The Friend Sigrid Nunez,2018-02-06 WINNER OF THE 2018 NATIONAL BOOK AWARD FOR FICTION SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD NEW YORK TIMES BESTSELLER A beautiful book ... a world of insight into death, grief, art, and love. —Wall Street Journal A penetrating, moving meditation on loss, comfort, memory...Nunez has a wry, withering wit. —NPR Dry, allusive and charming...the comedy here writes itself.” The New York Times A moving story of love, friendship, grief, healing, and the magical bond between a woman and her dog. When a woman unexpectedly loses her lifelong best friend and mentor, she finds herself burdened with the unwanted dog he has left behind. Her own battle against grief is intensified by the mute suffering of the dog, a huge Great Dane traumatized by

the inexplicable disappearance of its master, and by the threat of eviction: dogs are prohibited in her apartment building. While others worry that grief has made her a victim of magical thinking, the woman refuses to be separated from the dog except for brief periods of time. Isolated from the rest of the world, increasingly obsessed with the dog's care, determined to read its mind and fathom its heart, she comes dangerously close to unraveling. But while troubles abound, rich and surprising rewards lie in store for both of them. Elegiac and searching, *The Friend* is both a meditation on loss and a celebration of human-canine devotion.

Add some bright to any frustration. On pretty much any occasion. Two best friends do almost everything together. They have each other's backs. You Are Not My Friend, But I Miss You Daniel Kirk, 2014-09-23

When two friends—a sock monkey and a plush toy dog—get into an argument during playtime, Monkey gets his feelings hurt and proclaims, “You are not my friend!” But when he takes his ball to find someone new to play with, he quickly learns that maybe he hasn’t been a very good friend, either. Bestselling author/illustrator Daniel Kirk uses bold and humorous illustrations to convey the important message that sharing and other acts of friendship are two-way streets. Praise for *You Are Not My Friend, But I Miss You* Kirk’s skillfully paced mix of vignettes, close-ups and long shots guide readers smoothly through this emotional odyssey. --Kirkus Reviews His frequent use of bold, large-scale drawing captures Monkey’s equally outsize temperament, while the emphatic, minimal text is subtly poignant and supremely performable. -- Publishers Weekly

You Are My Friend Aimee Reid, 2019-08-06 A heartwarming, “beautifully crafted” picture book that celebrates the work of Mister Rogers and carries on his legacy of kindness (Booklist, starred review). Mister Rogers is one of the most beloved television

personalities of our time, but before he was the man who brought us Mister Rogers' Neighborhood, he was just little Freddie Rogers. Though he was often sick and had trouble making friends as a child, his mom and grandfather encouraged him to ask for help and explore the world. With their support, he learned how to better say what he was feeling and see the beauty around him. As he grew up, he realized he could spread the message of compassion, equality, and kindness through television. *You Are My Friend* is a gentle homage to Fred Rogers and shows how his simple message still resonates with us today: "There's no person in the world like you and I like you just the way you are." The book also includes a short biography of Fred Rogers' life and a bibliography. "A simply written, thoughtful tribute worthy of the incomparable Mister Rogers." ?Kirkus Reviews This is a work of fiction. This book is an expression of admiration of Fred Rogers, the man and the artist, by the author and illustrator. This book is not associated with or endorsed by The Fred Rogers Company.

To Address You as My Friend Jonathan W. White, 2021-09-21
Many African Americans of the Civil War era felt a personal connection to Abraham Lincoln. For the first time in their lives, an occupant of the White House seemed concerned about the welfare

of their race. Indeed, despite the tremendous injustice and discrimination that they faced, African Americans now had confidence to write to the president and to seek redress of their grievances. Their letters express the dilemmas, doubts, and dreams of both recently enslaved and free people in the throes of dramatic change. For many, writing Lincoln was a last resort. Yet their letters were often full of determination, making explicit claims to the rights of U.S. citizenship in a wide range of circumstances. This compelling collection presents more than 120 letters from African Americans to Lincoln, most of which have never before been published. They offer unflinching, intimate, and often heart-wrenching portraits of Black soldiers' and civilians' experiences in wartime. As readers continue to think critically about Lincoln's image as the Great Emancipator, this book centers African Americans' own voices to explore how they felt about the president and how they understood the possibilities and limits of the power vested in the federal government.

Thanks for Watching Patricia G. Lange, 2019-11-15 YouTube hosts one billion visitors monthly and sees more than 400 hours of video uploaded every minute. In her award winning book, *Thanks for Watching*, Patricia G. Lange offers an anthropological perspective on this heavily mediated social environment by analyzing videos and the emotions that motivate sharing them. She demonstrates how core concepts from anthropology—participant-observation, reciprocity, and community—apply to sociality on YouTube. Lange's book reconceptualizes and updates these concepts for video-sharing cultures. Lange draws on 152 interviews with YouTube participants at gatherings throughout the United States, content analyses of more than 300 videos, observations of interactions on and off the site, and participant-observation. She documents how the introduction of monetization options impacted perceived opportunities for open sharing and creative exploration of personal and social messages. Lange's book provides new insight into patterns of digital migration, YouTube's influence on off-site interactions, and the emotional impact of losing control over images. The book also debunks traditional myths about online interaction, such as the supposed online/offline binary, the notion that anonymity always degrades public discourse, and the popular

characterization of online participants as over-sharing narcissists. YouTubers' experiences illustrate fascinating hybrid forms of contemporary sociality that are neither purely mediated nor sufficient when conducted only in person. Combining intensive ethnography, analysis of video artifacts, and Lange's personal vlogging experiences, the book explores how YouTubers are creating a posthuman collective characterized by interaction, support, and controversy. In analyzing the tensions between YouTubers' idealistic goals of sociality and the site's need for monetization, *Thanks for Watching* makes crucial contributions to cultural anthropology, digital ethnography, science and technology studies, new media studies, communication, interaction design, and posthumanism. For its perceptive analysis of video blogging for self-expression and sociality, *Thanks for Watching* received the Franklyn S. Haiman Award for Distinguished Scholarship in Freedom of Expression (2020), from the National Communication Association.

Don't Use Your Words! Jane Juffer, 2019-05-28 How children are taught to control their feelings and how they resist this emotional management through cultural production Today, even young kids talk to each other across social media by referencing

memes, songs, and movements, constructing a common vernacular that resists parental, educational, and media imperatives to name their feelings and thus control their bodies. Over the past two decades, children's television programming has provided a therapeutic site for the processing of emotions such as anger, but in doing so has enforced normative structures of feeling that, Jane Juffer argues, weaken the intensity and range of children's affective experiences. *Don't Use Your Words!* seeks to challenge those norms, highlighting the ways that kids express their feelings through cultural productions including drawings, fan art, memes, YouTube videos, dance moves, and conversations while gaming online. Focusing on kids between ages five and nine, *Don't Use Your Words!* situates these productions in specific contexts, including immigration policy referenced in drawings by Central American children just released from detention centers and electoral politics as contested in kids' artwork expressing their anger at Trump's victory. Taking issue with the mainstream tendency to speak on behalf of children, Juffer argues that kids have the agency to answer for themselves: what does it feel like to be a kid?
