George Neilson

Solway Country Allen J. Scott, 2014-11-19 The Solway Country - the lands surrounding the inner Solway Firth - constitutes one of the many small regional worlds of the British Isles that are remarkable for the ways in which their landscapes evoke a powerful sense of territorial identity rooted not only in their physical appeal, but also in the richness and distinctiveness of their human history and geography. The Solway Country is an archetypical but hitherto little known exemplar of places like these. This book captures the spirit and substance of the Solway Country's allure by means of a series of layered narratives dealing with its natural milieu, its past social and political turmoil, its changing forms of rural and agrarian life, and its responses to the industrial and urban forces that were unleashed in Britain after the eighteenth century. The Solway Country has the added charm of being partly in England and partly in Scotland, so that its personality partakes of elements of both. At the same time, the region exhibits a composite geographic unity derived from the central physical feature of the Solway Firth itself and from the many common aspects of local life and livelihood that have left deep imprints on the landscape. This unity is expressed symbolically in the peculiar hybrid culture of ballads and songs that emerged alongside the theft, murder, and mayhem that raged in the Anglo-Scottish marchlands in the days of the border reivers.

David Solway Carmine Starnino, 2001 In recent years David Solway's groundbreaking trio of critical books have earned him a reputation as a thinker and prose writer of considerable erudition. He now emerges into the 21st century as a Canadian poet of major stature.

Solway Tide Andy Jarvis, 2014-02 DC Roberta Sharp is more than just your average police detective. Outspoken, sassy and determined to make it up through the ranks, she's assigned to follow the case of a body found in the sea only to find herself the one being pursued. Far from being your run-of-the-mill murder tale this gripping page turner takes the genre by the horns throwing it in a totally new direction. In a complete diversion from his debut novel Andy Jarvis hits a real outfielder with this tense, contemporary thriller. A nightmare of a tale that challenges the very philosophy and motivation behind genetic experimentation and what possibly could be the 'hidden agenda' behind modern medical research. A setting on the remote west coast of Cumbria provides an eerie, atmospheric, heath land backdrop to this imaginative, twisting story of murder, corruption and the darker side of human nature; the side we all pretend to ignore...until the opportunity arises.

Scenes on Solway, and historical sketches of the West Borders, from the building of the Roman Wall, to the navigation of the Solway by steam, in the nineteenth century John S. MARRINER (Writer of Historical Sketches.), 1834

Solway Coast: Britain's Heritage Coast Helen Ivison, 2014-06-13 The name Solway - path of the sun speaks for itself. At certain times, the sea in the Solway Firth resembles a sheet of shimmering gold, a phenomenon that has given rise to many legends. This most beautiful and dangerous of seas has a tidal average of 30 feet that can reach 25-30 miles per hour, the average speed of a galloping horse. Evidence of the sea's power has been well documented, and in the 1700s an entire town was washed away into the Solway during a single storm. The Solway lies at the heart of the old Northern

Lands, and around its shores there is evidence of occupation and industry from prehistory up to the present day. Starting in St Bees, on the English side of the Solway, H. C. Ivison takes the reader on a tour of this fascinating coastline, all the way to the horn of Whithorn on the Scots side. Themes covered include history, folklore, flora and fauna, saints, rivers, fishing, ports, lifeboats, famous visitors including Dickens and many more.

Solway Sleuth-Hounds Mary S Moffat, 2008 Presents a mystery and adventure story set in south west Scotland at the time of Robert Burns. This title features sketch maps - including one of Dumfries in 1793. With black and white photographs of places which are important to the story, it also includes a section consisting of detailed notes about people and events which come into the story.

Firth of Clyde Clyde Cruising Club, 2020-04-24 Part of the Clyde Cruising Club's Sailing Directions and Anchorages series, *Firth of Clyde* extends beyond its titled area to the coast of Northern Ireland (Rathlin Island to Belfast Lough) and on the Scottish side southwards from Stranraer to Portpatrick and beyond to the Solway Firth and Cumbria. *Firth of Clyde* covers everything from the busy waters of the Firth of Clyde and River Clyde to the more remote areas of the wider estuary and connected lochs, including the protected and beautiful Kyles of Bute and Loch Riddon, Loch Fyne and the Crinan Canal. Coverage then extends west and south to encompass North Channel and Solway Firth. This new edition, updated by Geoff Crowley, continues the long-respected legacy of CCC publications for cruising sailors. The North Channel section has been extended to include details for Belfast itself. New

photographs throughout illustrate the text and help orientate the navigator. Details on plans have been updated with reference to the new Imray 2900 Firth of Clyde chart pack for the area. References to Bob Bradfield's useful Antares large scale charts are also included. Whether you are a local sailor or a first-time cruising visitor, Firth of Clyde is an essential companion in these waters. Updates and corrections are available via the Clyde Cruising Club website.

An Archaeological Guide to Walking Hadrian's Wall from Bowness-on-Solway to Wallsend (West to East) , This is an informative (yet informal) description of the route of Hadrian's Wall and all the remains that can still be seen. For most of the route from west to east, it follows the Hadrian's Wall National Trail Footpath, but with an important difference: where the path veers off the line of the Wall, this account stays with it and allows you to examine the remains most other walkers do not see (and most other guidebooks do not describe). Profusely illustrated with more than 100 photographs and plans, it is the perfect archaeological companion to your walk along Hadrian's Wall, regardless of whether you take it with you on your ebook reader or smartphone, or prefer to sit in the comfort of your favourite armchair and let others experience the rain and blisters whilst you enjoy the text and pictures.

A School Building Program for Solway, New York Nickolaus Louis Engelhardt, John P. Sherrard, Charles Herbert Thurber, 1923

The Fresh and the Salt Ann Lingard, 2020-09-03 Shortlisted for the Lakeland

Book of the Year Firths and estuaries are liminal places, where land meets sea and tides meet freshwater. Their unique ecosystems support a huge range of marine and other wildlife: human activity too is profoundly influenced by their waters and shores. The Solway Firth – the crooked finger of water that both unites and divides Scotland and England – is a beautiful yet unpredictable place and one of the least-industrialised natural large estuaries in Europe. Its history, geology and turbulent character have long affected the way its inhabitants, both human and non-human, have learnt to live along and within its ever-changing margins.

Chess Pieces David Solway, 1999 David Solway's new collection of poems is a profound and witty work by a grandmaster of English verse. In forms ranging from free verse to strict quatrains to sly translations, the poems in Chess Pieces display an astonishing formal skill. These are poems of wit, elegance, and humour but, more darkly, they are also explorations of the play of power as enacted in the game of chess.

Travel & Tales of an Engineer Louis M. Solway, 2017-07-10 Travel & Tales of an Engineer will hopefully reinforce readers' understanding that engineers can and do make a valuable contribution to society and our environment. has travelled to many challenging and interesting areas of the world from Hong Kong to Trinidad, spending a lot of time in the Middle East, including four years in Tehran, Iran, with his family, and 17 months in Ghana, West Africa, as a bachelor.
