Word Searches to Build Your Vocabulary Meredith McNamara,Ross McNamara,2018-11-06 Enjoy the simple pleasure of classic word searches while building your vocabulary at the same time. With 500 vocabulary words crisscrossed throughout our large, easy-to-read puzzles, word sleuths of all ages can train their brain and unplug for awhile. Whether you're looking for a new twist on your favorite puzzles or need a fun way to boost your vocab skills for an upcoming test like the LSAT, GRE, or SAT - you'll find what you're looking for here (it just might be written backwards and diagonally). In a nutshell, we've taken proven educational learning methods and combined them with fun word puzzles to help expose you to new vocabulary words and their meanings. Trust us, you won't even realize you're studying vocabulary and hopefully you'll be trying a few out in conversation very soon! The book is divided into sections of 100 vocabulary words. Each of those sections has then been divided into five groups of twenty words. Whoa, whoa whoa - that's a lot of numbers and you're clearly more of a word person. We get it. Hang in there. It's really not too complicated. In order to learn each set of twenty words you'll solve two puzzles. The first word search puzzle has both the words and the definitions given to you. Reading through, searching for and circling the words will help your brain process the vocabulary list in multiple different ways to help it 'stick.' The second puzzle you'll solve has shuffled the order and only gives you the definitions. You'll have to fill in the blanks with the words yourself! This process of writing out the word when you are given the definition is a proven method to further help these new vocabulary words take root in your brain. If you get stuck, you can simply hunt for words in the search to jog your memory or flip back to the previous puzzle for guidance (no one will judge you, we promise). Through puzzle solving, repetition, the physical act of writing, and engagement we're confident this book will help you boost your vocabulary and push you down the path of becoming an even bigger nerd.

Word Searches 2 Tarnie Hayward,2021-03-01 Children love to solve problems and word puzzles. The words in Word Searches 2.0 have been hidden horizontally, vertically and diagonally, both forwards and backwards. Often shared letters have been included to further extend the search. The word searches can be used as an introduction to more meaningful tasks and extension activities - tasks that require and encourage the use and application of skills. These might include researching, mapping, summarising, graphing, sequencing, comparing and many other sub-skills. The supplementary activities are made up of a range of language based activities that will prove challenging and stimulating for students. They will provide extension in such areas as vocabulary, general knowledge, history and geography.

The Best Word Search Book Ever Made (So Far) Zack Guido,2018-11-20 Are you sick of the same old word search books over and over again? Let me guess, it's a block of random letters with thirty loosely-related boring words to find, over and over and over again until your brain rots? Not this book! This is a real word-searcher's word search book, and I truly believe it is the best one out there - especially if you're an adult looking for something more engaging. Sometimes it's a little tougher than typical word searches, but it's nothing you can't handle! It is great for all ages - kids and adults alike - and though some of the trivia questions, concepts, and words may be unfamiliar to a younger audience, they can still find and circle the words, and maybe learn something new! There are additional puzzles within the 115 word searches in this book, there are interesting words, there are interesting word lists, a little trivia, a little humor, and it's pretty large print. If you're new to these kinds of puzzles, it's a great book to start with, and if you've been doing word searches for years, it's a great book to get next. It's a great gift for you, a loved one, or even a not-so-loved one. It's great for airplanes, trains, cars, and possibly boats. It's handcrafted with love, and I promise you will enjoy it.
