Make Time Jake Knapp, John Zeratsky, 2018-09-25 From the New York Times bestselling authors of *Sprint* comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of *The Power of Habit* Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. *Make Time* is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. *Make Time* isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media.

Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., *Make Time* will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

To-Do List Sasha Cagen, 2008-06-30 What Do Your Lists Say About You? More and more, we are a nation of list-makers, from grocery lists, New Year's resolutions, and things to do before we die to DVDs to rent and people we've kissed. In *To-Do List* (based on the popular blog of the same name, todolistblog.com) Sasha Cagen celebrates the humble to-do list, exploring the ways these scribbled agendas reflect our personalities and passions. *To-Do List* is both a celebration of lists and a peek at the lists that others create. Broken down by subjects like Daily Lists to Sex Lists, it's a fascinating collection of lists from everyday people to the well-known: Novelist Nick Hornby's list of desert island discs A therapist's secret fears (I HATE having to think about clients in relation to my hair or clothes) A shopping list from chef Alice Waters of Chez Panisse A woman's accomplishments before her thirtieth birthday (Hot air ballooned over the Serengeti, Danced on a table in Vegas) Qualities one man is looking for in a future wife, including Chews with her mouth shut and Will let me give my first son the middle name of 'Jacob' With each list, Cagen offers the story behind it and a prompt for readers to compare notes and take their own stab at a similar list. Voyeuristic and interactive, *To-Do List* will show you just how much -- and what -- your lists say about you.

Goodbye, Things: The New Japanese Minimalism Fumio Sasaki, 2017-04-11 The best-selling phenomenon from Japan that shows us a minimalist life is a happy life. Fumio Sasaki is not an enlightened

minimalism expert or organizing guru like Marie Kondo—he's just a regular guy who was stressed out and constantly comparing himself to others, until one day he decided to change his life by saying goodbye to everything he didn't absolutely need. The effects were remarkable: Sasaki gained true freedom, new focus, and a real sense of gratitude for everything around him. In *Goodbye, Things* Sasaki modestly shares his personal minimalist experience, offering specific tips on the minimizing process and revealing how the new minimalist movement can not only transform your space but truly enrich your life. The benefits of a minimalist life can be realized by anyone, and Sasaki's humble vision of true happiness will open your eyes to minimalism's potential.

To-Do List Makeover S. J. Scott, 2014-05-30 **LEARN::** Why Most People FAIL At Getting Things Done Are you creating to-do lists that never get to-done? It's easy to start each workday with a lengthy list of tasks. Then something unexpected comes up. Next thing you know, the day is almost over. You work hard at a frantic pace, but you end up feeling frustrated because there's not enough time to do everything. We all write lists with the hope that they will turn us into productivity machines. Sadly, to-do lists often have the opposite effect. The wrong type of list can be de-motivating, causing you to slack off and procrastinate. **DISCOVER:** How to Create To-Do Lists That are Both Actionable and Doable The truth is anyone can write a list. The hard part is creating a list that's actionable and also fits into your busy life. More often than not, people fill their lists with a disorganized mess of tasks, wants, needs and random ideas. Then they sit around and wonder why they're not getting significant results in their lives. What's the solution? Rethink the way you manage your daily life. Indistractable Nir Eyal, 2019-09-10 Indistractable provides a framework that will deliver the focus you need to get results. —James Clear, author of Atomic Habits If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best

intentions? What could you accomplish if you could stay focused? What if you had the power to become undistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing *Hooked*, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In *Undistractable*, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. *Undistractable* reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals:

- Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it
- What really drives human behavior and why time management is pain management
- Why your relationships (and your sex life) depend on you becoming undistractable
- How to raise undistractable children in an increasingly distracting world

Empowering and optimistic, *Undistractable* provides practical, novel techniques to control your time and attention—helping you live the life you really want.

Taming the To-Do List Glynnis Whitwer, 2015-08-18 No matter how hard women work or how much they accomplish in a day, there's lingering anxiety and guilt over what they didn't do. We just wish the world would stop for a day so we could catch up. Glynnis Whitwer has identified what makes us feel so overburdened--and it's probably not what you think. *Taming the To-Do List* exposes a seismic shift in our society: from one in which most of us were proactive toward one where we now carry the burden of having to respond--to every email, text, tweet, and message we receive. This major shift creates a cycle where everyone else sets the priorities for our days, rather than us designing our own lives. *Taming the To-Do List* addresses this significant change in how we manage our time and the issue of procrastination from a woman's point of view. It addresses the common household tasks many women put off, like doing housework and scheduling doctor's appointments, and moves on to the larger,

more life-impacting delays of dreams and goals. Combining practical, easy-to-apply advice with solid research and biblical truth, this book is a compassionate yet challenging message of hope for those struggling to choose their best work over busy work.
