SPREE Despite impossible odds, Chandler launches a desperate rescue mission, recruiting old allies (Jack Daniels and Harry McGlade, from Konrath's novel Whiskey Sour), and new ones (Val Ryker and David Lund from Peterson's Pushed Too Far, and Tequila Abernathy from Konrath's Shot of Tequila) to break into a black site--an ultrasecret military prison on US soil where no one gets out alive. But standing in her way is a squad of deadly psychopaths and a rogue government agency determined to destabilize the nation--and conquer the world. Buckle up. It's going to be one hell of a ride...

Spree Gil Miller, 2023-03-21 Ex-cons Steve Wilson and Eddie Jones are struggling to make it in Los Angeles, two-strike losers dodging a third and life in the slammer . . . until the phone call that changes everything for them. Eddie's brother back in Jersey has brain cancer, and no insurance. In the wisdom imparted by smoking some righteous bud, the bungling pair concoct a plan to travel across the nation from L.A. to Atlantic City, robbing stores along the way to get the cash for Jimmy's operation. All they have to do is avoid the law and get the money to Atlantic City and Eddie's Uncle Vinnie. What could possibly go wrong? The answer turns out to be almost everything. From their accidental kidnapping of a young bank teller in Carlsbad, New Mexico, to a fight with a bunch of drunk rednecks in a bar in Texas, nothing quite goes as planned. Things get even worse when the law shows up in the form of Brad Ferguson, the tough, smart LAPD detective on his own cross-country mission to put them both behind bars for life. It's a recipe for disaster on an epic scale-and one that even the dumb luck of two stoned ex-cons may not be enough to handle.

Killing Spree Kevin O'Brien, 2011-10-24 When a Serial Killer Gets a Taste for Blood . . . Years ago, the Seattle police were baffled by the Schoolgirl Murders. The killer staged the scenes, dressing his female victims in school girl uniforms and saddle shoes. No woman in Seattle felt safe, until they caught the man responsible, and the case was forgotten . . . He Only Wants to Do One Thing . . . Across the country, a killing spree is taking place. The first victim is attacked in a taxi by a mysterious stranger. The next is found strangled in a changing room. A hitchhiker is left by the side of the road, his identity brutally stolen. Spree Killers Mark Safarik, Katherine Ramsland, 2019-10-18 *Spree Killers: Practical Classifications for Law Enforcement and Criminology* is the only exhaustive, up-to-date analytical book on spree killers, standing apart from those dedicated to mass murderers and serial killers. Multicides have traditionally been categorized as double, triple, mass, serial and spree—while, mass and serial have been further divided into subcategories. Spree killing, which involves the killing of at least three persons at two or more locations due to a precipitating incident that fuels the urge to kill, remains a poorly defined concept. In the United States, the Federal Bureau of Investigation (FBI) eliminated this term from its multicide nomenclature in 2005, but the authors examination of 359 cases involving 419 spree killers from 43 countries shows that not only is there enough diversity among spree killers to form classifications—similar to those devised for mass and serial—but also that subtypes offer distinct utility for identification, tracking, and warning potential targets. *Spree Killers* outline the designation of spree killer specifically and thoroughly. In addition to looking at existing literature, specific cases, and the behavioral patterns, it offers a fully worked up profile for the typology. The behaviors and motives for spree killers align in six categories, which are detailed in

full. The book provides unique insight for police, forensic, and investigative personnel into what to look for to respond to, and—in some cases identify and stopping—certain types of spree killings.

Spree Max Allan Collins, 2012-05-07 The taut, final crime novel in Max Allan Collins's Nolan series. Both Nolan and his friend Jon have retired from the dangerous game of robbery. But a backwoods hoodlum named Cole Comfort kidnaps Nolan's girlfriend and demands he pull one final, huge job. Fast, sexy, brutal. Max Collins is a damned fine writer! (The Armchair Detective)

The Killing Spree Ann B. Patterson, 2012-08-01 He got bored with animals so he turned to killing humans. His first victim was Selena, a Lieutenant in the NYC police department. She turned him down, so she had to go. He was so excited after killing her with her own gun; he began to formulate other methods of killing. Kill by poison, knife, fire, and explosion. Jacob Medina was promoted to Lieutenant after Selena was killed. His run-in with Alexandra, the new medical examiner, left him furious. They had to work together to solve the unthinkable murders. When the Gingerbread Man sets his eyes on Alex, can Jacob save her in time?
