Hydrology Ian Watson,2017-11-13 Hydrology covers the fundamentals of hydrology and hydrogeology, taking an environmental slant dictated by the emphasis in recent times for the remediation of contaminated aquifers and surface-water bodies as well as a demand for new designs that impose the least negative impact on the natural environment. Major topics covered include hydrological principles, groundwater flow, groundwater contamination and clean-up, groundwater applications to civil engineering, well hydraulics, and surface water. Additional topics addressed include flood analysis, flood control, and both ground-water and surface-water applications to civil engineering design.

The Virtual Ticket Paul Richards,2020-03-13 The Virtual Ticket is for anyone who wants to host next-level engaging experiences for online attendees. This book is full of detailed case studies from innovative event planners who are diversifying their revenue streams with virtual ticket sales. Whether you are a business, sports team, non-profit, event venue or a garage band, this book includes everything you need to know about planning live streams that provide audiences with experiences worth paying for. Adding a virtual ticket option for your next event does more than increase profits. Virtual tickets help expose events to global audiences by increasing

convenience and accessibility with new broadcasting and translation tools that are now available. Author Paul Richards is the Chief Streaming Officer for the StreamGeeks, who detail effective strategies for transporting audiences into experiences that will keep them coming back for more. The author outlines from start to finish how conferences can add virtual ticket options to their marketing plans to help event managers budget for the new endeavor. In a fun and easy to understand manner, Richards explains how the multi-billion dollar digital experience economy has been growing year after year. Readers unfamiliar with influencer marketing, live streaming, and online community building will be encouraged to get involved to better understand modern consumer behaviors. A paradigm shift in event marketing will help readers understand how to position virtual tickets as exciting experiences worth sharing with their friends. Richards draws on innovative thinkers from books such as “Experience Economy”, “Growth Hacker Marketing”, and “Special Events” to craft a journey that is full of insights and actionable takeaways. If you want to sell virtual access to online experiences, this is the book for you.
