Twitter In 30 Minutes (3rd Edition) Ian Lamont,2016-01-04 Are you interested in using Twitter, but don't know where to start? Are you mystified by hashtags, retweets, and other strange conventions? The revised and expanded third edition of Twitter In 30 Minutes is here to help! This unofficial Twitter tutorial will walk you through the basics, using plain English, step-by-step instructions, and lots of examples from real Twitter users. In no time, you'll learn how to: * Create a new Twitter account online or on your phone * Customize your Twitter profile with photos and a bio that's right for you * Navigate Twitter icons, the Twitter app, and Twitter.com * Follow other Twitter accounts ... and block those you don't like * Identify local people and organizations using Twitter * Find people who share the same interests and hobbies * Compose your first Tweets * Share photos * Use hashtags, retweets, and other Twitter conventions There's more. Twitter In 30 Minutes shows you how all kinds of people use Twitter to promote their businesses, connect with their followers, explore their interests, and have fun! It's peppered with real-world examples, from everyday people to celebrities. Authored by award-winning technology journalist Ian Lamont, the revised third edition of Twitter In 30 Minutes covers Twitter's new interface for the Web and mobile devices such as the iPhone and Android phones. There are new screenshots, along with instructions for registration on iOS and Android devices. Twitter In 30 Minutes is a perfect introduction to people who are new to Twitter, as well as those who already have accounts and want to learn how to get the most out of Twitter. Buy the book today! Here's what real readers are saying about TWITTER IN 30 MINUTES: I quickly set up a Twitter account and started using it within a half hour. I would recommend this book for anyone who doesn't have a Twitter account, for those who do have one but aren't actively using it, and for those who aren't quite sure how to get the most out of their account. Though I have been using Twitter for some time now, I still learned a thing or two from reading this. Clarified any issues I had or concerns and listed some excellent precautions. Perfect introduction to Twitter. Quick and easy read with lots of photos. I finally understand the #! I've been tweeting for over a year but learned a lot if helpful details I hadn't been aware of until now. Lots of easy to understand info, and good instructions with screenshots that make it easy to understand. Thanks for the help and making Twitter even more fun. Just the quick, light intro I wanted. No annoying bits of philosophy. Some careful warnings about privacy and courtesy are included. You really can skim it in 30 minutes. Easy to read and actually fun to fire up my twitter account and play along with each chapter. Everyone has 30 spare minutes spread out over a week (if not a day) to read this guide.

Twitter (A Little Birdie Told Me) Henry J. Button,2009-07-22 There are not many really useful business tools that can lay claim to being 100% free. Twitter does, however, and while the opportunities it presents aren't really obvious at first glance, they're still manifold. Business users are learning new ways to turn Twitter to their advantage each and every day. Surprisingly, one of the best uses of Twitter is to add some human personality to you, your brand, and your company. One of the worst uses? Posting links to your own websites, day after day after day. I - Introduction to Twitter II - How Business Has Embraced Twitter III - Social Strategies IV - Using Twitter to Fuel Your Bottom Line V -Twitter Best Practices and Strategies Henry J. Button is an Internet Entrepreneur, Journalist and Social Media Commentator. This is his first book.

The Complete Idiot's Guide to Social Media Marketing, 2nd Edition Jennifer Abernethy,2012-04-03 The Complete Idiot's Guide® to Social Media Marketing, Second Edition, covers cutting-edge techniques for small and large businesses alike. Ask the Author Q: How has social media marketing changed business and personal lives? A: The playing field has been leveled for business. No longer do you need a 6 or 7 figure budget to reach people around the country or globe for that matter. Personally, many lives have been affected. Many people more connected, businesses have grown because of the connections, TV and singing careers have been launched, money has been raised for charity, books have been marketed and purchased, and so on. Q: What has been the most challenging part of utilizing social media? A: I think the learning curve. With all of these sites . . . they come with no directions and no LIVE phone number. Q: What has worked the best and worst thus far? A: Facebook because of it's broad reach really has worked for me, but many would argue that YouTube works the best; particularly since it is the search engine of choice with the 11-34 age group. Q: How can a person searching for a job use social media marketing? A: So many ways. . . . They need to be on LinkedIn with a professional looking profile, photo, and contact information. They could also utilize video to begin sharing their expertise. Candidates need to stand out in a crowd of millions so if they say . . . sent in a video introducing themselves and a video follow up email . . . that would wow them! Q: What is the newest thing since Twitter? A: I believe companies and individuals are starting to utilize audio for creating their own iTunes channel, and also location-based social media like FourSquare. I personally, am not sold on location based services as of yet from a safety point of view, but for retailers it can be a good thing. I believe video is going to explode in popularity in 2011 for the 35+ market as well. They just need to get comfortable being on camera!

Getting Organized in the Google Era Douglas Merrill,James A. Martin,2011-05-03 Whether it's a faulty memory, a tendency to multitask, or difficulty managing our time, every one of us has limitations conspiring to keep us from being organized. But, as organizational guru and former Google CIO Douglas C. Merrill points out, it isn't our fault. Our brains simply aren't designed to deal with the pressures and competing demands on our attention in today's fast-paced, information-saturated, digital world. What's more, he says, many of the ways in which our society is structured are outdated, imposing additional chaos that makes us feel stressed, scattered, and disorganized. But it doesn't have to be this way. Luckily, we have a myriad of amazing new digital tools and technologies at our fingertips to help us manage the strains on our brains and on our lives; the trick is knowing when and how to use them. This is why Merrill, who helped spearhead Google's effort to organize the world's information, offers a wealth of tips and strategies for how to use these new tools to become more organized, efficient, and successful than ever. But if you're looking for traditional, rigid, one-size-fits-all strategies for organization, this isn't the book for you. Instead, Merrill draws on his intimate knowledge of how the brain works to help us develop fresh, innovative, and flexible systems of organization tailored to our individual goals, constraints, and lifestyles. From how to harness the amazing power of search, to how to get the most out of cloud computing, to techniques for filtering through the enormous avalanche of information that assaults us at every turn, to tips for minimizing distractions and better integrating work and life, Getting Organized in the Google Era is chock-full of practical, invaluable, and often counterintuitive advice for anyone who wants to be more organized and productive—and less stressed--in our 21st-century world.
