Mark Neville Mark Neville, 2019-09-17 Since 2015, British photographer Mark Neville (born 1966) has been documenting life in Ukraine, with subjects ranging from holidaymakers on the beaches of Odessa and the Roma communities on the Hungarian border to those internally displaced by the war in Eastern Ukraine. Employing his activist strategy of a targeted book dissemination, Neville is committed to making a direct impact upon the war in Ukraine. He will distribute 2,000 copies of this volume free to policy makers, opinion makers, members of parliament both in Ukraine and Russia, members of the international community and those involved directly in the Minsk Agreements. He means to reignite awareness about the war, galvanize the peace talks and attempt to halt the daily bombing and casualties in Eastern Ukraine which have been occurring for four years now. Neville's images are accompanied by writings from both Russian and Ukrainian novelists, as well as texts from policy makers and the international community, to suggest how to end the conflict.

Can't Stop Won't Stop Jeff Chang, 2007-04-01

Can't Stop Won't Stop is a powerful cultural and social history of the end of the American century, and a provocative look into the new world that the hip-hop generation created. Forged in the fires of the Bronx and Kingston, Jamaica, hip-hop became the Esperanto of youth rebellion and a generation-defining movement. In a post-civil rights era defined by deindustrialization and globalization, hip-hop crystallized a multiracial, polycultural generation's worldview, and transformed American politics and culture. But that epic story has never been told with this kind of breadth, insight, and style. Based on original interviews with DJs, b-boys, rappers, graffiti writers, activists, and gang members, with unforgettable portraits of many of hip-hop's forebears, founders, and mavericks, including DJ Kool Herc, Afrika Bambaataa, Chuck D, and Ice Cube, *Can't Stop Won't Stop* chronicles the events, the ideas, the music, and the art that marked the hip-hop generation's rise from the ashes of the 60's into the new millennium.

Stop Selling and Start Leading James M.

Kouzes, Barry Z. Posner, Deb Calvert, 2018-03-13

NAMED THE #3 TOP SALES BOOK OF 2018! Make extraordinary sales happen! In the Age of the Customer, sales effectiveness depends mightily on

the buyer experience. Despite nearly-universal agreement on the need for creating value in every step of the buyer's journey, sellers continue to struggle with how to create that value and connect meaningfully with buyers. New research bridges the gap and reveals the behavioral blueprint for sellers that makes buyers more likely to meet with them – and more likely to buy from them. In *Stop Selling & Start Leading*, you'll discover that the very same behaviors that make leaders more effective also work to make sellers more effective, too. This critical shift in the selling mindset, and in the sales role itself, is the key to boosting your overall sales effectiveness. • Inspire, challenge, and enable buyers • Change your behavior to build trust and increase sales • Step into your leadership potential • See yourself the way your buyers do • Feel good about selling again When you're aiming for quota attainment and real connections with buyers, this book gives you the confidence and skills you need.

Stop Missing Your Life Cory Muscara, 2019-12-31 Many of us live on autopilot, often so guarded that we don't experience the richness that life has to offer—so how can we find real happiness amid the chaos, so we don't reach the end of our life and feel like we missed it? In *Stop Missing Your Life*, mindfulness teacher Cory Muscara takes us on a journey into the heart of what is required for real change, growth, and happiness. He exposes how the phrase be present has become little more than a platitude, imbued with the misguided message to be present just for the sake of being present, and reveals how to achieve true Presence:

a quality of being that is unmistakably attractive about a person, and one that only comes when we've peeled back the layers of guarding that prevent us from being our full, honest, and integrated selves in the world. Muscara shows how we build internal walls, what he describes as a Pain Box inhibiting us from living a deeply connected and meaningful life. He offers a four-part FACE model (Focus, Allow, Curiosity, and Embodiment) that helps chip away at those walls and builds our capacity to experience the richness of our lives. Stop Missing Your Life ultimately teaches how we can find peace in the chaos and become better people for our families, our communities, and our world.

You Have to Stop This Pseudonymous Bosch, 2012-06-01 Do you want to finally, conclusively, and at (very) long last, learn the Secret? Are you REALLY sure? Because now's your chance to escape... No? You're staying put? Have you any idea of what lies between these perilous pages? (How could you? ... except perhaps if you were to smell that faint aroma of musty mummy, or catch a glance of the deviously despicable Lord Pharaoh). Well, if you really want to learn the Secret I suppose you'll HAVE to read this. But you won't like it. The fifth and final fantastical adventure in the 'Secret' series in which Cass, Max-Ernest and Yo-Yoji are accused of stealing a very-valuable-and-not-to-be-touched ancient Egyptian mummy from the local museum. They are determined to clear their names, but after getting accidentally trapped in a crate with a mummified cat, the three youngest members of the Terces society unwittingly find themselves on their way

to the great pyramids of...Las Vegas. Amongst the dusty corridors of the Cairo Hotel and mysterious hieroglyphs of the Nile Nail Salon, Cass draws ever closer to uncovering the Secret...

Until It Hurts to Stop Jennifer

Hubbard, 2013-09-12 Bullying doesn't stop just because the bullies grow up. In seventh grade, Maggie Camden was the class outcast. Every day, the other girls tripped her, pinched her, trapped her in the bathroom, told her she would be better off dead. Four years have passed since then, and Maggie's tormentors seem to have moved on. The ringleader of them all, Raleigh Barringer, even moved out of town. But Maggie has never stopped watching for attacks, and every laugh still sounds like it's at her expense. The only time Maggie feels at peace is when she's hiking up in the mountains with her best friend, Nick. Lately, though, there's a new sort of tension between the two of them—a tension both dangerous and delicious. But how can Maggie expect anything more out of Nick when all she's ever been told is that she's ugly, she's pathetic, she's unworthy of love? And how can she ever feel safe, now that Raleigh Barringer is suddenly—terrifyingly—back in town?

I Stop Somewhere TE Carter, 2018-02-27 Ellie Frias disappeared long before she vanished. Tormented throughout middle school, Ellie begins her freshman year with a new look: she doesn't need to be popular; she just needs to blend in with the wallpaper. But when the unthinkable happens, Ellie finds herself trapped after a brutal assault. She wasn't the first victim, and now she watches it happen again and again. She tries to hold on to her happier memories in order to get past the cold days, waiting for someone to find her. The problem is, no one searches for a girl they never noticed in the first place. TE Carter's stirring and visceral debut not only discusses and dismantles rape culture, but it also reminds us what it is to be human.

Stop Teaching Isabel Rimanoczy, 2016-06-17 What do we need to change in order to develop a new generation of business leaders who connect profits with purpose, who see in social entrepreneurship and innovation the key opportunity for addressing our planetary challenges? The answer lies in the contents we select to teach, in the values we invite to explore and develop, and in the methods

we use. In the era of 24/7 global access to information from our mobile gadgets, many institutions of higher education are still sitting students in rows or amphitheaters, measuring success via tests and evaluations, with instructors lecturing what students should learn. And instructors feel the challenge of competing with sleepy audiences that divide their attention between their cell phones and the speaker. Stop teaching, the author says, inviting instructors in management schools and higher education to adopt some proven learning principles that can reengage students, unleash their potentials, and foster them to shape the world they want to live in. And have fun doing it. Through adult learning research, guides, activities, and stories from pioneering learning facilitators in education and corporate training, Rimanoczy brings a long-needed revamp to educational institutions that want to be part of responsible management education.

Please Stop Helping Us Jason L. Riley, 2016-01-05
Why is it that so many efforts by liberals to lift the black underclass not only fail, but often harm the intended beneficiaries? In Please Stop Helping Us, Jason L. Riley examines how well-intentioned welfare programs are in fact holding black Americans back. Minimum-wage laws may lift earnings for people who are already employed, but they price a disproportionate number of blacks out of the labor force. Affirmative action in higher education is intended to address past discrimination, but the result is fewer black college graduates than would otherwise exist. And so it goes with everything from soft-on-crime laws, which make black neighborhoods more dangerous, to policies that limit school choice out of a mistaken belief that charter schools and voucher programs harm the traditional public schools that most low-income students attend. In theory these efforts are intended to help the poor—and poor minorities in particular. In practice they become massive barriers to moving forward. Please Stop Helping Us lays bare these counterproductive results. People of goodwill want to see more black socioeconomic advancement, but in too many instances the current methods and approaches aren't working. Acknowledging this is an important first step.
