Making Houston Modern Barrie Scardino Bradley,Stephen Fox,Michelangelo Sabatino,2023-11-15 Complex, controversial, and prolific, Howard Barnstone was a central figure in the world of twentieth-century modern architecture. Recognized as Houston's foremost modern architect in the 1950s, Barnstone came to prominence for his designs with partner Preston M. Bolton, which transposed the rigorous and austere architectural practices of Ludwig Mies van der Rohe to the hot, steamy coastal plain of Texas. Barnstone was a man of contradictions—charming and witty but also self-centered, caustic, and abusive—who shaped new settings that were imbued, at once, with spatial calm and emotional intensity. Making Houston Modern explores the provocative architect's life and work, not only through the lens of his architectural practice but also by delving into his personal life, class identity, and connections to the artists, critics, collectors, and museum directors who forged Houston's distinctive culture in the postwar era. Edited by three renowned voices in the architecture world, this volume situates Barnstone within the contexts of American architecture, modernism, and Jewish culture to unravel the legacy of a charismatic personality whose imaginative work as an architect, author, teacher, and civic commentator helped redefine architecture in Texas.

The Son of Man George W. Barclay Jr.,2010-10-27 Sequel to Road to Damascus. DEATH TO USA and DEATH TO ALL AMERICANS were painted in blood on multiple walls in downtown Tehran. The desecrated American flag with blood or red paint shocked her and death to the USA meant her among others. It meant all Americans! The poison and evil of the clergy, Mullahs and Immans, were palpable like a paraclete from darkness, like a paraclete from hell. The Mullahs never stopped. They pounded their chest and yelled, Allahu Akbar and death to the USA. Sandra was too young to remember what Germany was like under Hitler's spell. A whole nation could be mesmerized by evil and become evil. Islam was evil! The Mullahs were evil, and Iran was evil. They wore veils and borqas and hovered close. WARNING: Contains violence, profanity, and erotic sex. NOT FOR DUMMIES.

Thirsting for Living Water Michael J. Mantel,2021-10-12 When a perfect storm of personal, professional, and natural disaster threw Mike Mantel into a dark night of the soul, he embarked on a journey through his own life and around the world to rediscover God's presence through the diverse body of Christ. In Thirsting for Living Water, Mantel invites readers to join him on this adventure and open their eyes to their own stories of God's faithfulness. It's an invitation to see where God is already at work: at home, among neighbors, and to the ends of the earth. Here is a story of the holistic gospel, driven by compassion, justice, and mercy, with Jesus at the center. Here is an inspiring vision of a unified, global church—in which each of us has a vital role to play.

Youth Violence and Delinquency Frank P. Williams,Marilyn D. McShane,2007-05-30 Juvenile crime and violence has always piqued the public's interest. Indeed, each generation of Americans tends to define the youth crime problem as more serious than any previous generation. Even though juvenile homicides have been decreasing since the mid-1990s, the media is still quick to provide dramatic examples of juvenile monsters who are terrorizing their communities. Shootings at school, gang banging and trafficking drugs, school bullies, and charging juveniles as adults are subjects that have recently received wide media coverage. This three volume set on the nature, incidence, consequences, and treatment of youth crime and violence will help readers understand the true nature of youth crime and violence from a variety of perspectives. Each volume covers a different area and experts write on topics ranging from sex offending to fire starting, from gangs to guns, from juvenile probation to charging youths as adults, from mandatory mental health treatment to police in school settings, and more. What drives a teenager to steal? To kill? Why does youth crime and violence occur? Why are youths such vulnerable targets? What can be done to stop youth offenders, and what can be done to help youthful victims? How does the criminal justice system respond? What do communities do to punish and protect youths? What can schools do to intervene? All these questions and more are answered in this set on this timely and important topic. Our youth are our most precious commodity, and protecting vulnerable children as well as helping offenders is of paramount importance for steering them toward safe and productive lives. These volumes help readers better understand the causes and consequences of youth violence and crime and consider ways to address the problems.
