The Second World War Antony Beevor, 2012-06-05 A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

A World at Arms Gerhard L. Weinberg, 2005-03-28 A truly global account of WWII - the war that encompassed six continents.

The Library of Congress World War II Companion David M. Kennedy, 2007-10-02 An indispensable reference on World War II produced by the Library of Congress and edited by Pulitzer Prize-winning historian David M. Kennedy. With hundreds of illustrations and quotations from contemporary documents, this will be the most authoritative popular reference on World War II. The noted historian John Keegan called World War II the largest single event in human history. More than sixty years after it ended, that war continues to shape our world. Going far beyond accounts of the major battles, The Library of Congress World War II Companion examines, in a unique and engaging manner, this devastating conflict, its causes, conduct, and aftermath. It considers the politics that shaped the involvement of the major combatants; military leadership and the characteristics of major Allied and Axis armed services; the weaponry that resulted in the war's unprecedented destruction, as well as debates over the use of these weapons; the roles of resistance groups and underground fighters; war crimes; daily life during wartime; the uses of propaganda; and much more. Drawn from the unparalleled collections of the institution that has been called America's Memory, The Library of Congress World War II Companion includes excerpts from contemporary letters, journals, pamphlets, and other documents, as well as first-person accounts recorded by the Library of Congress Veterans History Project. The text is complemented by more than 150 illustrations. Organized into topical chapters (such as The Media War, War Crimes and the Holocaust, and two chapters on Military Operations that cover the important battles), the book also include readers to navigate through the rich store of information in these pages. Filled with facts and figures, information about unusual aspects of the war, and moving personal accounts, this remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations.

World War II, 1997-09 Historical, personal, and technical aspects of the Second World War are explored in this six-book series. Each book examines a different facet of the war, from the military machines and battles to the leaders who brought their people through the terrible times. Details of military weaponry, battle plans, and personalities will bring this conflict alive for readers.

World War 2 Strategies Ryan Jenkins, 2014-11-13 Wars are not won through sheer luck. A battle may shift due to a stroke of luck or misfortune depending on whose side you're on. A war however, requires planning, strategy, and cunning. Without that the war is over before it even starts. Sometimes the plan works out. Other times, the failure comes at a high price. Regardless, tactics are the key to winning. In this book you will find stories from some of the lesser known and yet important battles of World War II. From the European front to the Pacific, it was the battles that ultimately won the war. Read about the battle for Tarawa and the costly lessons learned there. This small yet formidable island nearly brought the American soldiers to their knees. How did they turn the tide of battle and at what cost? Find out what President Roosevelt did with the Marine newsreel. Should the public know about this or will he cover it up? Ever hear of Hurtgen Forest? Read about this little known but important battle. Find out what the Rangers endured to secure Hill 400 and what advantage that gave us. There were lessons learned in this battle as well. Learn about heroic Ranger Lieutenant Len Lomell's stand. War is hell. Tactics help our soldier to navigate hell and hopefully come out intact at the end. When it's all said and done, these stories can be a lesson to us about the sacrifice that led to winning a war.

Bodies of Memory Yoshikuni Igarashi, 2012-01-09 Japan and the United States became close political allies so quickly after the end of World War II, that it seemed as though the two countries had easily forgotten the war they had fought. Here Yoshikuni Igarashi offers a provocative look at how Japanese postwar society struggled to understand its war loss and the resulting national trauma, even as forces within the society sought to suppress these memories. Igarashi argues that Japan's nationhood survived the war's destruction in part through a popular culture that expressed memories of loss and devastation more readily than political discourse ever could. He shows how the desire to represent the past motivated Japan's cultural productions in the first twenty-five years of the postwar period. Japanese war experiences were often described through narrative devices that downplayed the war's disruptive effects on Japan's history. Rather than treat these narratives as obstacles to historical inquiry, Igarashi reads them along with counter-narratives that attempted to register the original impact of the war. He traces the tensions between remembering and forgetting by focusing on the body as the central site for Japan's production of the past. This approach leads to fascinating discussions of such diverse topics as the use of the atomic bomb, hygiene policies under the U.S. occupation, the monstrous body of Godzilla, the first Western professional wrestling matches in Japan, the transformation of Tokyo and the athletic body for the 1964 Tokyo Olympics, and the writer Yukio Mishima's dramatic suicide, while providing a fresh critical perspective on the war legacy of Japan.

The Second World Wars Victor Davis Hanson, 2017-10-17 A definitive account of World War II by America's

preeminent military historian. World War II was the most lethal conflict in human history. Never before had a war been fought on so many diverse landscapes and in so many different ways, from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya. The Second World Wars examines how combat unfolded in the air, at sea, and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war. Drawing on 3,000 years of military history, bestselling author Victor Davis Hanson argues that despite its novel industrial barbarity, neither the war's origins nor its geography were unusual. Nor was its ultimate outcome surprising. The Axis powers were well prepared to win limited border conflicts, but once they blundered into global war, they had no hope of victory. An authoritative new history of astonishing breadth, The Second World Wars offers a stunning reinterpretation of history's deadliest conflict.

The Greatest Blunders of World War II Horace Edward Henderson,2001-08 Adolph Hitler lost WWII because of his blunders and the U.S. and its allies won WWII in spite of their blunders. Nearly a lifetime of research and study by a veteran of World War II reveals the major political and military errors and mistakes which caused the greatest catastrophe in world history, almost lost the struggle with the greatest evil the world has ever known, failed to end the conflict in a decisive victory for the survival of freedom and democracy, subjected the world to almost half a century of fear and turmoil in the Cold War, and wasted vast world resources on armaments while hundreds of millions of people suffered from hunger, illness and death. This analysis of the major issues and campaigns of World War II concentrates on what went wrong with the conduct of the war which needlessly prolonged its brutal end and reveals how narrow was the margin between victory and defeat.

The Guns at Last Light Rick Atkinson,2014-05-13 The final volume of the trilogy chronicles the Allied victory in Western Europe, from the brutal struggles in Normandy and at the Battle of the Bulge to the freeing of Paris, as experienced by participants from every level of the military.

The Encyclopaedia Britannica Hugh Chisholm,1911

World War 2 Tom King,2017-08-04 World War II (often abbreviated to WWII or WW2), also known as the Second World War, was a global war that lasted from 1939 to 1945, although related conflicts began earlier. It involved the vast majority of the world's countries-including all of the great powers-eventually forming two opposing military alliances: the Allies and the Axis. It was the most widespread war in history, and directly involved more than 100 million people from over 30 countries. In a state of total war, the major participants threw their entire economic, industrial, and scientific capabilities behind the war effort, erasing the distinction between civilian and military resources. Marked by mass deaths of civilians, including the Holocaust (in which approximately 11 million people were killed) and the strategic bombing of industrial and population centres (in which approximately one million were killed, and which included the atomic bombings of Hiroshima and Nagasaki), it resulted in an estimated 50 million to 85 million fatalities. These made World War II the deadliest conflict in human history. Scroll up to the top of the page and click add to cart to learn more

Undercover Tales of World War II William B. Breuer,2000-03-01 Critical acclaim for William B. Breuer A first-

class historian. --The Wall Street Journal Vendetta! A wealth of insights.--Los Angeles Times Book Review
Unexplained Mysteries of World War II Anyone interested in twists of fate should find this book fascinating. --
Library Journal Feuding Allies A valuable resource . . . highly recommended.--Booklist * A bloc of hard-core
American Nazis carries out elaborate plans to sabotage war efforts and keep the United States neutral. * A wily
Japanese tailor single-handedly steals the secrets to the United States Gray Code. * A French boy and his blind
music teacher penetrate, in broad daylight, the German forbidden zone at Port-en-Bessein. Just beneath the surface
of the legendary events of World War II lurks a vast, shadowy, high-stakes realm of espionage and intelligence,
where the most successful operations are the ones we've never heard about . . . until now. With his trademark
blend of dynamic storytelling and meticulous detail, William Breuer reveals seventy clandestine operations that
affected the course of the war. Vivid and fast-paced, this far-reaching treasury of vanishing spies, mysterious
kidnappings, and bizarre subplots is a unique and riveting addition to the World War II literature.

Drunk on Genocide Edward B. Westermann, 2021-03-15 In *Drunk on Genocide*, Edward B. Westermann reveals how, over
the course of the Third Reich, scenes involving alcohol consumption and revelry among the SS and police became a
routine part of rituals of humiliation in the camps, ghettos, and killing fields of Eastern Europe. Westermann
draws on a vast range of newly unearthed material to explore how alcohol consumption served as a literal and
metaphorical lubricant for mass murder. It facilitated performative masculinity, expressly linked to physical or
sexual violence. Such inebriated exhibitions extended from meetings of top Nazi officials to the rank and file,
celebrating at the grave sites of their victims. Westermann argues that, contrary to the common misconception of
the SS and police as stone-cold killers, they were, in fact, intoxicated with the act of murder itself. *Drunk on
Genocide* highlights the intersections of masculinity, drinking ritual, sexual violence, and mass murder to expose
the role of alcohol and celebratory ritual in the Nazi genocide of European Jews. Its surprising and disturbing
findings offer a new perspective on the mindset, motivation, and mentality of killers as they prepared for, and
participated in, mass extermination. Published in Association with the US Holocaust Memorial Museum.

A Democracy at War William L. O'Neill, 1995 Surveys the bureaucratic mistakes--including poor weapons and
strategic blunders--that marked America's entry into World War II, showing how these errors were overcome by the
citizens waging the war.

World War II, Film, and History John Whiteclay Chambers II Professor of History Rutgers University, David Culbert
II Professor of History Louisiana State University, 1996-09-16

In the Hell of the Eastern Front Arno Sauer, 2020-09-30 On 22 June 1941, German forces launched Operation
Barbarossa – Hitler's invasion of the Soviet Union. Instead of the swift knockout blow that the Germans had
anticipated, the war against the Soviets ground on relentlessly for almost four years. It was into this bloody
theater of war that Fritz Sauer was sent. Having initially joined the ranks of the Reichsarbeitsdienst, the Reich
Labour Service, Fritz was posted to Infantry Regiment No. 437 in April 1942. Part of the 132nd Infantry Division,
the regiment was serving on the Eastern Front having been deployed to the Crimea. The regiment was then

transferred to the region around Leningrad, where, for the first time, Fritz truly experienced the horrors of war. As well as his best friend being killed by a sniper, Fritz recalled events such as recovering the body of a fallen colleague from No Man's Land, the terrifying experience of facing a Red Army infantry attack, Soviet tank assaults, and the moment when a group of comrades in a neighboring crater were hit by a shell. He became a casualty himself when he was badly wounded in the legs during a counterattack. After his recovery and retraining in a convalescent unit, Fritz was detailed to serve as a guard in a prisoner of war camp – still on the Eastern Front. Transferred to a tank assault regiment during the last year of the war, he was ordered to make contact with another unit, but lost his way in the snow. After sheltering with a farmer's family, Fritz decided to head west, fleeing before the advancing Red Army. His subsequent journey home took many twists and turns. Based on Fritz's own recollections and narrative, this account of a young soldier's experiences in the Second World War was brought together by his son. It is a moving and graphic description of one man's involvement in the largest military confrontation in history – the Hell that was the Eastern Front.

World War II Map by Map DK, 2019-09-03 Explore World War II in unprecedented detail with this compelling geographical guide. If you're interested in finding out more about one of the deadliest wars in history, then this war book is perfect for you. World War II Map by Map is an intricately detailed history book, that will encourage you to get a sense of the magnitude, mobility and speed at which the colossal armies swept through these vast landscapes during a war that claimed millions of lives and spanned through many areas globally. Follow the key developments of World War II in unprecedented visual detail, with more than 100 specially created historical maps covering all major theatres of war. Discover how the conflict raged around the globe on land, air, and sea, while timelines provide an in-depth chronology of events. Beautiful archival photographs, contemporary artefacts, and profiles of famous leaders reveal the full story of the war that shaped the modern world. So what are you waiting for? Journey back in time and uncover:

- 9 main contemporary maps, including battle maps from both Allies and Axis countries, explain key events.
- Easy-to-read text panels to accompany the maps for a deeper understanding of each topic.
- Set out into 5 Chapters with 11 narrative overviews
- 30 photo feature spreads exploring topics beyond the War

- Produced in association with the Smithsonian Institution. Bursting with striking illustrations and full of fascinating detail, this world war 2 book is the ultimate gift for history students, general readers, and military history enthusiasts. Whether you enjoy watching military documents, or you're looking for the perfect gift for the history lover in your life, World War II Map by Map can be enjoyed by adults and children aged 12+ alike. Written by a team of historians headed by Richard Overy as a consultant, this history book for adults examines in detail how the most destructive conflict in history changed the face of our world. At DK, we believe in the power of discovery. So why stop there? The Map by Map series includes other titles such as History of the World Map by Map and Battles Map by Map, each detailing historical events and placing them in the context of geography. DK's luxurious Map by Map books are fantastic history gifts, packed with fascinating facts, high-quality photography, and detailed profiles and descriptions of people and events.

On the Brink Marion Kummerow, 2021-04-01 Based on the historical events of the Berlin Airlift, this post-WW2 novel takes you on a roller-coaster ride of hope, determination, love and courage. Cabaret singer Bruni uses men strictly for her own benefit – no love involved. Keeping good relations with the decision makers of all four Occupying Powers gives her a better life than the average Berliner, but this is about to change when the Soviets clamp down on all traffic between Berlin and the Western zones. Victor, a gifted American engineer, has been tasked to do the impossible: to build a new airport for Berlin from scratch. Without much more than starving workers and shovels, can he win the race to feed the population before winter sets in and all construction must come to a halt? When the two of them first meet, it's attraction at first sight. But while Bruni doesn't do love, Victor is looking for a woman to marry. Will he be able to convince her that he's the right man for her? This novel takes place during the Berlin Blockade, when the four Allied powers slowly slide into the Cold War, fighting for hegemony over Europe between communism and capitalism. Topics: Soviet Union, SS Soldiers, Military Historical Fiction, German Literary Series, Spies and politics, Political Power, Air Force Engineer, Romantic Love story, American fighter pilot, first love, a story of hope in darkest of times, uplifting tale, overcoming obstacles Perfect for fans of Ann Bennett, Lucinda Riley, Dinah Jefferies, Victoria Hislop, Marius Gabriel, Tracy Chevalier, Fiona Valpy, Deborah Swift, Jenny Ashcroft, Petra Durst-Benning, Nicola Cornick, Janet MacLeod Trotter, Jean Grainger, Clare Flynn, Kate Furnivall, Kristin Hannah. Sharon Maas, Anna Jacobs, Helen Carey, Catherine Hokin, Sarah Lark, Tania Crosse, Rhys Bowen, Angela Petch, Hazel Gaynor, Roberta Kagan, Anna Stuart, Kate Hewitt, Ellie Midwood, Chrystyna Lucyk-Berger, Eoin Dempsey, Suzanne Goldring

Four Hours of Fury James M. Fenelon, 2019-05-21 "Compellingly chronicles one of the least studied great episodes of World War II with power and authority...A riveting read" (Donald L. Miller, New York Times bestselling author of Masters of the Air) about World War II's largest airborne operation—one that dropped 17,000 Allied paratroopers deep into the heart of Nazi Germany. On the morning of March 24, 1945, more than two thousand Allied aircraft droned through a cloudless sky toward Germany. Escorted by swarms of darting fighters, the armada of transport planes carried 17,000 troops to be dropped, via parachute and glider, on the far banks of the Rhine River. Four hours later, after what was the war's largest airdrop, all major objectives had been seized. The invasion smashed Germany's last line of defense and gutted Hitler's war machine; the war in Europe ended less than two months later. Four Hours of Fury follows the 17th Airborne Division as they prepare for Operation Varsity, a campaign that would rival Normandy in scale and become one of the most successful and important of the war. Even as the Third Reich began to implode, it was vital for Allied troops to have direct access into Germany to guarantee victory—the 17th Airborne secured that bridgehead over the River Rhine. And yet their story has until now been relegated to history's footnotes. In this viscerally exciting account, paratrooper-turned-historian James Fenelon "details every aspect of the American 17th Airborne Division's role in Operation Varsity...inspired" (The Wall Street Journal). Reminiscent of A Bridge Too Far and Masters of the Air, Four Hours of Fury does for the 17th Airborne what Band of Brothers did for the 101st. It is a captivating, action-packed tale of heroism and triumph

spotlighting one of World War II's most under-chronicled and dangerous operations.

When the Nightingale Sings Suzanne Kelman, 2021-10-21 1937, Europe and America. Based on a powerful true story, this extraordinary novel about wartime courage and extraordinary friendship, tells how two women changed the fate of the Second World War and the course of history. When an impossibly shy young woman named Judy Morgan finishes her studies in Physics at Cambridge University, it is with dreams of changing the world for the better. Meanwhile, a beautiful, brilliant young Jewish actress called Hedy Kiesler decides to flee her beloved Austria, changing her name to Hedy Lamarr, and risking everything to get to America, as far away from the Nazi threat as possible. A powerful friendship is formed when the two women meet in pre-war London-discovering a shared passion for science and invention. So when the world is gripped by a war that nobody could have imagined in their worst nightmares, both Hedy and Judy know they must act now. As bombs rain down from Europe to Pearl Harbor and beyond, both women find themselves seeking ways to help end the war. But neither of them will know that one of them is on a path of tragedy. One that could destroy not only their friendship, but threaten the fate of the world forever... Fans of *The Ragged Edge of Night*, *My Name is Eva* and *Beneath a Scarlet Sky*, will love this unforgettable story about love, courage and devastation set in World War Two Britain, Hollywood and Pearl Harbor. Based on two true stories of amazing 'hidden women' who changed the world, this novel shows the power of friendship in the darkest hours of history. Praise for Suzanne Kelman: Oh my goodness! Evocatively unsettling yet hauntingly beautiful... Incredibly powerful... I read this book with bated breath. I cried, I grieved and I hoped... I was left both heartbroken and satisfied. Suzanne Kelman... has floored me with this book. Robin Loves Reading [REDACTED] Three words: Have. Tissues. Ready... Fantastic... The emotion that pours from the pages is absolutely heart-wrenching. I loved every minute of this book, even though it left me a sniffling mess by the end. Fireflies and Free Kicks [REDACTED] Wow! Just wow! This book kept me on the edge of my seat right from the get-go!... Amazing. Goodreads reviewer [REDACTED] A heart-wrenching story of ordinary people elevated to the realm of heroes through love and sacrifice... An emotional journey of heartache and love that will leave you in tears. One of the finest books I have ever read. NetGalley reviewer [REDACTED] I LOVED THIS BOOK!... I recommend this book to everyone that loves historical fiction. NetGalley reviewer [REDACTED] OMG! I felt the fear and the terror within the pages as if I was there living it... It is heartbreaking... By the end of the story I was so moved and in tears.' Confessions of a Bookaholic [REDACTED] If I could give this book more than 5 stars, I would. From the first moment I started reading, I could not stop. I was captured by the story and the characters... Amidst turmoil, death and fear of the unknown, friendships and love win out. Goodreads reviewer [REDACTED]
