PostSecret Frank Warren,2005-11-29 The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative. It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them graphic haiku, beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, *PostSecret* took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.

The Secret Rhonda Byrne,2011-07-07 The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

The Black Book of Secrets F. E. Higgins,2010-07-20 A boy arrives at a remote village in the dead of night. His name is Ludlow Fitch—and he is running from a most terrible past. What he is about to learn is that in this village is the life he has dreamed of—a safe place to live, and a job, as the assistant to a mysterious pawnbroker who trades people's deepest, darkest secrets for cash. Ludlow's job is to neatly transcribe the confessions in an ancient leather-bound tome: The Black Book of Secrets. Ludlow yearns to trust his mentor, who refuses to disclose any information on his past experiences or future intentions. What the pawnbroker does not know is, in a town brimming with secrets, the most troubling may be held by his new apprentice.

Odette's Secrets Maryann Macdonald,2013-02-26 For Jews in Nazi-occupied Paris, every day brings new dangers. So when Odette's father is thrown into a work camp and the Nazis suspect her mother of helping the Resistance, Odette is sent to the French countryside until it is safe to return. On the surface, Odette leads the life of a regular girl, going to school, doing chores, even attending Catholic masses with other children. But inside, she is burning with secrets for the life she left behind, and the identity she must hide at all costs. Yet when the war ends, the cost of keeping secrets takes an unexpected toll: can Odette return to Paris as a Jew, or has she changed too much? Inspired by the life of the real Odette Meyer, this moving free-verse novel is a story of triumph over adversity.

Deep Secrets Niobe Way,2011-08-15 “Boys are emotionally illiterate and don’t want intimate friendships.” In this empirically grounded challenge to our stereotypes about boys and men, Niobe Way reveals the intense intimacy among teenage boys especially during early and middle adolescence. Boys not only share their deepest secrets and feelings with their closest male friends, they claim that without them they would go “wacko.” Yet as boys become men, they become distrustful, lose these friendships, and feel isolated and alone. Drawing from hundreds of interviews conducted throughout adolescence with black, Latino, white, and Asian American boys, Deep Secrets reveals the ways in which we have been telling ourselves a false story about boys, friendships, and human nature. Boys’ descriptions of their male friendships sound more like “something out of Love Story than Lord of the Flies.” Yet in late adolescence, boys feel they have to “man up” by becoming stoic and independent. Vulnerable emotions and intimate friendships are for girls and gay men. “No homo” becomes their mantra. These findings are alarming, given what we know about links between friendships and health, and even longevity. Rather than a “boy crisis,” Way argues that boys are experiencing a “crisis of connection” because they live in a culture where human needs and capacities are given a sex (female) and a sexuality (gay), and thus discouraged for those who are neither. Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and fundamental human skills.

Expert Secrets Russell Brunson,2017-06-02 Your message has the ability to change someone’s life. The impact that the right message can have on someone at the right time in their life is immeasurable. It could help to save marriages, repair families, change someone’s health, grow a company or more... But only if you know how to get it into the hands of the people whose lives you have been called to change. Expert Secrets will put your message into the hands of people who need it.

Temple Secrets Susan Gabriel,2015-02 A town held together with secrets. A wealthy widow looking for an heir. One choice could shame high society into submission. Traffic Secrets Russell Brunson,2023-07-25 Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.

Love Secrets John Mark Pantana,2020-07-23 This music-inspired book explores the love of God. Here's how to read this book: From left to right. That's the first step. The second is equally as important: with a guarded heart. The Bereans were open-minded in that they received the Word with all readiness and searched the Scriptures daily to find out whether these things were so (Acts 17:11). Open-minded but heart guarded. Don't fully accept my or anyone else's word for it. I received many popular Western teachings that bound me. The Bereans took what they heard and searched the Scriptures to find out whether these things were so. This is good practice. Also, I believe the Holy Spirit will ring a bell within you, testifying to truth-that-sets-you-free. Third step: expect to experience the person of Jesus. I have included prompts at the end of each chapter for you to engage the Father, Jesus, and the Holy Spirit in an experiential way. With each prompt, let the eyes of your heart open-wide for a fresh-wave of glory-enjoyment; this little practice can shake loose heaps of dormant head-knowledge. For a real knowledge, truth must be awakened in the heart. Just a few minutes of heart-connection with God could change your entire life. I've included blank space for you at the end of each chapter to write down anything that happens. Fourth step: listen to music! This book is intrinsically linked to my music record: Love Secrets; thirteen songs about God's love. And now: thirteen chapters. Each chapter of this book is titled after a song from the album and explores in detail the truths I sing about. I've arranged the order of chapters differently from the album for a more fluid reading experience. I would recommend listening to the corresponding song during the prompts at the end. You can listen to Love Secrets on every music platform. Fifth and finally: have fun. You'll notice this book is not prim and proper. I hope you giggle and enjoy the goofy banter. Book instructions complete.
