Breaking In Lee Jessup,2017-03-31 Breaking In: Tales from the Screenwriting Trenches is a no-nonsense, boots-on-the-ground exploration of how writers REALLY go from emerging to professional in today's highly saturated and competitive screenwriting space. With a focus on writers who have gotten representation and broken into the TV or feature film space after the critical 2008 WGA strike and financial market collapse, the reader will learn from tangible examples of how success was achieved via hard work and specific methodology. This book includes interviews from writers who wrote major studio releases (The Boy Next Door), staffed on television shows (American Crime, NCIS New Orleans, Sleepy Hollow), sold specs and television shows, placed in competitions, and were accepted to prestigious network and studio writing programs. These interviews are presented as Screenwriter Spotlights throughout the book and are supported by insight from top-selling agents and managers (including those who have sold scripts and pilots, had their writers named to prestigious lists such as The Black List and The Hit List) as well as working industry executives. Together, these anecdotes, learnings and perceptions, tied in with the author's extensive experience in and knowledge of the industry, will inform the reader about how the industry REALLY works, what it expects from both working and emerging writers, as well as what next steps the writer should engage in, in order to move their screenwriting career forward.

How to Sell Your Screenplay Carl Sautter,1992 An Emmy Award nominee and former Moonlighting story editor gives smart, timely inside information on how to successfully market a film

or TV screenplay in this handy guide.

Good in a Room Stephanie Palmer, 2008-03-11 Whether you work in Hollywood or not, the fact is that selling ideas is really difficult to do. The reason the pitching secrets of the most successful writers and directors are relevant is because these people have evolved an advanced method for selling ideas. Whether you're a screenwriter, a journalist with an idea for a story, an entrepreneur with a business plan, an inventor with a blueprint, or a manager with an innovative solution, if you want other people to invest their time, energy, and money in your idea, you face an uphill battle.... When I was at MGM, the hardest part of my job was not cutthroat studio politics or grueling production schedules. The toughest part of my job was whenever I had to say "No" to an idea that was almost there. I had to say no a lot. Every buyer does. The buyer's work is to say yes to projects that are ready, not almost ready. And no matter how good the script is, if the seller can't pitch it in a compelling way, how can the buyer see the potential? How can he get his colleagues on board? How can he recommend the seller to his superiors? The fact is that poor pitches doom good projects. It happens all the time. The ideas, products and services that are pitched more effectively... win. That's just how the game is played. No sense getting upset over it. Instead, let's accept the challenge and learn the strategies and tactics that will allow us (and our ideas) to succeed. -From *GOOD IN A ROOM* Business consultant and former MGM Director of Creative Affairs Stephanie Palmer reveals the techniques used by Hollywood's top writers, producers, and directors to get financing for their projects - and explains how you can apply these techniques to be more successful in your own high-stakes meetings. Because, as Palmer has found, the strategies used to sell yourself and your ideas in Hollywood not only work in other businesses, they often work better. Whether you are a manager or executive with an innovative proposal, a professional with a hot concept, a salesperson selling to a

potential client or investor, or an entrepreneur with a business plan, GOOD IN A ROOM shows you how to: Master the five stages of the face-to-face meeting Avoid the secret dealbreakers of the first ninety seconds Be confident in high-pressure situations Present yourself better and more effectively than you ever have before Whether you want to ask for a raise, grow your client list, launch a new business or find financing for a creative project, you must not only present your ideas in a compelling way - you must also sell yourself, as well. GOOD IN A ROOM shows you how to construct a winning presentation and deliver the kind of performance that will get your project greenlighted, whatever industry you are in.

The Nutshell Technique Jill Chamberlain, 2016-03-01 Veteran script consultant Jill Chamberlain discovered in her work that an astounding 99 percent of first-time screenwriters don't know how to tell a story. These writers may know how to format a script, write snappy dialogue, and set a scene. They may have interesting characters and perhaps some clever plot devices. But, invariably, while they may have the kernel of a good idea for a screenplay, they fail to tell a story. What the 99 percent do instead is present a situation. In order to explain the difference, Chamberlain created the Nutshell Technique, a method whereby writers identify eight dynamic, interconnected elements that are required to successfully tell a story. Now, for the first time, Chamberlain presents her unique method in book form with The Nutshell Technique: Crack the Secret of Successful Screenwriting. Using easy-to-follow diagrams ("nutshells"), she thoroughly explains how the Nutshell Technique can make or break a film script. Chamberlain takes readers step-by-step through thirty classic and contemporary movies, showing how such dissimilar screenplays as *Casablanca*, *Chinatown*, *Pulp Fiction*, *The Usual Suspects*, *Little Miss Sunshine*, *Juno*, *Silver Linings Playbook*, and *Argo* all have the same system working behind the scenes, and she teaches readers exactly how to apply these principles to their

own screenwriting. Learn the Nutshell Technique, and you'll discover how to turn a mere situation into a truly compelling screenplay story.

The Screenwriter's Handbook Barry Turner, 2008-01-08 Encompassing thousands of entries that cover every aspect of the screenwriter's trade, a valuable resource features articles, essays, advice, and insider's tips from leading scriptwriters on topics including British and U.S. film and TV companies, agents, contracts, copyrights, markets, and more. Magnus the Magnificent Kimberly Manky, 2017-02 Young Magnus, the son of an agoraphobic mother and a mysteriously absent father arrives home to find a package that turns his world upside-down. Magnus the Magnificent is a heart-warming and whimsical tale, set in England in the 1950s.

The Moral Premise Stanley D. Williams, 2006 'The Moral Premise: Harnessing Virtue and Vice for Box Office Success' reveals the foundational concept at the heart of all successful box office movies and other stories. It is a principle that has been passed down from ancient times. It is a principle that

modern research has shown is in all great stories that connect with audiences. If you ignore this principle, your story is doomed. But if you consistently apply it to each character, scene, and dramatic beat, it is the principle that will empower your storytelling, and illuminate all the other techniques you bring to the craft. It is the guiding principle of writing that allows films and all stories to be great.

Crazy Screenwriting Secrets Weiko Lin, 2019 Through a Crazy approach in writing the feature screenplay, the first half of the book guides the reader in how to create and develop: Story Idea, Characters, One Page Step Outline, and the solid script. In the second half, the book covers professional business side of the ever-changing industry by taking the reader through the work flow of Hollywood and explores how to work creatively with international countries like China in producing movies that resonate with a global audience.

Screenwriting Paul Joseph Gulino, 2013-09-23 The great challenge in writing a feature-length screenplay is sustaining audience involvement from page one through 120. Screenwriting: The Sequence Approach expounds on an often-overlooked tool that can be key in solving this problem. A screenplay can be understood as being built of sequences of about fifteen pages each, and by focusing on solving the dramatic aspects of each of these sequences in detail, a writer can more easily conquer the challenges posed by the script as a whole. The sequence approach has its foundation in early Hollywood cinema (until the 1950s, most screenplays were formatted with sequences explicitly identified), and has been rediscovered and used effectively at such film schools as the University of Southern California, Columbia University and Chapman University. This book exposes a wide audience to the approach for the first time, introducing the concept then providing a sequence analysis of eleven significant feature films made between 1940 and 2000: *The Shop Around The Corner* / *Double Indemnity* / *Nights of Cabiria* / *North By Northwest* / *Lawrence of Arabia* / *The*

Immodest Acts Judith C. Brown, 1986-12-11 The discovery of the fascinating and richly documented story of Sister Benedetta Carlini, Abbess of the Convent of the Mother of God, by Judith C. Brown was an event of major historical importance. Not only is the story revealed in *Immodest Acts* that of the rise and fall of a powerful woman in a church community and a record of the life of a religious visionary, it is also the earliest documentation of lesbianism in modern Western history. Born of well-to-do parents, Benedetta Carlini entered the convent at the age of nine. At twenty-three, she began to have visions of both a religious and erotic nature. Benedetta was elected abbess due largely to these visions, but later aroused suspicions by claiming to have had supernatural contacts with Christ. During the course of an investigation, church authorities not only found that she had faked her visions and stigmata, but uncovered evidence of a lesbian affair with another nun, Bartolomeo. The story of the relationship between the two nuns and of Benedetta's fall from an abbess to an outcast is

revealed in surprisingly candid archival documents and retold here with a fine sense of drama.
