Tracker Gary Paulsen,2012-05-29 A young hunter must confront the value of life as he faces the loss of his grandfather. For John Borne's family, hunting has nothing to do with sport or manliness. It's a matter of survival. Every fall John and his grandfather go off into the woods to shoot the deer that puts meat on the table over the long Minnesota winter. But this year John's grandfather is dying, and John must hunt alone. John tracks a doe for two days, but as he closes in on his prey, he realizes he cannot shoot her. For John, the hunt is no longer about killing, but about life.

Pacey Packer: Unicorn Tracker Book 1 J. C. Phillipps,2020-08-04 Introducing a brand-new middle-grade graphic novel series with attitude that's just right for fans of Babymouse and Real Friends, and for anyone who loves--or hates!--unicorns! Pacey's little sister, Mina, has always said her stuffed unicorn, Slasher, is real--but seriously? He's a stuffed toy! Then again, he does seem to be leading Mina outside her room and to . . . some kind of weird magical unicorn land? Pacey may not believe in unicorns, but she's not about to let her little sister be kidnapped, so she does the only thing she can: follows them to unicorn land (that she totally does NOT believe in). And for the record, it's NOTHING like the stories. First off, what's up with Slasher's attitude? It's not Pacey's fault he's trapped in a ridiculous stuffed body. And that Alpha Unicorn guy? NOT. Nice. Pacey will just be grabbing Mina and taking her home, thankyouverymuch . . . that is, if she can work with the grumpiest unicorn stuffy ever to outsmart the Evil Alpha Unicorn and find the way out--preferably without stepping on any poisonous killer flowers. (WHAT IS WITH THIS PLACE ANYWAY?!)

Trackers 3 Nicholas Sansbury Smith,2017-09-11 One month after the North Korean attack, the United States continues to fall into anarchy. In Estes Park, Colorado, Police Chief Marcus Colton and tracker Sam 'Raven' Spears work tirelessly to defend their home town. But after a brutal coordinated attack, they realize it will take much more than roadblocks and a volunteer militia to protect their borders and keep their families safe.--Back cover.

The Lion Tracker's Guide To Life Boyd Varty,2019-10-22 Somewhere deep inside, you know what your gift, purpose, and mission are. Boyd Varty, a lion tracker and life coach, reveals how the wisdom from the ancient art of tracking can teach you how to recognize these essential ingredients in a meaningful life. Know how to navigate, don't worry about the destination, and stay alert. These are just a few of the strategies that contribute to both successful lion tracking and a life of fulfillment. When we join Boyd Varty and his two friends tracking lions, we are immersed in the South African bush, and,

although we learn some of the skills required for actual tracking, the takeaways are the strategies that can be applied to our everyday lives. Trackers learn how to use all of their senses to read the environment and enter into a state of “greater aliveness.” When we learn to find and follow our inner tracks, we learn to see what is deeply important to us. In the same way the trip in the classic *Zen and the Art of Motorcycle Maintenance* was a vehicle to examine how to live out our values, the story of this one-day adventure—with danger and suspense along the way—uses the ancient art of tracking to convey profound lessons on how to live a purposeful, meaningful life of greater harmony.

Tracker Joel Hardin, Matt Condon, 2004-01-01 *Tracker* is a much requested recounting of homicide case files, missing person searches and other legendary adventures of Joel Hardin during his thirty year law enforcement and tracking career. True tracking skill is detailed in a wide variety of cases from the tracking and capture of armed fugitive Artie Ray Baker who executed a U.S. Customs Inspector to the following of six-week old footprints to find trekker Robert Bogucki in the Great Sandy Desert of Western Australia. Joel tells of his beginning with the U.S. Border Patrol and surreptitious border crossers where he became a recognized Sign Cutter and tracking expert. Technical tracking chapters of *Tracking Basics*, *Sign Aging* and *Advanced Tracking* provide reader insight to understand tracking concepts and Joel's principle “trackers see that which others look at and do not see.” Walk the trails of true tracking adventures with Joel as he tells the stories in his “round the campfire” style.

The Tracker's Mate Ingrid Seymour, 2020-12-17 I'm a kick-butt tracker. The best in the business. Dead or alive, I find them. No one can hide from me, including people's predestined mates. I can hook couples up better than Tinder. It's my specialty. A year ago, I opened my own agency, and now that I'm finally looking out for number one, my bank account has regained its lost confidence. So when Jake Knight suddenly returns, determined to drag me back into the dangerous life I used to lead—the same one where ramen was a staple and I became homeless—I put my brand new Louis Vuitton boot down. He can take his hot self back to whatever hole he crawled from. Sure, it sucks there's a supernatural war brewing, and the werewolf I used to date has gone missing, but Jake won't drag me back into that life. No way. He can fight crime all on his lonesome. I'm done with it. Or at least that's my goal until the attempts on my life begin, and I barely escape with my life. Now, I have an ancient vampire on my tail, and a hot werewolf reawakening our troubled past, and I must fight not to lose myself again. If you enjoy K.F. Breene, Shannon Mayer, Annette Marie, and CN Crawford then prepare to enjoy a witty heroine and her rekindling romance with a hot werewolf.

Trackers Deon Meyer,2011-09-06 Lemmer's First Law: Don't get involved. But when Emma le Roux looks at him with pleading eyes, when the roof of his Karoo house needs big repairs, when the cause is good and just, laws can be broken. So he sighs, and says, yes, he'll ride shotgun for two rare black rhinos. Bad decision. Because on a dark and dusty road in Limpopo, they stick a Smith & Wesson Model 500 against his head. They kick him and beat him, they lie, they deceive him, and they steal his Glock, the one with his fingerprints all over it. They should have killed him. And now he goes after them--the start of a trail of violence that will run the length and breadth of a country, and touch many lives. It will leave a trail of blood through the first private-investigation dossier of former cop Mat Joubert. It's a fifty-five, police slang for a missing persons case. It will stomp fear and horror through the life of Milla Strachan, who walked out on her rich, cheating husband and abusive teenage son to start a new life. A trail of death, stretching from the Chizarira to the Cape Waterfront. And at the end of it, nobody will be untouched.
