May We Suggest Alison Pearlman,2018-10-16 An art expert takes a critical look at restaurant menus—from style and layout to content, pricing and more—to reveal the hidden influence of menu design. We’ve all ordered from a restaurant menu. But have you ever wondered to what extent the menu is ordering you? In *May We Suggest*, art historian and gastronome Alison Pearlman focuses her discerning eye on the humble menu to reveal a captivating tale of persuasion and profit. Studying restaurant menus through the lenses of art history, experience design and behavioral economics, Pearlman reveals how they are intended to influence our dining experiences and choices. Then she goes on a mission to find out if, when, and how a menu might sway her decisions at more than sixty restaurants across the greater Los Angeles area. What emerges is a captivating, thought-provoking study of one of the most often read but rarely analyzed narrative works around.

The Complete Plotto: A Tested and Proven Method of Plot Suggestion and Content Structure for Writers of Creative Fiction William Wallace Cook,2017-10-08 How to Write A Novel Every Week The trick is in coming up with enough plots. A wildly prolific, early 20th century pulp writer, William Wallace Cook was a writing machine. At times he did indeed regularly turn out a full novel every week, for weeks at a time. While he set the bar for pulp fiction, he was also passionate about the process of writing itself. Keeping notes on index cards, he was able to distill the process of plotting down to a simple, but thorough manual, Plotto. Why should you have a copy around your writing office? As Cook tells it: Plotto is the greatest single aid in plotting ever offered writers. Make up your mind now to give Plotto and this manual the time it deserves. The best-known writers in the world own and use Plotto. Alfred Hitchcock was an early student, so was Earl Stanley Gardner. Robert Silverberg also gave a great review of the book. This edition includes the seven lessons in Plotto Instruction Manual Also available in Trade paperback.

Murder by Suggestion Veronica Heley,2018-10-01 Murder is no joke, as Ellie Quicke is only too aware in this absorbing and entertaining mystery. Ellie Quicke is shocked when her daughter, Diana, turns up at her door with a suitcase in tow. Bunny Brewster has died of an overdose, and Diana’s husband, Evan, is convinced that she is responsible for his friend’s death. It seems that Diana and four other neglected, bored wives of Evan’s friends recently joked about ways to kill their husbands. Diana’s suggested method of murder involved muddling up pills – could this be how Bunny died, or was it just a tragic accident? All five women are soon causing havoc at Ellie’s house, but a further distressing development confirms Ellie’s instinct that there’s more to this than meets the eye. With the safety of her nearest and dearest at risk, can Ellie work out who is responsible, and why?

Suggested Reading Dave Connis,2019-09-17 In this hilarious and thought-provoking contemporary teen standalone that’s perfect for fans of *Moxie*, a bookworm finds a way to fight back when her school bans dozens of classic and meaningful books. Clara Evans is horrified when she discovers her principal’s “prohibited media” hit list. The iconic books on the list have been pulled from the library and aren’t allowed anywhere on the school’s premises. Students caught with the contraband will be sternly punished. Many of these stories have changed Clara’s life, so she’s not going to sit back and watch while her draconian principal abuses his power. She’s going to strike back. So Clara starts an underground library in her locker, doing a shady trade in titles like *Speak* and *The Chocolate War*. But when one of the books she loves most is connected to a tragedy she never saw coming, Clara’s forced to face her role in it. Will she be able to make peace with her conflicting feelings, or is fighting for this noble cause too tough for her to bear? “Suggested Reading is a beautiful reminder that there is nothing simple about loving a book.” —David Arnold, New York Times bestselling author of *Mosquitoland*

Suggestion and its Role in Social Life V. M. Bekhterev,2017-07-12 Vladimir Mikhailovitch Bekhterev was a pioneering Russian neurologist, psychiatrist, and psychologist. A highly esteemed rival of Ivan Pavlov, his achievements in the areas of personality, clinical psychology, and political and social psychology were recognized and acclaimed throughout the world. However, when his version of reflexological doctrine ran afoul of official Soviet ideology in the 1920s his work was banned and his influence suppressed through the dispersal of his many colleagues and disciples. Bekhterev himself died in 1927 under mysterious circumstances. This translation of *Suggestion and Its Role in Social Life* is a significant instance of intellectual and cultural restoration. It marks a starting point of Bekhterev's lifelong endeavor to relate his clinical observations and philosophy of science to problems of the social world. Bekhterev's investigation reviews and explains the many conflicting positions in the social and scientific thought concerning the nature and power of suggestion. He takes pains to differentiate the process from persuasion and hypnosis, and discusses suggestion and autosuggestion in the waking state, examining their effectiveness on feeling, thought, and behavior. He then discusses the destructive consequences of the process—violent crime, suicide, witchcraft, and devil-possession hysteria— in a wide variety of contexts important in the Russia, Europe and North America of the period. Bekhterev presents a structural model of the mind, including both conscious and unconscious realms, and the phenomena of suggestion without awareness; in doing so he anticipated much present-day work on preconscious influence. *Suggestion and Its Role in Social Life* is a landmark study in collective psychological research that may lead to revisions in histories of social psychology. It will be read by psychologists, sociologists, and social historians.

Suggestion and Suggestibility Vladimir A. Gheorghiu,Petra Netter,Hans J. Eysenck,Robert Rosenthal,2012-12-06 This book contains the proceedings of the First International Symposium on Suggestion and Suggestibility, held at the University of Giessen in the Federal Republic of Germany, July 7-11 1987, upon the initiative of and organized by Dr. V. A. Gheorghiu and Dr. P. Netter. I regret that for personal reasons I was unable to accept his kind invitation to attend, for Dr. Gheorghiu and I are old friends. I am pleased, however, to have this opportunity to call attention to the significance of this volume. Most of the chapters were presented in approximately their present form at the symposium, though some have been extensively revised for publication. It was a wise choice to divide the papers into four major sections. - I. Theoretical and Historical Perspectives, II. Assessment and Individual Differences of Suggestibility, III. Psychophysiological Aspects of Suggestibility, and IV. Social and Cognitive Aspects of Suggestive Processes - each with a summarizing commentary. In view of the variety and difficulty of the individual papers, it is a help to have the integration provided by these commentaries - on Part I by Sheehan (Chap. 7), on Part II by Lundy (Chap. 13), on Part III by Edmonston (Chap. 19), and on Part IV by Fiedler (Chap. 30).
