The Women I Think About at Night Mia Kankimäki,2021-12-07 In this “thought-provoking blend of history, biography, women’s studies, and travelogue” (Library Journal) Mia Kankimäki recounts her enchanting travels in Japan, Kenya, and Italy while retracing the steps of ten remarkable female pioneers from history. What can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world, following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen—of Out of Africa fame—lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence, and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Atremisia Gentileschi. If these women could make it in the world hundreds of years ago, why can’t Mia? The Women I Think About at Night is “an astute, entertaining...[and] insightful” (Publishers Weekly) exploration of the lost women adventurers of history who defied expectations in order to see—and change—the world.

Becoming a Virtuous Woman in a Virtual World Flo Herald,2009-06-12 A new look at an old Bible story . It may be an old story, but its message is sorely needed today! It seems the virtues, characteristics, and attributes of Solomon's virtuous woman are sadly lacking in today's world. They are not taught in schools or universities, or even most homes and churches. As a matter of fact, many would call it old fashioned. But, there is a desperate need for strong, moral leaders with Godly integrity. Where are they going to come from if we don't teach them?

Daybreak Woman Jane Lamm Carroll,2020-09 A woman's remarkable life provides a new perspective on a century of turbulent change.

Virtual Gender Mary Ann O'Farrell,Lynne Vallone,1999 Explores notions of gender fantasy across time and culture, expanding the concept of virtuality to include people and events in history

Women and Second Life Dianna Baldwin,Julie Achterberg,2013-04-19 This collection of new essays explores issues of identity, work and play in the virtual world of Second Life (SL). Fourteen women discuss their experiences. Topics include teaching in Second Life, becoming an SL journalist, and using SL as a means to bring human rights to health care; exploring issues of identity and gender such as performing the role of digital geisha, playing with gender crossing, or determining how identity is formed virtually; examining how race is perceived; and investigating creativity such as poetry writing or quilting. The text is unique in that it represents only women and their experiences in a world that is most often viewed as a man’s world.

Virtual Gender Alison Adam,Eileen Green,2005-08-03 As yet there has been relatively little published on women's activities in relation to new digital technologies. Virtual Gender brings together theoretical perspectives from feminist theory, the sociology of technology and gender studies with well designed empirical studies to throw new light on the impact of ICTs on contemporary social life. A line-up of authors from around the world looks at the gender and technology issues related to leisure, pleasure and consumption, identity and self. Their research is set against a backcloth of renewed interest in citizenship and ethics and how these concepts are recreated in an on-line situation, particularly in local settings. With chapters on subjects ranging from gender-switching on-line, computer games, and cyberstalking to the use of the domestic telephone, this stimulating collection challenges the stereotype of woman as a passive victim of technology. It offers new ways of looking at the many dimensions in which ICTs can be said to be gendered and will be a rich resource for students and teachers in this expanding field of study.

The Liars Ida Linehan Young,2020-04-29 1895. Alice and John MacDonald, both running from pasts that were too traumatic to face, meet by chance and stay together in a fragile world that's rife with lies and secrets. The only thing they have in common is the love for a seven-year-old child, Beatrice, whom they have raised since she was a baby. When an escaped murderer triggers a series of events that will significantly change the lives of John and Alice and jeopardize the life of their darling daughter, they must take drastic action to protect the welfare of the child. Follow John and Alice as they are forced to leave the wilds of Labrador for an isolated future in Holyrood, Newfoundland, only to have their world turned upside down when they must face the consequences of the lives they lived. As the reality of their past unfolds with disastrous outcomes, will it mean they lose Beatrice forever to the mother who has longed for the child--a child born from a vicious assault and given away by a cruel stepmother--and is now eager to make her part of her new family?

Virtual Victorians Veronica Alfano,Andrew Stauffer,2016-01-18 Exploring how scholars use digital resources to reconstruct the 19th century, this volume probes key issues in the intersection of digital humanities and history. Muslim Women Online Anna Piela,2013-06-17 While issues surrounding Muslim women are common in the international media, the voices of Muslim women themselves are largely absent from media coverage and despite the rapidly increasing presence of Muslim women in online groups and discussions, it is still a relatively unexplored topic.This book examines Muslim women in transnational online groups, and their views on education, culture, marriage, sexuality, work, dress-code, race, class and sisterhood. Looking at both egalitarian and traditionalist Muslim women's views, the author considers their interpretations of Islam and identifies a new category of holists who focus on developing the Islamic sisterhood. Drawing on detailed analysis of online transcripts, she highlights women's rhetorical techniques and the thorough knowledge of Islamic sources which they use to justify their points in online discussions. She details how in the online context, as opposed to offline interactions, Muslim women are much more willing to cross boundaries between traditionalist and egalitarian interpretations of Islam and women's Islamic rights and responsibilities and to develop collaborative interpretations with supporters of different views. Shedding light on a candid and forthright global community, this book is an important contribution to the debate on women in Islam, and as such will be of interest to scholars and students of Islamic studies, gender studies, media studies and the Middle East.

Woman Evolve Sarah Jakes Roberts, 2021-04-06 A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In Woman Evolve, Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it's important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and yourself, but in Woman Evolve, you can break through and use past mistakes to revolutionize your life. Like Eve, you don't have to live your future defined by your past.

Pregnant Girl Nicole Lynn Lewis, 2021-05-04 A NPR BOOKS WE LOVE 2021 Selection "[T]his book is so much more than a memoir . . . Her prose has the power to undo deep-set cultural biases about poverty and parenthood."—New York Times Book Review An activist calls for better support of young families so they can thrive and reflects on her experiences as a Black mother and college student fighting for opportunities for herself and her child. Pregnant Girl presents the possibility of a different future for young mothers—one of success and stability—in the midst of the dismal statistics that dominate the national conversation. Along with her own story as a young Black mother, Nicole Lynn Lewis weaves in those of the men and women she's worked with to share a new perspective on how poverty, classism, and systemic racism impact teen pregnancy and on how effective programs and equitable policies can help teen parents earn college degrees, have increased opportunity, and create a legacy of educational and career achievements in their families. After Nicole became pregnant during her senior year in high school, she was told that college was no longer a reality—a negative outlook often unfairly presented to teen mothers. Nicole left home and experienced periods of homelessness, hunger, and poverty. Despite these obstacles, she enrolled at the College of William & Mary and brought her 3-month-old daughter along. Through her experiences fighting for resources to put herself through college, she discovered her true calling and founded her organization, Generation Hope, to provide support for teen parents and their children so they can thrive in college and kindergarten—driving a 2-generation solution to poverty. Pregnant Girl will inspire young parents faced with similar choices and obstacles that they too can pursue their goals with the right support.

In the Land of the Unreal Lisa Messeri, 2024-02-02 In the mid-2010s, a passionate community of Los Angeles-based storytellers, media artists, and tech innovators formed around virtual reality (VR), believing that it could remedy society's ills. Lisa Messeri offers an ethnographic exploration of this community, which conceptualized VR as an "empathy machine" that could provide glimpses into diverse social realities. She outlines how, in the aftermath of #MeToo, the backlash against Silicon Valley, and the turmoil of the Trump administration, it was imagined that VR—if led by women and other marginalized voices—could bring about a better world. Messeri delves into the fantasies that allowed this vision to flourish, exposing the paradox of attempting to use a singular VR experience to mend a fractured reality full of multiple, conflicting social truths. She theorizes this dynamic as unreal, noting how dreams of empathy collide with reality's irreducibility to a "common" good. With In the Land of the Unreal, Messeri navigates the intersection of place, technology, and social change to show that technology alone cannot upend systemic forces attached to gender and race.

Encounters in the Virtual Feminist Museum Griselda Pollock,2023-04-14 Continuing her feminist reconceptualisation of the ways we can experience and study the visual arts, world renowned art historian and cultural analyst, Griselda Pollock proposes a series of new encounters through virtual exhibitions with art made by women over the twentieth century. Challenging the dominant museum models of art and history that have been so exclusive of women's artistic contributions to the twentieth century, the virtual feminist museum stages some of the complex relations between femininity, modernity and representation. Griselda Pollock draws on the models of both Aby Warburg's Mnemosyne Atlas and Freud's private museum of antiquities as well as Ettinger's concept of subjectivity as encounter to propose a differencing journey through time, space and archive. Featuring studies of Canova 's Three Graces and women artist's modernist reclamations of the female body, the book traverses the rupture of fascism and the Holocaust and ponders the significance of painting and drawing in their aftermath. Artists featured include: Georgia O'Keeffe, Josephine Baker, Gluck, Charlotte Salomon, Bracha Ettinger and Christine Taylor Patten.
