Three Story Method J. Thorn,Zach Bohannon,2020-03-01 Storytelling isn't complicated. We'll prove it to you. Do you have an amazing idea for a novel but you struggle to get words on the page? Maybe the problem isn't writer's block. Maybe you need a writing process. Publishing veterans and bestselling authors Zach Bohannon and J. Thorn share their proven system for developing a plan that will bridge the gap between a collection of random notes and a cohesive first draft. This comprehensive book will teach you the foundations of fiction: Plot, Structure, Genre, Theme, Character, and World. Discover: Why you need a system to finish a first draft whether you plot or pants What Aristotle said about storytelling thousands of years ago that still applies today How studying Star Wars can make you a better writer What some of the most prolific authors believe about the craft How all stories can be reduced to three components Which archetypes create a more engaging reader experience How the Hero's Journey is alike and different than the Virgin's Promise Why you should cast your characters like a movie producer Developed over 10 years and applied on millions of words of fiction, Thorn and Bohannon will show you how to layer your approach and build a fantastic story from the ground up. No more staring at a blinking cursor when you sit down to write! Become a master storyteller today. Three Story Method will transform you from a struggling writer into a career author. Downloadable worksheet and full list of resources included! Get it now!

Story Genius Lisa Cron,2016-08-09 Following on the heels of Lisa Cron's breakout first book, Wired for Story, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In Story Genius Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

How to Write a Novel Using the Snowflake Method Randy Ingermanson,2014-07-18 The Snowflake Method-ten battle-tested steps that jump-start your creativity and help you quickly map out your story.

The Story Grid Shawn Coyne,2015-05-02 WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the

problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

The Short Story Template Michael Gunner,2022-01-11 The Short Story Template is just that, a blank manuscript for you to pen your own short story into. They say there is a novel lurking inside everyone of us, and it is just sitting there, waiting to get out. Well, here is your big chance to pen your own short story, or the outline of one at least. The Short Story Template would make the perfect gift for any budding author within the family, or for a friend or partner. Featuring 20 blank chapters that will accommodate up to 30,000 words, and a notebook section at the very rear of the book for your own machinations. Featuring 174 blank pages in all. Get cracking and start writing, you would be mad not to.

Romancing the Beat Gwen Hayes,2016 What makes a romance novel a romance? How do you write a kissing book?Writing a well-structured romance isn't the same as writing any other genre-something the popular novel and screenwriting guides don't address. The romance arc is made up of its own story beats, and the external plot and theme need to be braided to the romance arc-not the other way around.Told in conversational (and often irreverent) prose, Romancing the Beat can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure. The way she does with her clients. Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists.Romancing the Beat is a recipe, not a rigid system. The beats don't care if you plot or outline before you write, or if you pants your way through the drafts and do a beat check when you're revising. Pantsers and plotters are both welcome. So sit down, grab a cuppa, and let's talk about kissing books.

User Story Mapping Jeff Patton,Peter Economy,2014-09-05 User story mapping is a valuable tool for software development, once you understand why and how to use it. This insightful book examines how this often misunderstood technique can help your team stay focused on users and their needs without getting lost in the enthusiasm for individual product features. Author Jeff Patton shows you how changeable story maps enable your team to hold better conversations about the project throughout the development process. Your team will learn to come away with a shared understanding of what you’re attempting to build and why. Get a high-level view of story mapping, with an exercise to learn key concepts quickly Understand how stories really work, and how they come to life in Agile and Lean projects Dive into a story’s lifecycle, starting with opportunities and moving deeper into discovery Prepare your stories, pay attention while they’re built, and learn from those you convert to working software
