World War II Sea War, Vol 9: Wolfpacks Muzzled Gordon Smith,Don Kindell,Donald A. Bertke,2016-04-10 This volume covers day-to-day naval actions during March-June 1943. The Allies attacked German U-boats day and night, forcing their withdrawal from the vital North Atlantic convoy routes, clearing the way for the eventual invasion of Europe from Britain. In the Bismarck Sea, Allied aircraft destroyed an entire Japanese troop convoy bound for New Guinea. In the Komandorski Islands, the U.S. Navy engaged a superior Japanese force and out fought them. After this loss, the Japanese commander was fired in disgrace. The Allies isolated the German and Italian troops fighting in Tunisia with an air and sea blockade. Without support from Italy, Tunisia fell. U.S. aircraft ambushed Japanese Admiral Yamamoto while he was en route to an inspection visit in the Solomon Islands. The U.S. 7th Infantry Division liberated Attu Island in the Aleutian Islands.

Highlights of this action-filled volume include: Minute-by-minute detail of Japanese attack on Pearl Harbor; Japanese attacks on Wake Island, Luzon, Hong Kong, Malaya, Burma, etc., early attacks by US Navy subs in the Pacific; Russian Black Sea Fleet landing troops in the Crimea; continuing naval struggle in the Mediterranean; German U-boat attacks along the US Atlantic coast; Japanese attacks on US Pacific coast; American-British-Dutch-Australian Command battles the superior forces of the Imperial Japanese Navy; and the Battle of the Java Sea and the Battle of Sunda Strait.

World War II Sea War, Vol 6: The Allies Halt the Axis Advance Donald A Bertke,Gordon Smith,Don Kindell,2014-05-17 Major Pacific actions from April through August 1942 include the Japanese attack on Ceylon, the Doolittle Raid on Japan, the battle of the Coral Sea, the battle of Midway Island, the U.S. landing on Guadalcanal, the battle of Savo Island, and the battle of the eastern Solomon Islands. Arctic actions include battle for convoy PQ.17. In Mediterranean, the Royal Navy interdicts Axis supply lines along Libyan and Egyptian coasts. In the Atlantic, the U.S. implements convoys along the East Coast.

World War II Sea War, Volume 13: New Guinea, Normandy and Saipan Don Kindell,Donald A. Bertke,Gordon Smith,2018-12-08 In April, May and June 1944, there were three major areas of naval conflict: In New Guinea: United States (US) and Australian forces landed at Aitape and Hollandia, then at Arare, Wakde and Biak Island. In Europe: The battle for the control of the English Channel heated up. The German navy attacked what they thought was an Allied convoy along the English southwestern coast. They had actually stumbled upon Operation TIGER, the Allied training exercise for the upcoming Normandy landing. RAF Bomber Command mined Biscay, Bretagne, La Pallice, Lorient, Brest, Cherbourg, Le Havre, Den Helder, Texel, the Friesian Islands, the German Bay, Kattegat, Kiel, Swinemünde, Gotenhafen, and Pillau. The Allies initiated Operation NEPTUNE to conceal the real Allied landing location from the Germans. All this culminated in the Allied landing in Normandy, France, in Operation OVERLORD. In the Pacific: The US landed on Saipan, considered Japanese territory, in Operation FORAGER, which caused the Battle of the Philippine Sea.

World War II Sea War, Vol 7: The Allies Strike Back Donald A Bertke,Gordon Smith,Don Kindell,2014-12-23 From September through November 1942, the Allies defeated the Axis forces on all active fronts. On land, the British defeated Rommel in Operation SUPERCHARGE, the US Marines defeated the Japanese on Guadalcanal, and the Russians trapped the German Sixth Army at Stalingrad and disrupted the entire Axis southern front in Russia. At sea, the Royal Navy landed desperately needed supplies on Malta in Operations PEDESTAL and STONEAGE; the USN defended the US Marines on Guadalcanal from a Japanese attack in the Battle of Cape Esperance; the Allies landed troops at Morocco and Algeria in Operation TORCH; USN cruisers sank a Japanese battleship in the 1st Battle of Savo Island; the 2nd Battle of Savo Island was the only battleship-to-battleship engagement of the war in the Pacific; the Battle of the North Atlantic increased in intensity; and the Germans tried to capture the French Fleet at Toulon, France, in Operation ANTON, only to arrive as the ships sank beneath the sea.

The Great Sea War: The Story Of Naval Action In World War II E. B. Potter,Fleet-Admiral Chester W. Nimitz,2015-11-06 A brilliant, concise and, perhaps, best single volume history of the Second World War at Sea. Written by veteran historian E. B. Potter during his time as resident historian at the United States Naval Academy this history is filled with action and analysis. As the conflict raged from the Pacific to the North Sea the author takes the action in each theater for the purposes of clarity but masterfully links the actions and events together to preserve the historical integrity of the work. A classic of Naval History.

World War II Sea War, Volume 3: The Royal Navy is Bloodied in the Mediterranean Donald A Bertke,Gordon Smith,Don Kindell,2012-05-15 Day-to-day naval actions from October 1940 through May 1941. Provides detailed information on movements of all identifiable vessels of Allied, Axis, and neutral countries, plus convoy movements and minefields. Information is broken down by month, then by geographical area, date, and time. This series is an invaluable source for historians, students, and anyone interested in the naval history of World War II.

Winter Sea Alan Ross,2013-04-18 'This is Alan Ross's fourth volume of autobiography (following on from Blindfold Games, Coastwise Lights, and After Pusan)... Winter Sea, like his previous volumes, is an intriguing mix of memoir, poetry, and travel writing.' PN Review 'Fragmentary and delightfully idiosyncratic... [Winter Sea] has a distinctly maritime flavour, and the wartime memories recalled after 50 years mostly concern North Sea or Baltic cities... The smell of the Baltic, Ross writes, is 'a fusion of salt, sand dunes, pine trees and tar'... Wherever Ross travels, he has a book in his pocket, and more often than not his reading is by way of homage to a native poet or writer... The symphonic quality of this wistful and, at times, very moving collection is maintained with a final section of 15 new poems, mostly relating to the author's more recent travels. Winter Sea is a book to savour; Alan Ross brings history to life as only a poet can.' Euan Cameron, Independent

WORLD WAR II SEA WAR: FRANCE FALLS, BRITAIN STANDS ALONE: Day-to-Day Naval Actions from April 1940 through September 1940 Donald A. Bertke,Don Kindell,Gordon Smith,2011-07-31 Day-to-Day Naval Actions April 1940 through September 1940

World War II Sea War, Vol 8: Guadalcanal Secured Donald A Bertke,Gordon Smith,Don Kindell,2015-09 Volume 8 documents the swing of battle from the Axis to the Allies from December 1942 thru February 1943 as naval actions forced the Japanese to begin their retreat and their efforts to forestall the inevitable. Meanwhile, naval actions slowly strangled the Axis nations in Europe and led them to the road of defeat. Specific events include: * The last naval battles for Guadalcanal. * The IJN's secret evacuation of the Japanese Army from Guadalcanal. * The Russian encirclement and destruction of the German Sixth Army at Stalingrad. * The German counterattacks against the much larger Russian Army in the Ukraine. * The Battle of the North Atlantic between Allied convoy escorts and German U-boats. * The Allies' advance to trap German and Italian troops in Tunisia. * Intense

actions in the Arctic Ocean as the German surface fleet tried to destroy the Arctic Convoys. * Increased attacks by USN submarines on Japanese shipping.
