Trojan Horse of Western History Беляков Анатолий, Матвейчев Олег Анатольевич, 2015-01-30 What is this book about? This book is about an exciting journey to Troy, both ancient and modern. About the fact that the Trojans defeated the Greeks (not the other way around, as is commonly believed). And that the well-known Greek religion with its anthropomorphism was created artificially for political reasons. The authors assert that the information warfare, the falsification of history — is not an innovation, but the oldest essence of Western way of thinking. The book refutes the conventional wisdom that history is written by the winners. On the contrary, authors have shown: those who write history become winners. The book is written in bright, vivid and interesting manner for laymen. At the same time it is absolutely scientific and opposed fancy sensational historical fast food. This book is about the struggle for historical truth and justice, which roots us in the world, because without the truth we are orphans.

The Trojan Horse Ron Fontes, Justine Fontes, 2017-01-01 For ten years, the battle raged. Thousands of ancient Greece's best warriors battled their enemies, the Trojans, in a desperate attempt to win back King Meneleus's beautiful wife, Helen. After a decade of fighting and thousands dead, the Greek forces suddenly fell back. Cautiously the Trojans ventured out of the city walls, where they discovered a giant wooden horse and a messenger. Should they accept this peace offering? Or is the gift horse too good to be true?

The Trojan Horse Lisa Greathouse, 2009-11-20 This script tells a story about a war that took place long ago between the Greeks and the Trojans. It is said that the war began when the Trojans kidnapped Helen, the queen of the great Greek state, Sparta. The effort to get her back caused one of the greatest wars in history that lasted over a decade. Find out how it ended and who was behind the master plan!
