Lincoln's Rail-splitter Mark A. Plummer, 2001 Like Lincoln, Oglesby was born in Kentucky and spent most of his youth in central Illinois, apprenticing as a lawyer in Springfield and standing for election to the Illinois legislature Congress, and U.S. Senate. Oglesby participated in the battles of Cerro Gordo and Vera Cruz during the Mexican-American War and made a small fortune in the gold rush of 1849. A superlative speaker, he ran unsuccessfully for Congress in a campaign that featured the Lincoln-Douglas debates of 1858, then was elected to the Illinois senate as Lincoln was being elected president.

The Theory of the Optical Wedge Beam Splitter Yardley Beers, 1974 An optical wedge beam splitter consists of a prism of transparent material with a very small apex angle, usually about one degree. If a pencil beam of radiation is incident upon it, a portion enters the material and undergoes a series of reflections at the surfaces. At each reflection a refracted beam emerges from the material. This paper gives the basic theory for computing the ratio of the intensity of the incident beam to the intensity of any selected emerging beam and also for computing the direction of the emerging beam, assuming that the wedge angle, index of refraction, angle of incidence, and number of reflections are known. The paper also gives the results of numerical calculations based upon this theory

for sample situations which are of interest. (Modified author abstract).

Splitter Jd Kaplan,2019-01-31 Splitters live in two worlds simultaneous--an existence filled with confusion, fear and growing madness. There have only been a handful of splitters over the history of the world, but in every case as they grew to adulthood they descended into insanity and eventually become some of the worst monsters on both the Dreamside and the waking world. A new splitter has been born--a young boy named Paul. In the waking world, he is homeless, living behind a dumpster in an alley in one of the worst parts of Tayport. On the Dreamside he rules his own dream with an iron hand. But these two worlds mingle dangerously. As Paul slowly begins his own decline into madness he strikes out at the one being that he fears most--the only person he knows that can actually challenge him in his own dream. As a result, Colin Pierce--the most powerful Dreamer in generations--is left in a coma and it's up to his girlfriend Kate to rescue him and deal with this new Splitter. But she knows nothing of the Dreamside before this, so in addition to the challenges she will face in her journey, she also has to learn about and come to terms with the Dreamside. She sets out, accompanied by Colin's daughter dreams, to find her new found love and bring him back to the world.
