted teaching job at Stanford University. But this extraordinary start to her career was followed by twenty-two years of silence. She wrote —or rather published— nothing at all. Why? Scratched is the remarkable response to that question. Elizabeth’s story begins in a hospital in mid-1950s suburban Washington, D.C., when her mother refuses to hold her newborn daughter, shocking behavior that baffles the nurses. Imagining her mother’s perfectionist ideal at this critical moment, Elizabeth moves back and forth in time, juxtaposing moments in the past with the present in this innovative and spellbinding narrative. She traces her journey from her early years in which she perceived herself as “the child whose flaws let disaster into an otherwise perfect family,” to her adulthood, when perfectionism came to affect everything. As she toggles between teaching at Stanford in Palo Alto and the Mendocino coast where she lives, raises her son Gabriel, and pursues an important psychoanalysis, Elizabeth grapples with the ferocious desire for perfection which has shaped her personal life and writing life. Eventually, she finds love and acceptance in the most unlikely place, and finally accepts an “as is” relationship with herself and others. Her final triumph is the writing of this extraordinary memoir, filled with wit, humor, and heart—a brave book that repeatedly searches for the emotional truth beneath the conventional surface of existence.

Scritch Scratch Lindsay Currie,2020-09-01 This is a teeth-chattering, eyes bulging, shuddering-and-shaking, chills-at-the-back-of-your-neck ghost story. I loved it!—R.L. Stine, author of the Goosebumps series For fans of Small Spaces and the Goosebumps series by R.L Stine comes a chilling ghost story based on real Chicago history about a malevolent spirit, an unlucky girl, and a haunting mystery that will tie the two together. She thinks she's made it through when she sees a boy with a sad face and dark eyes at the back of the bus. There's something off about his presence, especially because when she checks at the end of the tour...he's gone. little scratch Rebecca Watson,2020-08-11 Extraordinary--THE NEW YORKER In the formally innovative tradition of Grief Is the Thing with Feathers and Ducks, Newburyport comes a dazzlingly original, shot-in-the-arm of a debut that reveals a young woman's every thought over the course of one deceptively ordinary day. She wakes up, goes to work. Watches the clock and checks her phone. But underneath this monotony there's something else going on: something under her skin. Relayed in interweaving columns that chart the feedback loop of memory, the senses, and modern distractions with wit and precision, our narrator becomes increasingly anxious as the day moves on: Is she overusing the heart emoji? Isn't drinking eight glasses of water a day supposed to fix everything? Why is the etiquette of the women's bathroom so fraught? How does she define rape? And why can't she stop scratching? Fiercely moving and slyly profound, little scratch is a defiantly playful look at how our minds function in--and survive--the darkest moments.

Scratch Manjula Martin,2017-01-03 A collection of essays from today’s most acclaimed authors—from Cheryl Strayed to Roxane Gay to Jennifer Weiner, Alexander Chee, Nick Hornby, and Jonathan Franzen—on the realities of making a living in the writing world. In the literary world, the debate around writing and commerce often begs us to take sides: either writers should be paid for everything they do or writers should just pay their dues and count themselves lucky to be published. You should never quit your day job, but your ultimate goal should be to quit your day job. It’s an endless, confusing, and often controversial conversation that, despite our bare-it-all culture, still remains taboo. In Scratch, Manjula Martin has gathered interviews and essays from established and rising authors to confront the age-old question: how do creative people make money? As contributors including Jonathan Franzen, Cheryl Strayed, Roxane Gay, Nick Hornby, Susan Orlean, Alexander Chee, Daniel Jose Older, Jennifer Weiner, and Yiyun Li candidly and emotionally discuss money, MFA programs, teaching fellowships, finally getting published, and what success really means to them, Scratch honestly addresses the tensions between writing and money, work and life, literature and commerce. The result is an entertaining and inspiring book that helps readers and writers understand what it’s really like to make art in a world that runs on money—and why it matters. Essential reading for aspiring and experienced writers, and for anyone interested in the future of literature, Scratch is the perfect bookshelf companion to On Writing, Never Can Say Goodbye, and MFA vs. NYC.

Scratched J. J. Partridge, 2014-11 When Algy Temple, pool player, sleuth and Ivy League university lawyer, investigates the highly suspicious death of a retired university don, his contemporaneous involvement in a high stakes pool tournament in Providence becomes a tiresome, contentious obligation that must be endured. As he delves into the life of the deceased, he unexpectedly finds himself on a path that leads him to Rome, the vendetta-ridden Boot of Italy and into a haunted past of corruption and conspiracy with a linkage to the tournament, gambling, shylocks, and mobsters unexpected even in Providence where old world shadows hang heavy in the air. Add an abduction, a Ponzi, an outraged Italo-American community locked in a culture war with the University, a hustler's last gambit for recognition, and a fiancé focused on their wedding in two weeks, his investigation becomes a match of wits with a dead man, and a pool wager of life and death.
