Windows 7 Fast Start Smart Brain Training Solutions, 2014-05-15 Get this Fast Start guide to learn Windows 7 quickly. Windows 7 is more customizable than any earlier release of the Microsoft Windows operating system. Powerful features and options combined with traditional favorites allow you to work in new ways. You can perform tasks more efficiently, and you can optimize and customize the operating system in many ways. Teaching you how to make Windows 7 work the way you want it to is what this book is all about. If you were moving in to a house, apartment, or dorm room, you would want to make the space your own. We do the same with just about everything in our lives, yet surprisingly few people take the time to make their virtual space their own, which can make using a computer a frustrating experience. One of the ways to make Windows 7 your own is to customize the interface. In any operating system, the interface is everything that connects you to your computer and its basic elements, including the desktop, the menu system, and the taskbar. The way these essential elements look depends on appearance settings. The way they behave depends on customization settings associated with your user account.

Tweak It and Freak It Paul McFedries, 2009-03-27 Tweak It and Freak It A Killer Guide to Making Windows Run Your Way Hundreds of millions of people use Windows every day, and it's a safe bet that some of them would not describe themselves as happy campers. Regardless of skill level, most people have something they dislike about Windows, and they often have a whole laundry list of Windows gripes. "Why can't Windows do this rather

than that?" "Why does Windows do X instead of Y?" "Wouldn't it be great if Windows could do Z?" Most people think Windows is set in stone, but it isn't! Strip off that veneer and a whole world comes into view, one that's hackable, moddable, tweakable, customizable, and personalizable. This book shows you the tools and technologies that anyone can use to hack almost every aspect of Windows, from startup to shutdown, from the interface to the Internet, from security to scripting. • Speed up your tired PC with a fistful of easy-to-do, but oh so powerful tweaks! • Tired of looking at the same old Windows day in and day out? So are we! That's why we show you how to give Windows a makeover! • Want to be more productive at work or home? This book is full of productivity tweaks that not only make Windows more fun to use, but also save you tons of time. • Create custom backup routines that safeguard your precious data. • Tighten the security of your PC and your network to stop would-be thieves in their tracks. • Dual-boot Windows XP and Vista on the same machine, or dare we say it, run MacOS on your PC! We won't tell. Paul McFedries is a passionate computer tinkerer and Windows expert. He is the author of more than 60 computer books that have sold more than 3 million copies worldwide.
