MLM Autoresponder Messages and Network Marketing Email Messages: Financial Woes Pack David Williams,2013-05-30 Warning! If you have been in Network Marketing for any length of time, you probably have accumulated a list of prospects and their email addresses. However, many of these prospects have entered the 'witness protection program'. In other words, they never call back or reply to your emails. Most people forget about this list, but there is GOLD in it! Now, you probably have an email system you pay for that is filled with 'canned' autoresponders about your company, or even some generic versions to send to your list. Sometimes this is part of your 'backoffice'. But, have you read these autoresponders being sent in your name? They suck. Here's why: You have a prospect who is looking to solve THEIR problem, which is lack of money. They need money, income, some light at the end of the tunnel, cash, maybe some dough to save their home... BUT they are NOT shopping for an MLM company, an INDUSTRY, or how long your company has been in business, or even what your product does...NO... they are desperate for a SOLUTION to their problems! But if all the emails you send out are about 'the company, the timing, the industry...or how someone else is making money - no wonder they don't bother responding to you! Can you imagine sending emails to starving children with stories about the kids in your family that have so much food... that they're fat? Of course not. So why send emails to financially struggling people about how others are rich? Your prospect doesn't care about other people's wealth when THEY are broke and in financial pain. In fact, it works the other way. Resentment, suspicion, distrust. Their mind is on their lack of money and they are worried. They are awake all night worrying about their debt because they are in financial trouble. And what? You send them an email about how old your company is? Really? Come on. It's basic marketing folks; offer your prospect a solution to their problem, and relate to them on their terms. At this point, all your prospect is interested in is finding 'a way to earn money'. NOTE *** If you are new and have not earned a respectable income, chances are your upline will tell you to borrow someone else's story, but doing that only begs the question from your prospect- 'well, if everyone else is making money in your company, why aren't you?' Forget that. So, what is in this book? Do I teach you how to write emails? NO...NO...NO!!!! Is this some lesson on basic copy writing for MLM? Heck NO!!! But let's face it. Most people can't write a note to save their lives, let alone a well-crafted email campaign. Forget learning a skill that will take you years to master - just use expert messages instead! That's where this book of powerful 'financial woes' autoresponder messages will come to your aid. Inside are 30 rock solid emails that focus on your prospects' financial situation - with engaging humor and playfulness - showing how YOU and your program can help him out of his or her financial mess. FULL DISCLOSURE - this is a small book - 30 powerful emails. You are not paying for the quantity of words, you are paying for the quality of the message and for getting your phone to ring. This book contains 30 well-crafted powerfully written emails that are fun and engaging and will suggest and reinforce to your prospect that YOU are the answer to their financial problems using proven psychological and persuasion techniques. Take these email autoresponder messages and enter them into your backoffice or your email program. Getting Started in Real Estate Day Trading Larry Goins,2009-03-23 Real estate day trading is using the Internet to buy and sell houses without leaving home. In many cases, the investor closes on a house and resells it the same day. Readers will learn the author's system for how to buy and sell 5-10 houses a month in today's market, using the Internet, phone, fax, and email to analyze, research, and find the properties, buyers, and others needed for the transaction. Author Larry Goins has personally done deals in nine different states and has students in the US, Canada, Australia, New Zealand, Japan, China, Israel, the Philippines, and Denmark. Day trading can be used for wholesaling properties to other investors, retailing, lease options, short sales, foreclosure investing, etc. The basic steps are: Search online for potential properties to make offers on, using specific techniques for finding the right ones. Once an offer is accepted, usually within 1-2 weeks, put it on paper using clauses included in the book, and get the property inspected by a rehab contractor to get a free estimate of how much the repairs will cost. This is done by finding reputable contractors online and through referrals from realtors and through autoresponders. Order an appraisal. Sell it fast! Using the buyers list you have built on the internet through email marketing groups, social networking sites, blogs, free classified sites, bank-owned property sites, and more, send an email with the details of the property and instructions on how they can get the property under contract. Usually within two hours several potential buyers will reply. Set up a closing to buy it and to sell it on the same day; closings are about 30 minutes apart. By it at 10:00 and sell it at 10:30, for example. There are many ways to fund and close on the property. The book will contain step-by-step, easy processes for assignments, options, flex options, simultaneous closings, using hard money, private money, cash partners, and credit partners, none of which will require an investor's own cash or credit. With praise from New York Times Bestselling Author Dr. Albert Lowery, Robert Shemin, Frank McKinney and foreword by Michael E. Gerber. Larry Goins (Lake Wylie, SC; www.larrygoins.com) is one of the real estate industry's most popular speakers.
