Trailblazer Marc Benioff, Monica Langley, 2019-10-15 NEW YORK TIMES BESTSELLER • The founder and co-CEO of Salesforce delivers an inspiring vision for successful companies of the future—in which changing the world is everyone’s business. “The gold standard on how to use business as a platform for change at this urgent time.”—Ray Dalio, founder of Bridgewater Associates and author of Principles: Life and Work What’s the secret to business growth and innovation and a purpose-driven career in a world that is becoming vastly more complicated by the day? According to Marc Benioff, the answer is embracing a culture in which your values permeate everything you do. In Trailblazer, Benioff gives readers a rare behind-the-scenes look at the inner workings of one of the world’s most admired companies. He reveals how Salesforce’s core values—trust, customer success, innovation, and equality—and commitment to giving back have become the company’s greatest competitive advantage and the most powerful engine of its success. Because no matter what business you’re in, Benioff says, values are the bedrock of a resilient company culture that inspires all employees, at every level, to do the best work of their lives. Along the way, he shares insights and best practices for anyone who wants to cultivate a company culture positioned to thrive in the face of the inevitable disruption ahead. None of us in the business world can afford to sit on the sidelines and ignore what’s going on outside the walls of our workplaces. In the future, profits and progress will no longer be sustainable unless they serve the greater good. Whether you run a company, lead a small team, or have just draped an ID badge around your neck for the first time, Trailblazer reveals how anyone can become an agent of change. Praise for Trailblazer “A guide for what every business and organization must do to thrive in this period of profound political and economic change.”—Jamie Dimon, chairman and CEO of JPMorgan Chase “In Trailblazer, Benioff explores how companies can nurture a values-based culture to become powerful platforms for change.”—Susan Wojcicki, CEO of YouTube

Trailblazer Farooq Kathwari, 2019-09-03 Farooq Kathwari’s extraordinary life began in politically divided Kashmir, where his family was separated by government decree. He had to leave home as a refugee, helped his mother survive shock therapy, joined student activists in street demonstrations, and faced down a gun-wielding security officer—all by the age of seventeen. Forced to become self-reliant, Kathwari journeyed to the United States, talked his way into a bookkeeping job, and earned a degree from NYU graduate school. He launched his first entrepreneurial venture selling Kashmiri crafts out of his Brooklyn apartment. When Kathwari’s best customer, the iconic furniture maker Ethan Allen, needed fresh leadership, he was asked to become its president. He transformed the company and become one of America’s most successful—and admired—CEOs. Meanwhile, spurred by the tragic loss of his teenaged son in war, Kathwari dedicated himself to the cause of peace in Kashmir and around the world. He hosted meetings with diplomats, shuttled messages between heads of state, and worked with global leaders on issues from human rights to refugee resettlement. Brimming with drama, insight, and unexpected humor, Trailblazer recounts a unique life story, offering readers not just an engrossing journey but also the wisdom of an exceptional leader. From Trailblazer— When the American journalist told me he hoped to report the truth about the Kashmir uprising, I decided to help. “The government people won’t let you see what is really happening,” I said. “Why not let me take you around?” It was foolish of me to make such an offer. I knew I was risking retribution by the security forces. But I was a headstrong, independent young man. I wanted the truth to get out, and I would do what I could to help that happen.

Trailblazer Dorothy Butler Gilliam, 2019-01-08 Dorothy Butler Gilliam, whose 50-year-career as a journalist put her in the forefront of the fight for social justice, offers a comprehensive view of racial relations and the media in the U.S. Most civil rights victories are achieved behind the scenes, and this riveting, beautifully written memoir by a black first looks back with searing insight on the decades of struggle, friendship, courage, humor and savvy that secured what seems commonplace today—people of color working in mainstream media. Told with a pioneering newspaper writer’s charm and skill, Gilliam’s full, fascinating life weaves her personal and professional experiences and media history into an engrossing tapestry. When we read about the death of her father and other formative events of her life, we glimpse the crippling impact of the segregated South before the civil rights movement when slavery’s legacy still felt astonishingly close. We root for her as a wife, mother, and ambitious professional as she seizes once-in-a-lifetime opportunities never meant for a dark-skinned woman and builds a distinguished career. We gain a comprehensive view of how the media, especially newspapers, affected the movement for equal rights in this country. And in this humble, moving memoir, we see how an innovative and respected journalist and working mother helped provide opportunities for others. With the distinct voice of one who has worked for and witnessed immense progress and overcome heart-wrenching setbacks, this book covers a wide swath of media history -- from the era of game-changing Negro newspapers like the Chicago Defender to the civil rights movement, feminism, and our current imperfect diversity. This timely memoir, which reflects the tradition of boot-strapping African American storytelling from the South, is a smart, contemporary consideration of the media.

Trailblazers Dave Jackson, 1994-04 This set includes Kidnapped by River Rats, The Queen's Smuggler, Spy for the Night Riders, The Hidden Jewel, and Escape from the Slave Traders.

The Quiet Trailblazer Mary Frances Early, 2021-09-15 The Quiet Trailblazer recounts Mary Frances Early’s life from her childhood in Atlanta, her growing interest in music, and her awakening to the injustices of racism in the Jim Crow South. Early carefully maps the road to her 1961 decision to apply to the master’s program in music education at the University of Georgia, becoming one of only three African American students. With this personal journey we are privy to her prolonged and difficult admission process; her experiences both troubling and hopeful while on the Athens campus; and her historic graduation in 1962. Early shares fascinating new details of her regular conversations with civil rights icon Dr. Martin Luther King Jr. at Ebenezer Baptist Church in Atlanta. She also recounts her forty-eight years as a music educator in the state of Georgia, the Southeast, and at the national level. She continued to blaze trails within the field and across professional associations. After Early earned her master’s and specialist’s degrees, she became an acclaimed Atlanta music educator, teaching music at segregated schools and later being promoted to music director of the entire school system. In 1981 Early became the first African American elected president of the Georgia Music Educators Association. After she retired from working in public schools in 1994, Early taught at Morehouse College and Spelman College and served as chair of the music department at Clark Atlanta University. Early details her welcome reconciliation with UGA, which had failed for decades to publicly recognize its first Black graduate. In 2018 she received the President’s Medal, and her portrait is one of only two women’s to hang in the Administration Building. Most recently, Early was honored by the naming of the College of Education in her honor.

Trailblazer Samuel Lee Gravely, Paul Stillwell, 2010 ' A Navy pioneer, Vice Adm. Samuel Gravely was the first African American to be commissioned a flag officer in the U.S. Navy, the first to command a Navy ship in the twentieth century, and the first to command a U.S. numbered fleet. In this memoir, co-authored by the noted naval historian Paul Stillwell, Gravely describes his life from his boyhood in Richmond, Virginia, through his officer service on board a World War II submarine chaser, to later tours of duty at sea and ashore. Denied housing and even jailed for impersonating an officer, he recounts efforts to overcome both cultural and institutional obstacles posed by racism as he rose through the ranks. In 2009, the Navy named the guided missile destroyer Gravely in his honor.' (Naval Institute Press website)

Trailblazer Leda Schubert,2018-01-16 This beautiful picture book tells the little-known story of Raven Wilkinson, the first African American woman to dance for a major classical ballet company and an inspiration to Misty Copeland. When she was only five years old, her parents took her to see the Ballet Russe de Monte Carlo. Raven perched on her crushed velvet seat, heard the tympani, and cried with delight even before the curtain lifted. From that moment on, her passion for dance only grew stronger. No black ballerina had ever danced with a major touring troupe before. Raven would be the first. Raven Wilkinson was born on February 2, 1935, in New York City. From the time she was a little girl, all she wanted to do was dance. On Raven's ninth birthday, her uncle gifted her with ballet lessons, and she completely fell in love with dance. While she was a student at Columbia University, Raven auditioned for the Ballet Russe de Monte Carlo and was finally accepted on her third try, even after being told she couldn't dance with them because of her skin color. When she started touring with her troupe in the United States in 1955, Raven encountered much racism in the South, but the applause, alongside the opportunity to dance, made all the hardship worth it. Several years later she would dance for royalty with the Dutch National Ballet and regularly performed with the New York City Opera until she was fifty. This beautiful picture book tells the uplifting story of the first African American woman to dance for a major classical ballet company and how she became a huge inspiration for Misty Copeland. Theodore Taylor III's unique, heavy line style of illustration brings a deeper level of fluidity and life to the work, and Misty Copeland's beautifully written foreword will delight ballet and dance fans of all ages.

Jim Bridger Jerry Enzler,2021-04-29 Even among iconic frontiersmen like John C. Frémont, Kit Carson, and Jedediah Smith, Jim Bridger stands out. A mountain man of the American West, straddling the fur trade era and the age of exploration, he lived the life legends are made of. His adventures are fit for remaking into the tall tales Bridger himself liked to tell. Here, in a biography that finally gives this outsize character his due, Jerry Enzler takes this frontiersman’s full measure for the first time—and tells a story that would do Jim Bridger proud. Born in 1804 and orphaned at thirteen, Bridger made his first western foray in 1822, traveling up the Missouri River with Mike Fink and a hundred enterprising young men to trap beaver. At twenty he “discovered” the Great Salt Lake. At twenty-one he was the first to paddle the Bighorn River’s Bad Pass. At twenty-two he explored the wonders of Yellowstone. In the following years, he led trapping brigades into Blackfeet territory; guided expeditions of Smithsonian scientists, topographical engineers, and army leaders; and, though he could neither read nor write, mapped the tribal boundaries for the Great Indian Treaty of 1851. Enzler charts Bridger’s path from the fort he built on the Oregon Trail to the route he blazed for Montana gold miners to avert war with Red Cloud and his Lakota coalition. Along the way he married into the Flathead, Ute, and Shoshone tribes and produced seven children. Tapping sources uncovered in the six decades since the last documented Bridger biography, Enzler’s book fully conveys the drama and details of the larger-than-life history of the “King of the Mountain Men.” This is the definitive story of an extraordinary life.

Trailblazer Chuck McFadden,2013-05-06 In this first biography of Edmund Gerald Brown Jr. in more than thirty years, Chuck McFadden explores the unique persona of one of the most idiosyncratic politicians in California history. Son of California political royalty who forged his own political style against the tumultuous backdrop of a huge, balkanized state—and shoved to and fro by complex currents—Jerry Brown plumbed his visionary impulses as well as his grandiose ambitions. McFadden traces Brown’s childhood in San Francisco, his time studying for the priesthood, his unusual political career, and his romances—including a long-term relationship with singer Linda Ronstadt. He describes Brown’s first two terms as governor advocating for farm workers, women and minorities, his time roaming the world in a spiritual quest, and his return to the gritty world of politics as chairman of the California Democratic Party and then mayor of Oakland. Political experts weigh in with thoughts about the remarkable 2010 campaign that saw the 72-year-old Brown winning his third term in office while being vastly outspent by Republican Meg Whitman. Concise, insightful, and enlivened by the events and personalities that colored the history of California, Trailblazer provides an intimate portrait of the pugnacious, adept politician who has bucked national trends to become a leader of one of the largest economies in the world.

Trailblazer Barbara Randall Clark,2014-10-09 This book is the result of the urgings of fellow Morgan State University Alumni to write an account of the life of my spouse, Carl Oliver Clark. Since he was the first in several areas to accomplish success and open the way for others to follow, it seemed appropriate to record these experiences for his children, his family members, and his friends to know and remember his journey.

The Trailblazer Series Robin Reardon,2020-09-08 Nathan Bartlett is a trailblazer—not because he follows established routes in the White Mountains, or on Kaua'i, or on Mt. Desert Island, but because he explores and then follows that inner path that tells him who he is and how he relates to the world around him. Forging his path doesn't mean he finds all the answers. It means he identifies the questions that matter. In On Chocorua, Nathan begins his journey as a college freshman. He makes a life-long friend, feels the pain of losing a lover to addiction, and loses his adored older brother Neil in a tragic accident. Although Nathan steps figuratively into the hiking boots Neil can no longer wear, he can't leave behind him the guilt he feels that he didn't know Neil—or his other family members—as well as he'd thought. He also can't seem to find the sense of being loved, the sense of belonging that Neil had given him, no matter how many mountain peaks he claims, no matter how deep the existential forgiveness he feels hiking on the island of Kaua'i (On the Kalalau Trail). He's had his fill of relationships that go nowhere, of men who've led him astray emotionally and on the mountains he climbs in memory of Neil Then, in On The Precipice, Nathan meets Drew Madden, a true mountain man who fell from a cliff and now uses a wheelchair. Nathan's relationship with Drew helps him realize he's been looking for himself in all the wrong places and guides him toward his own personal trail, which includes a career in addiction recovery. Nathan is a trailblazer on his own journey. And his success will be measured not by how well he follows someone else's path, but by whether he can forge his own. Walk with him.
