John Mercer

Gay Pornography John Mercer,2017-03-30 Gay pornography, online and onscreen, is a controversial and significantly under-researched area of cultural production. In the first book of its kind, *Gay Pornography: Representations of Sexuality and Masculinity* explores the iconography, themes and ideals that the genre presents. Indeed, John Mercer argues that gay pornography cannot be regarded as one-dimensional, but that it offers its audience a vision of plural masculinities that are more nuanced and ambiguous than they might seem. Mercer examines how the internet has generated an exponential growth in the sheer volume and variety of this material, and facilitated far greater access to it. He uses both professional and amateur examples to explore how gay pornography has become part of a wider cultural context in which modern masculinities have become 'saturated' by their constantly evolving status and function in popular culture.

Nurturing Young Minds: Mental Wellbeing in the Digital Age Ramesh Manocha,2017-08-29 Being a teenager has never been easy, but the digital age has brought with it unique challenges for young people and the adults in their lives. *Nurturing Young Minds: Mental Wellbeing in the Digital Age* collects expert advice on how to tackle the terrors of the twenty-first century and is a companion to *Growing Happy, Healthy Young Minds*. China Wholesale Trader - The Rise of Alibaba.com and New Entrepreneurs ,

From AAA to XXX: A Dictionary/Commentary on Porn and Porn Addiction Olivia Luv,2021-10-10 From AAA to XXX is more than an addictionary (a book about addiction that is arranged alphabetically with definitions) and more than a resource. In addition to contemporary porn terms, it includes addiction terms that have never before been applied to porn use. It also includes unique and thought-provoking concepts intended to change the conversation around porn. Grounded in the values of health and happiness, it will help individuals struggling with their own porn habits as well those trying to understand and change our pornified world. It is engaging, compassionate, inspiring, and occasionally humorous. It is a book for our time: porn use is at a pandemic level and creating multiple problems at both the personal and societal levels. Readers will emerge with valuable new insights.

Masculinity and Its Challenges in India Rohit K. Dasgupta,K. Moti Gokulsing,2013-12-20 This volume of new interdisciplinary essays provides

insights into the emerging field of masculinities and the challenges it poses to the Indian male. Masculinities research has evolved considerably and demonstrates that men are not an homogenous group but are instead diverse--there are many masculinities. Manliness can no longer be studied from just a North American or European perspective but from those of every part of the world. Covering an array of topics such as the construction of identity and the negotiation of power and sexuality, these essays aim to show how masculinities are experienced and embodied within India.

What's Next in Love and Sex Elaine Hatfield, Richard L. Rapson, Jeanette Purvis, 2020-02-25 *What's Next in Love and Sex* is a comprehensive examination of contemporary academic findings relating to all matters of the mind, body, and heart. Inspired by questions asked by students, the book covers cutting-edge topics so new that they are rarely addressed in current sexuality texts, providing insight into modern trends such as hookup culture, virtual pornography, robots, apps, and online dating as they evolve in this day and age. Written by one of the pioneers of love and sex research, Elaine Hatfield, along with historian Richard Rapson and social psychologist Jeannette Purvis, this book uses contemporary scientific findings to provide an updated and relevant explanation for why we do the things we do when we're in love, searching for love, making love, or trying to keep a faltering relationship together. Combining rigorous scholarship with an accessible and entertaining style, no other book will give college students and academics alike such a developed understanding of contemporary love and sex.

Bodies of Work Rebecca Saunders, 2020-09-22 This book is a timely and innovative exploration of the vital relationship between sex and capitalism in the digital age. It provides a lively, provocative analysis of how specifically digital forms of capitalist accumulation and labour shape and discipline the contemporary sexual body. Rebecca Saunders focuses on pornography in order to investigate the impact of digital forms of capitalism on contemporary sexuality and reveals the centrality of pornography to the digital attention economy, affective economics, the information economy, the creative industries and neoliberalism. Saunders uncovers a fundamental shift in the aesthetics and meaning of pornographic film, from a genre concerned with representing sexual pleasure to one that has become focused on representing sex as labour. Contemporary pornographic film is therefore read as a sign and symptom of how digital forms of capitalism regulate the twenty-first century sexual body through digital interfaces and technologies. *Bodies of Work* analyses major porn studios, dominant streaming platforms, significant directors and performers and queer and alternative pornographies, and presents new and significant concepts such as sexual datafication, the labour of visibility and interventionist pornography. Discussing pornographic film, sexuality, digital culture, labour and capitalism, this book will be of interest to students and scholars across gender studies, media and cultural studies, digital humanities and economics.

Cybercrime During the SARS-CoV-2 Pandemic Daniel Ventre, Hugo Loiseau, 2023-08-15 The SARS-CoV-2 pandemic has had an undeniable impact on cybercrime. The initial crisis quickly became a global catastrophe with multiple consequences in economics, health, and political and social fields. This book explores how this global emergency has influenced cybercrime. Indeed, since feeding off new vulnerabilities, thanks to the effects of the pandemic crisis in various states around the world, cybercrime has increased and evolved. In 2020, the world was already dealing with numerous tensions and the effects of the global crisis have therefore only tended to exacerbate the issues that relate to cybercrime. For example, radicalization and identity theft has found an environment in which they thrive: the Internet. Criminals have been able to adapt their modus operandi, their targets and their attack vectors. However, on the plus side, the response of law enforcement and public authorities, in terms of the legal, policing and policy side of cybercrime, has also been adapted in order to better combat the increase in this phenomenon.

Security and Privacy in Communication Networks Songqing Chen, Kim-Kwang Raymond Choo, Xinwen Fu, Wenjing Lou, Aziz Mohaisen, 2019-12-12 This two-volume set LNCS 304-305 constitutes the post-conference proceedings of the 15th International Conference on Security and Privacy in Communication Networks, SecureComm 2019, held in Orlando, FL, USA, in October 2019. The 38 full and 18 short papers were carefully reviewed and

selected from 149 submissions. The papers are organized in topical sections on blockchains, internet of things, machine learning, everything traffic security communicating covertly, let's talk privacy, deep analysis, systematic theory, bulletproof defenses, blockchains and IoT, security and analytics, machine learning, private, better clouds, ATCS workshop.

Pornography and Public Health Emily F. Rothman, 2021 Pornography is being indicted as a public health crisis in the U.S. and elsewhere, but the professional public health community is not behind the recent push to address pornography as a public health threat. While pornography may not be contributing directly to mortality or acute morbidity for a substantial percentage of people, it may be influencing other public health problems such as sexual violence, dating abuse, compulsive behaviour, and sexually transmitted infections. However, the evidence to support pornography as a causal factor is mixed and there are numerous other factors that have more strongly established associations with these outcomes of interest. Throughout history repressive forces have inflated the charges against sexually explicit material in order to advance a morality-based agenda. Nevertheless, a public health approach and tried public health practices, such as harm reduction and coalition-building, will be instrumental to addressing the emergence mainstream, internet pornography--

East Asian Pornographies and Online Porn Cultures Katrien Jacobs, Thomas Baudinette, Alexandra Hambleton, 2023-07-31 Pornography's impact on transnational models of media aesthetics and governance has been well documented from a Euro-American perspective. This book contributes to the field of pornography studies by rethinking the cultural impact of pornography as audio-visual and online media from an East Asian perspective. It focuses on pornographies made and consumed in and across Japan, Korea, China, and Hong Kong. The chapters examine under-reported East Asian cultures of pornography, not only to uncover phenomena from within this region but also to challenge and fine-tune existing academic research networks and paradigms. This book proposes that the lived experience of producing and consuming various pornographies throughout East Asia may extend, nuance, challenge, or even affirm the dominant Euro-American understandings of pornography that are becoming increasingly axiomatic within pornography studies as an emerging interdisciplinary field of study. This book was originally published as a special issue of the journal Porn Studies.

Computer Security Javier Lopez, Jianying Zhou, Miguel Soriano, 2018-08-10 The two-volume set, LNCS 11098 and LNCS 11099 constitutes the refereed proceedings of the 23rd European Symposium on Research in Computer Security, ESORICS 2018, held in Barcelona, Spain, in September 2018. The 56 revised full papers presented were carefully reviewed and selected from 283 submissions. The papers address issues such as software security, blockchain and machine learning, hardware security, attacks, malware and vulnerabilities, protocol security, privacy, CPS and IoT security, mobile security, database and web security, cloud security, applied crypto, multi-party computation, SDN security.

The Global Digital Economy: A Comparative Policy Analysis - Student Edition Holroyd, Carin, Coates, Ken S., 2015-01-08 Note: this is an abridged version of the original book with references removed. The complete edition is also available. This book explores the intersection of public policy and the fast changing digital media economy. Over the last 20 years, digital technologies and digital content have revolutionized many aspects of social, economic and political life around the world. Governments, locked into the policies and programs of the traditional economy, are struggling to respond to this dynamic and commercially unique global ecosystem. This study examines the nature and extent of the digital economy, looking at both the commercial diversity within the sector and the different digital implementations across the world. While the digital engagement of North America is well known, the scale and intensity of digital growth in East Asia is not fully understood not are the transformative changes occurring in parts of Africa. The digital world is marked by the unexpected and rapid re-orientation of economic, social, cultural and political affairs. The digitization of work, for example, has already brought major disruptions within national economies. Governments are struggling to respond, in part because of pressures from the traditional industrial and resource sectors but also because of the unique, somewhat anarchistic nature of the digital content industry. The Global

Digital Economy provides a profile of the global digital environment, reviews current government digital policies (with an emphasis on innovative strategies), and offers policy suggestions for national and subnational governments. Countries that respond creatively to the digital economy--like Taiwan, South Korea, Finland and Israel--stand to prosper from the anticipated accelerated growth of the sector. Those nations that struggle to keep pace with the digital infrastructure needs of the new economy and with the potential for employment and business creation stand to fall behind economically. This book provides a policy roadmap for the digital economy and identifies the risks and opportunities of this core sector in the twenty-first-century economy.

Privacy Technologies and Policy Maurizio Naldi, Giuseppe F. Italiano, Kai Rannenberg, Manel Medina, Athena Bourka, 2019-06-07 This book constitutes the refereed conference proceedings of the 7th Annual Privacy Forum, APF 2019, held in Rome, Italy, in June 2019. The 11 revised full papers were carefully reviewed and selected from 49 submissions. The papers present original work on the themes of data protection and privacy and their repercussions on technology, business, government, law, society, policy and law enforcement bridging the gap between research, business models, and policy. They are organized in topical sections on transparency, users' rights, risk assessment, and applications.

Socio-Technical Aspects in Security and Trust Thomas Groß, Theo Tryfonas, 2021-05-10 The open access volume LNCS 11739 constitutes the proceedings of the 9th International Workshop on Socio-Technical Aspects in Security, STAST 2019, held in Luxembourg, in September 2019. The total of 9 full papers together with 1 short paper was carefully reviewed and selected from 28 submissions. The papers were organized in topical sections named as follows: Methods for Socio-Technical Systems focused on instruments, frameworks and reflections on research methodology and also System Security considered security analyses and attacks on security systems. Finally, Privacy Control incorporated works on privacy protection and control as well as human factors in relation to these topics.

Who Owns the World's Media? Eli M. Noam, 2016 This publication moves beyond the rhetoric of free media and free markets to provide a dispassionate and data-driven analysis of global media ownership trends and their drivers. Based on an extensive data collection effort from scholars

around the world, it covers 13 media industries, including television, newspapers, book publishing, film, search engines, ISPs, and wireless telecommunication, across a 10-25 year period in 30 countries.

Internet and Surveillance Christian Fuchs, Kees Boersma, Anders Albrechtslund, Marisol Sandoval, 2013-06-17 The Internet has been transformed in the past years from a system primarily oriented on information provision into a medium for communication and community-building. The notion of “Web 2.0”, social software, and social networking sites such as Facebook, Twitter and MySpace have emerged in this context. With such platforms comes the massive provision and storage of personal data that are systematically evaluated, marketed, and used for targeting users with advertising. In a world of global economic competition, economic crisis, and fear of terrorism after 9/11, both corporations and state institutions have a growing interest in accessing this personal data. Here, contributors explore this changing landscape by addressing topics such as commercial data collection by advertising, consumer sites and interactive media; self-disclosure in the social web; surveillance of file-sharers; privacy in the age of the internet; civil watch-surveillance on social networking sites; and networked interactive surveillance in transnational space. This book is a result of a research action launched by the intergovernmental network COST (European Cooperation in Science and Technology).

Media, Performative Identity, and the New American Freak Show Jessica L. Williams, 2017-10-04 This book traces how the American freak show has re-emerged in new visual forms in the 21st century. It explores the ways in which moving image media transmits and contextualizes, reinterprets and appropriates, the freak show model into a “new American freak show.” It investigates how new freak representations introduce narratives about sex, gender, and cultural perceptions of people with disabilities. The chapters examine such representations found in horror films, including a prolonged look at *Freaks* (1932) and *The Texas Chainsaw Massacre* (1974), documentaries such as *Murderball* (2005) and TLC’s *Push Girls* (2012-2013), disability pornography including the pornographic documentary *Sick: The Life and Death of Bob Flanagan Supermasochist* (1997), and the music icons Marilyn Manson and Lady Gaga in their portrayals of disability and freakishness. Through this book we learn that the visual culture that has emerged takes the place of the traditional freak show but opens new channels of interpretation and identification through its use of mediated images as well as the altered freak-norm relationship that it has fostered. In its illumination of the relationship between normal and freakish bodies through different media, this book will appeal to students and academics interested in disability studies, gender studies, film theory, critical race theory, and cultural studies.

Xvideos.com Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books

and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Xvideos.com PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most

significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Xvideos.com PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they

provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Xvideos.com free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
