📖 [Flip the Script](#) Christian P. Acker, 2013 Distinctive hand style lettering is an essential skill for artists and designers. Deftly executed hand crafted letter forms are a nearly forgotten art in an age of endless free fonts. Graffiti is one of the last reservoirs of highly refined, well-practiced penmanship. Within the pages of Flip the Script, the best hand styles are analysed, contextualising the work of graffiti writers from around America. Author Acker presents the various lettering samples in a clean organized format, giving the material a proper, formal treatment evoking classic typography books.

📖 [Flip the Script](#) Oren Klaff, 2019-08-13 The bestselling author of Pitch Anything is back to flip your entire approach to persuasion. Is there anything worse than a high-pressure salesperson pushing you to say yes (then sign on the dotted line) before you're ready? If there's one lesson Oren Klaff has learned over decades of pitching, presenting, and closing long-shot, high-stakes deals, it's that people are sick of being marketed and sold to. Most of all, they hate being told what to think. The more you push them, the more they resist. What people love, however, is coming up with a great idea on their own, even if it's the idea you were guiding them to have all along. Often, the only way to get someone to sign is to make them feel like they're smarter than you. That's why Oren is throwing out the old playbook on persuasion. Instead, he'll show you a new approach that works on this simple insight: Everyone trusts their own ideas. If, rather than pushing your idea on your buyer, you can guide them to discover it on their own, they'll believe it, trust it, and get excited about it. Then they'll buy in and feel good about the chance to work with you. That might sound easier said than done, but Oren has taught thousands of people how to do it with a series of simple steps that anyone can follow in any situation. And as you'll see in this book, Oren has been in a lot of different situations. He'll show you how he got a billionaire to take him seriously, how he got a venture capital firm to cough up capital, and how he made a skeptical Swiss banker see him as an expert in banking. He'll even show you how to become so compelling that buyers are even more attracted to you than to your product. These days, it's not enough to make a great pitch. To get attention, create trust, and close the deal, you need to flip the script.

📖 [Writing the Script](#) Wells Root, 1980 This essential guide to writing for the screen goes step-by-step through the process of getting the script on paper, and then onto the screen. -- From product description.

📖 [The Complete Guide to Standard Script Formats](#), 2002 Important as it is that there be a script, equally important is the necessity for that script to be written in the correct standard format appropriate for a given filming situation. This book gives step-by-step instructions on how to prepare your script in the standard format used in the industry.

📖 [Finish the Script!](#) Scott King, 2013-12-17 Based on actual class lectures and assignments, Finish the Script! offers an inside look into the screenwriting process as it's author writes a screenplay from scratch along with the reader. By taking a step-by-step approach to writing, Finish the Script!, ditches theory and focuses on the actual process. It's a full college course squeezed into a book, complete with exercises and sample assignments. It shows how messy first drafts can be and how to fix problems and mistakes when doing a rewrite. Stop worrying about getting the perfect treatment, exact structure, or fitting your story into a generic mold and start writing because it's the only way you'll finish your script.

📖 [The Palgrave Handbook of Script Development](#) Stacy Taylor, Craig Batty, 2022-01-04 The Palgrave Handbook of Script Development provides the first comprehensive overview of international script development practices. Across 40 unique chapters, readers are guided through the key challenges, roles and cultures of script development, from the perspectives of creators of original works, those in consultative roles and those giving broader contextual case studies. The authors take us inside the writers' room, alongside the script editor, between development conversations, and outside the mainstream and into the experimental. With authors spanning upwards of 15 countries, and occupying an array of roles – including writer, script editor, producer, script consultant, executive, teacher and scholar, this is a truly international perspective on how script development functions (or otherwise) across media and platforms. Comprising four parts, the handbook guides readers behind the scenes of script development, exploring unique contexts, alternative approaches, specific production cultures and global contexts, drawing on interviews, archives, policy, case study research and the insider track. With its broad approach to a specialised practice, the Palgrave Handbook of Script Development is for anyone who practices, teaches or studies screenwriting and screen production.

📖 [Flipping the Script](#) A. J. Gibson, 2018 Life is complicated and messy, but every now and then life gives you a syndicated talk show on a major network - and then fires your ass for not being gay enough. Then it sends your born-again Christian sister to take you out to lunch on your birthday, only to tell you she suddenly believes you can pray your gay away and that your show was shit anyways because you weren't using it to do anything for Christ. Then again, that specific situation may have only happened to AJ Gibson.... Either way, he knows what it's like when life feels like a rollercoaster, and in his self-help book Flipping the Script, he's not going to sugar-coat the truth. After all, this isn't Hollywood. Er... anymore. Know you're not alone: AJ's journey from a closeted gay boy from Ohio to that guy that people kinda, sorta recognize from Hollywood and TV seems glossy, but the truth is anything but. In Flipping the Script, AJ shows how his life has been a series of lemons. Every time he thinks he's in the clear, he finds a new way to crash and burn. Let's just say insecurity was once a pretty close friend of his. So he knows what you feel like. Really, he does. Luckily he's pretty smart

AND MODERATELY WITTY, ALWAYS FINDING HIS WAY OUT OF LIFE’S ROCK BOTTOM MOMENTS - AND YOU CAN TOO--PROVIDED BY PUBLISHER.
