Waves Thom Gilbert, 2019-09-24 A vibrant celebration of surfers in and out of the water from an award-winning photographer Professional photographer Thom Gilbert spent four years among surfer royalty at the top of their game—in Spain, New York, California, and Hawaii—with his camera trained not only on tiny figures disappearing in the waves, but also on the surfers' faces and bodies back on land. He returned from the beaches with intimate portraits of the world's best—from the newest talent to the oldest and most revered—and also with dramatic action shots and revealing images of the culture around this sport and lifestyle. The book features not only 300 photographs, but some Q&As with, and hand-written contributions from, prominent figures in the scene. Ultimately, *Waves* is an ode to surfing and to the men and women who live it every day.

Tomson's life lessons have guided his career to the top of both professional competition and the world of business. Now, he shares these powerful lessons, born on the world's best swells, with all people—including those who might never step on a surfboard. These lessons are born of the collective wisdom of the surf community and are a powerful source of inspiration in the face of extraordinary challenges of every day life.

Together, the Paskowitz clan lived a vagabonding bohemian existence, eschewing material possessions in favor of intangible riches like health and good cheer . . . all the while careening along the world's coastlines in search of the perfect wave. In *Scratching the Horizon*, Izzy Paskowitz looks back at his unusual upbringing, and his lifelong passion for the sport that carries his family's stamp. As the fourth-oldest child in a family of inveterate surfers, rock stars, and beach bums, he is uniquely qualified to shine a light on a childhood that has come to symbolize the surfing credo, a reckless young adulthood that nearly cost him his sanity, and a maturing sense of self and purpose that allows him to lift others on the back of his experience. As the father of a son with autism and the founder of Surfers Healing, a foundation devoted to expanding the horizons of children with autism through surfing, Paskowitz has found a way to connect the surreal aspects of his childhood to the harsh realities of adulthood, and he shares these discoveries in this wickedly entertaining and transforming memoir.

**Dangerous Fun** Ugo Corte, 2022-06-20 A thrilling ethnography of big wave surfing in Hawaii that explores the sociology of fun. Straight from the beaches of Hawaii comes an exciting new ethnography of a community of big-wave surfers. Oahu's Waimea

Bay attracts the world's best big wave surfers—men and women who come to test their physical strength, courage, style, knowledge of the water, and love of the ocean. Sociologist Ugo Corte sees their fun as the outcome of social interaction within a community. Both as participant and observer, he examines how mentors, novices, and peers interact to create episodes of collective fun in a dangerous setting; how they push one another's limits, nourish a lifestyle, advance the sport and, in some cases, make a living based on their passion for the sport. In *Dangerous Fun*, Corte traces how surfers earn and maintain a reputation within the field, and how, as innovations are introduced, and as they progress, establish themselves and age, they modify their strategies for maximizing performance and limiting chances of failure. Corte argues that fun is a social phenomenon, a pathway to solidarity rooted in the delight in actualizing the self within a social world. It is a form of group cohesion achieved through shared participation in risky interactions with uncertain outcomes. Ultimately, Corte provides an understanding of collective effervescence, emotional energy, and the interaction rituals leading to fateful moments—moments of decision that, once made, transform one's self-concept irrevocably.
