

Shooting

Brian Enos

Practical Shooting, Beyond Fundamentals Brian Enos, 2012-03-21 Brian Enos's *Practical Shooting, Beyond Fundamentals* - often considered the competitive shooters bible - includes in-depth coverage of the technical and mental aspects of training and competition, and will offer new insights as you continue to improve. There is only one person in the world who I would allow to talk to my students, and that is Brian Enos. Rob Leatham, 15+ time National & World IPSC Champion. This isn't just another how to fire a gun book. This one talks about shooting.... The keys to consistent, high-speed shooting are within you right now. This book will show you ways to bring them out. Through Brian's advice, you'll learn how to recognize and break down the barriers that are limiting your performance—you may begin to look at shooting in an entirely different way. You'll learn to pressure-proof your match performance, how different types of shooting require different focal points, and you'll see how to develop an attitude that will let you reach beyond what you thought was your potential. You'll find a comprehensive set of exercises that will develop and sharpen your skills. You'll see how it's possible to drive the gun to wherever your eye can look. You'll discover that everything you need to know about your technique is told by the gun, if you know how to listen to it. And all the challenges and advanced techniques of practical shooting are covered too: prone, barricade, single-hand shooting, multiple targets, reloading, shooting on the move, and much more. You'll also get inside tips on IPSC strategies, steel shooting, shootoff tactics, Bianchi, and more. Chapters include: - Awareness & Focus - Tools of Shooting - Creative Shooting - Specific Challenges - Competition - Development - Shooting Tools - Revolver Shooting - Group Shooting

Instinctive Shooting Buz Fawcett, 2013-01-01 Here, point and shoot.? These words from his father propelled Buz Fawcett's shooting success as a child, gaining him a number of High Gun awards at local trap clubs by the time he was fourteen. Because of his success, his father awarded him his grandfather's Model 1912 Winchester, which he mastered, even though it "kicked the whey" out of him. However, his amazing shooting abilities as a kid didn't follow him into adulthood. Fawcett entered into what he calls his "Dark Ages" of shooting after accepting an associate editor position at Sports Afield in New York City, where he had to read and edit what other gunmen were writing about shooting techniques. Eventually, he took a position as editor of Guns & Ammo magazine, located in California. He soon found himself in a position where he could shoot as much as he liked. After a number of years and extensive research into shooting methods, Fawcett rediscovered his talents through a technique called "Instinctive Shooting." This research and a lot of practice finally led to teaching a workshop on instinctive shooting to help others become adept at this miraculous "point and shoot" method. *Instinctive Shooting* is Fawcett's guide for other gunmen, describing exactly how and what needs to be done to achieve the ultimate shooting instincts. Practical and hands-on, the book covers such topics as determining your dominant eye, achieving proper shotgun fit, how to correct point and shoot, selecting equipment, practice regimens, mounting, and much more.

Basketball Shooting Dave Hopla, 2012 Describes the skills and strategies for effective basketball shooting, covering long-range three-pointers, jumpers, bank shots, and free throws, and includes tips, techniques, and drill exercises for individuals and teams.

Shooting Times Guide to Accuracy Editors of Shooting Times, 2017-08-15 *Shooting Times Guide to Accuracy* provides what all loyal audiences of Shooting Times magazine already love but with a specific focus on accuracy. A vast range of topics are covered, including: A common sense approach to better marksmanship Long-range military accuracy Handloading for accuracy Scope techniques for long-range shooting Improving your accuracy with airguns, shotguns, and handguns Twist rates and accuracy And much more! Discover tried and true tips, tactics, and techniques from the pros along with advice on buying gear and firearms from experts including

J. Guthrie, Layne Simpson, Richard Mann, Reid Coffield, and David M. Fortier. *Shooting Times Guide to Accuracy* covers everything you need to know about improving your marksmanship.

Shooting Sporting Clays Mark Brannon, Tom Hanrahan, 2011-02-09 15 basic target types and strategies for breaking them.

The Dead Shot - Shotguns and Shooting Marksman, 2017-09-21 A republication of the 1896 edition. The illustrated contents contain much valuable information on shooting, shotguns and ammunition. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, high-quality, modern edition.

The Upland Shooting Life George Bird Evans, 1971 A basic shooting book by a writer-shooter who shares with his readers a lifetime of experience in the fields, the pines, the birches, the alder swamps, and the brushy borders, in pursuit of grouse, pheasant, woodcock, and other upland game.--Dustjacket.

Shooting J. Henry FitzGerald, 2007-10-01 John Henry (Fitz) FitzGerald worked for Colt from 1918 till 1944. *Shooting*, originally published in 1930, was the culmination of Fitz's work in the firearms field. In it he discusses his work with law enforcement and the courts, his theories and practices about practical shooting of the one hand gun and his thoughts about target and exhibition shooting, hunting and home defense. This was the only book FitzGerald ever wrote, but his life was clearly dedicated to all aspects of handgun shooting. While his written work might be unfamiliar to some of you, those who are reading this work for the first time should be very familiar with the writings of Elmer Keith, Charles Askins Jr., Ashley Haines and Chauncey Thomas. All these men were friends of FitzGerald and thought highly of his methods and approach. After reading this book, you will feel the same way. Paladin is pleased to add this long-out-of-print volume by one of America's most renowned and colorful shooters to its Combat Classics library. The new forewords by FitzGerald scholars Timothy J. Mullin and Kevin Williams, as well as the addition of a number of never-before published photos, shed new light on FitzGerald the man and the shooter.

A Book on Duck Shooting Van Campen Heilner, 2013-04-16 Van Campen Heilner conveys his passion, expertise, and broad experience for waterfowl hunting based on his own experiences from before the full-scale industrialization following the Second World War. This book is a must for anyone who wants to learn about duck hunting, and also tap into the greater sensibility about the companionship it creates and the responsibility it places on its participants to act in an ethical manner, and to protect wetlands and waterfowl.

Shooters Abigail A. Kohn, 2004-06-10 Frequenting gun shops and shooting ranges, and devoting particular attention to those whose interest in weaponry extends beyond the casual, Abigail A. Kohn captures in finegrained and often entertaining, yet always humane, detail how gun owners actually think and feel about their guns. Through her conversations--with cowboy action shooters at a regional match, sport shooters, hunters, with shooters of all ages and races--we hear of the savage beauty of a beautifully crafted long gun, of the powerful historical import owners attach to their guns, of the sense of empowerment that comes with shooting skill, and the visceral thrill of discharging a dangerous weapon. Cutting through the cliches that link gun ownership with violent, criminal subcultures and portray shooters as gun nuts or potential terrorists, Kohn provides us with a lively and untainted portrait of American gun enthusiasts.

Shooting the Pacific War: Marine Corps Combat Photography in WWII Thayer Soule, 2000 John Marion Porter (1839--1898) grew up working at his family's farm and dry goods store in Butler County, Kentucky. The oldest of Reverend Nathaniel Porter's nine children, he was studying to become a lawyer when the Civil War began. As the son of a family of slave owners, Porter identified with the Southern

cause and wasted little time enlisting in the Confederate army. He and his lifelong friend Thomas Henry Hines served in the Ninth Kentucky Cavalry under John Hunt Morgan, the Thunderbolt of the Confederacy. When the war ended, Porter and Hines opened a law practice together, but Porter was concerned that the story of his service during the Civil War and his family's history would be lost with the collapse of the Confederacy. In 1872, Porter began writing detailed memoirs of his experiences during the war years, including tales of scouting behind enemy lines, sabotaging a Union train, being captured and held as a prisoner of war, and searching for an army to join after his release. Editor Kent Masterson Brown spent several years preparing Porter's memoir for publication, clarifying details and adding annotations to provide historical context. *One of Morgan's Men: Memoirs of Lieutenant John M. Porter of the Ninth Kentucky Cavalry* is a fascinating firsthand account of the life of a remarkable Confederate soldier. In this unique volume, Porter's insights on Morgan and the Confederacy are available to readers for the first time.

An Illustrated Treatise on the Art of Shooting Charles Lancaster, 1906

Shoot Julie Golob, 2012-02 A guide to shooting profiles techniques and competitive societies associated with different types of shooting sports, and also features information on women and guns, safety, and practicing.

Shooting at the Stars John Hendrix, 2014-10-07 Shooting at the Stars is the moving story of a young British soldier on the front lines during World War I who experiences an unforgettable Christmas Eve. In a letter to his mother, he describes how, despite fierce fighting earlier from both sides, Allied and German soldiers ceased firing that evening and came together on the battlefield to celebrate the holiday. They sang carols, exchanged gifts, and even lit Christmas trees. But as the holiday came to a close, they returned to their separate trenches to await orders for the war to begin again. Award-winning creator John Hendrix wonderfully brings the story of the Christmas Truce of 1914 to life with his signature style, interweaving detailed illustrations and hand-lettered text. His telling of the story celebrates the humanity that can persist during even the darkest periods of our history.

Shooting Log Book Shooting Book, 2019-07-14 If you love shooting weapons in the range and you want to organize your progress in bullet tests and long range shooting, then this is the book for you. You can track perfectly and have all the most important details of each shot. Inside you will have a sheet with some targets to mark your shots, the distance and the type of weapon you used. This book of shooting records is designed for you. A notebook to last over time, we want this notebook to last you a long time, so you can always look back in time and see all the progress without worrying about it falling apart. A sturdy paperback book with a secure and secure commercial binding so the pages do not fall off after a few months of use. You will always be able to consult it and keep track of your progress. **USEFUL AND CONVENIENT:** all the basic records you must track are summarized so you can complete as much or as little as you want without forgetting any vital information, plus enough space to add some additional data if you did something else in the range want to take note of. It is the perfect gift for family gun enthusiasts with: - 100 pages (2 pages / record), alternating between shooting data and white drawings with a 1-inch grid. Shooting data includes: date, location, firearm, bullet, seat depth, dust, grains, first, brass, distance, weather and wind. **INTERIOR** - We only use white paper. The pages are clearly marked to facilitate filling and cross-reference. **PERFECT SIZE:** at 6 x 9, it is an excellent addition to any range bag. Practical and with the perfect size that you can easily carry in your car or truck. **COVERS WITH FRESH DESIGNS!** - We are concerned about our designs and we want our customers to be satisfied with what we do. That's why we have a wide variety of cover designs, so you can choose the ones you like the most. Our design team works every day to satisfy all our clients. It's time to go to the Gun Log Book to help you track your personal firearms training and maintenance. Get

Come Duck Shooting with Me Herbert Gardner,1917

Robert Churchill's Game Shooting Robert Churchill,MacDonald Hastings,1990-01-01 Robert Churchill wrote the definitive book on instinctive wingshooting for game birds and sporting clays. It quickly became a classic in the field. Friend and collaborator Macdonald Hastings, himself a renowned shooting coach, twice revised and updated Churchill's book.

Practical Shooting Scene Investigation Dean Garrison,2003 Early in the investigation of a shooting incident, proper crime scene work is critical to the final outcome. Whether the shooting is ruled to be an accident, a homicide, or suicide often depends heavily on the initial on-scene work-up. What photographs and which measurements will one need to thoroughly reconstruct the event? What information, if any, can be learned from the physical evidence and surrounding objects in a shooting crime? Beginning with the basic tools and terminology, the book explains what a crime scene investigator needs to look for and document in the quest for the truth.

School Shootings and the Never Again Movement Laurie Collier Hillstrom,2019-03-14 This volume provides a concise but authoritative overview of the Never Again Movement, which arose in the aftermath of a mass shooting that killed 17 people at a high school in Parkland, Florida, in February 2018. This volume in the 21st Century Turning Points series, a one-stop resource for understanding the people and events changing America today, analyzes school shootings and examines the broader issue of gun violence in America. It focuses on the history of school shootings in the United States and the debate that has raged for decades between gun control advocates and supporters of gun ownership rights. School Shootings and the Never Again Movement: 21st Century Turning Points provides a broad perspective on these issues. It recounts the evolution of gun politics and policy throughout the twentieth century, explains the positions and activities of organizations and activists on both sides of the gun debate, details notorious school shootings ranging from Columbine to Parkland, and explores the potential impact of the Never Again Movement on American gun policy at the state and federal levels.

Shooting Up Lukasz Kamienski,2016-02-10 *Shooting Up: A Short History of Drugs and War* examines how intoxicants have been put to the service of states, empires and their armies throughout history. Since the beginning of organized combat, armed forces have prescribed drugs to their members for two general purposes: to enhance performance during combat and to counter the trauma of killing and witnessing violence after it is over. Stimulants (e.g. alcohol, cocaine, and amphetamines) have been used to temporarily create better soldiers by that improving stamina, overcoming sleeplessness, eliminating fatigue, and increasing fighting spirit. Downers (e.g. alcohol, opiates, morphine, heroin, marijuana, barbiturates) have also been useful in dealing with the soldier's greatest enemy - shattered nerves. Kamienski's focuses on drugs prescribed by military authorities, but also documents the widespread unauthorised consumption by soldiers themselves. Combatants have always treated with various drugs and alcohol, mainly for recreational use and as a reward to themselves for enduring the constant tension of preparing for. Although not officially approved, such self-medication is often been quietly tolerated by commanders in so far as it did not affect combat effectiveness. This volume spans the history of combat from the use of opium, coca, and mushrooms in pre-modern warfare to the efforts of modern militaries, during the Cold War in particular, to design psychochemical offensive weapons that can be used to incapacitate rather than to kill the enemy. Along the way, Kamienski provides fascinating coverage of on the European adoption of hashish during Napoleon's invasion of Egypt, opium use during the American Civil War, amphetamines in the Third Reich, and the use of narcotics to control child soldiers in the rebel militias of

contemporary Africa.

Shooting Introduction

In today's digital age, the availability of Shooting books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Shooting books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Shooting books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Shooting versions, you eliminate the need to spend money on physical copies. This

not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Shooting books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Shooting books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project

Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Shooting books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Shooting books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.

With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Shooting books and manuals for download and embark on your journey of knowledge?

FAQs About Shooting Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye

strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Shooting is one of the best book in our library for free trial. We provide copy of Shooting in digital format, so the resources that you find are reliable.
