Young House Love Sherry Petersik, John Petersik, 2015-07-14 This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, hack your Ikea table to create three distinct looks, and so much more.

Snap and Share Adam Furgang, 2014-12-15 They say a picture is worth a thousand words. If that's true, then what are a thousand pictures worth? Today, with the use of mobile smartphones and similar devices containing miniaturized cameras, snapping and sharing photos has never been easier—or more commonplace. Playing around with photo and video apps like Instagram, Vine, Flickr, and Snapchat has become a natural part of teenage life. But along with the fun comes responsibility. This volume guides readers through simple steps for using photo and video apps and offers ideas for unleashing creativity. It also addresses the potential risks of using these apps, such as cyberbullying, and suggests a code of conduct that should be enforced whenever anyone snaps and shares.

How to Archive Family Photos Denise May Levenick, 2015-04-24 Organize and enjoy your family's memories! You've captured countless

cherished family photos of babies' first steps, graduations, weddings, holidays, vacations, and priceless everyday moments on your smartphone or digital camera. Perhaps you've inherited a collection of heirloom family photographs, too. But now what? How to Archive Family Photos is a practical how-to guide for organizing your growing digital photo collection, digitizing and preserving heirloom family photos, and sharing your treasured photos. In this book, you'll find:

- Simple strategies to get your photos out of a smartphone or camera and into a safe storage space
- Easy methods to organize and back up your digital photos, including file-naming and tagging hints
- Achievable steps to digitize and preserve heirloom family photos
- Step-by-step workflows illustrating common photo organizing and digitizing scenarios
- Checklists for setting up your own photo organization system
- 25 photo projects to preserve, share, and enjoy your family photos

Whether you have boxes full of tintypes and black-and-white photographs, an ever-growing collection of digital photos, or a combination of the two, this book will help you rescue your images from the depths of hard drives and memory cards (or from the backs of closets) so that you can organize and preserve your family photo collection for future generations.

Digital Shoebox Sarah Bay Williams, 2009-09-25

Most people are awash in digital photos—some taken, some received—stuffed here and there in random folders and albums across a hard drive. In *The Digital Shoebox*, Sarah Bay Williams, creator of the image archiving system used by the Academy Awards®, shares her foolproof method for effectively organizing, finding, and sharing photos so you never lose track of your most precious memories. Unlike many books on digital photography that are driven by software, *The Digital Shoebox* teaches readers an easy-to-

remember and easy-to-repeat system that doesn't feel like homework or require learning lots of complicated software applications. Part 1 of the book guides readers through the seven most important steps for organizing photos; Part 2 is packed with tips on ways to enjoy and share those photos. Each chapter closes with some slightly more advanced information, should readers want to get technical. Based on the author's experience as photography coordinator for the Academy of Motion Picture Arts and Sciences, and as someone who simply loves taking photos, *The Digital Shoebox* is the first concise and user-centered guide solely dedicated to organizing a personal digital photography collection. Takes a fun and easy-to-implement approach to asset management, featuring a friendly writing style and charming illustrations Teaches the seven key steps needed to help users keep photos organized, available, and safe Includes a Beyond the Box section at the end of each chapter for more advanced readers who want to move beyond the basics

Photos for OS X and iOS Jeff Carlson, 2015-07-29

For anyone who's taken photos, you know the frustration of trying to find and manage your snapshots on your iPhone, camera, or Mac. With *Photos for OS X*, Apple has made it possible to have at your fingertips all your photos. *Photos for OS X* replaces Apple's iPhoto and Aperture applications and offers users the ability to organize, view, edit, and share photos from any OS X or iOS device. In the *Photos for OS X and iOS* book, best-selling author Jeff Carlson shows you how to tame your photo collection with Apple's *Photos for OS X* app. He shows how to convert your existing iPhoto and Aperture libraries to *Photos* and how to import new photos from your iPhone and other sources. You'll learn how to work with photos in the Apple iCloud service as well as edit images on your phone, Mac, and in the cloud. And

to show off your snapshots, Jeff shows you how to share your photos through prints and photo books. Readers will learn how to: Import photos from your iPhone and other sources Organize your photos through albums, keywords, tags, collections, dates, and geotags Convert existing iPhoto and Aperture libraries to Photos for OS X Work with your photos in the iCloud Photo library Edit photos in the Photos application Make prints and photo books

What's a Picture Worth? James A.

White, 2015-02-09 How many digital photos do you have jumbled on your computer? A picture is worth a thousand words, but if you're not managing your photos, they're just wasting space on your computer hard drive. Or worse yet, you risk losing those priceless photos forever. What's a Picture Worth? is a user-friendly guide to help walk you through how to organize, rename, and tag your photos so you can find any photo in mere seconds. You'll learn to leverage free software to fix a so-so photo and turn it into one that really pops. The author will show you the best method to back up your photos and how to share and collaborate on those memories so they're not gathering dust in your computer. Plus, you'll gain useful tips on taking better pictures and scanning old photos. With over 15 years in the computer industry, Jim White knows the important balance of taking something technical and making it less complicated for the everyday computer user. He loves to learn the intricacies of how things work and then find ways to make them easier for everyone to understand. With thousands of his own photos, Jim has perfected ways to organize, fix, and share his photos and now wants to pass that knowledge onto you! Subpar Parks Amber Share, 2021-07-13 **A New York Times Bestseller!** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply Too cold for me! Another saw the mind-boggling vistas of Bryce Canyon as Too spiky! Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for

anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Google Photos Made Easy: Preserving and Sharing Your Memories James Bernstein, 2022-11-05 Taking photos has become a normal part of our lives and these days we don't even think twice about it since we can take a picture any time, any place with our smartphones. Most people don't even own a camera anymore since our phones do such a good job of taking photos. Google Photos allows you to upload your pictures and even videos to their online storage repository so you can use it as a backup and a way to share photos with other people without needing to send them as an email attachment. You can also create and share photo albums with others just by sending them a link. And if you want printed copies of your pictures, you can order them from Photos as well. In this book, you will learn how to access Google Photos, upload your pictures, share your albums, create custom animations, order prints and more.

The Photo Ark Joel Sartore, 2017 This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio

portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.

Share Photo Introduction

In today's digital age, the availability of Share Photo books and manuals for download has revolutionized the way we access information. Gone are the days of

physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Share Photo books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Share Photo books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Share Photo versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Share Photo books and manuals for download are incredibly convenient. With just a

computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Share Photo books and manuals,

several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Share Photo books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and

educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Share Photo books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by

educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Share Photo books and manuals for download and embark on your journey of knowledge?
