We Are Music Brandon Stosuy,2018-08-21 From the author of Music Is... Brandon Stosuy comes a second pitch-perfect board book that’s a kid-friendly music history lesson—perfect for the little record collectors in your life. From music writer and The Creative Independent/Kickstarter Editor in Chief, Brandon Stosuy, comes a new board book called We Are Music that dives into the history of music. It starts with clapping, tapping, and drums, and from there the music moves in many different directions. From classical to blues to jazz to country to rock to punk to rap to hip hop, there is one important thread that weaves through every song that has ever been created: us.

Saved by a Song Mary Gauthier,2021-07-06 A handbook for compassion... a Must-Read Music Book.” —Rolling Stone Country Generous and big-hearted, Gauthier has stories to tell and worthwhile advice to share. —Wally Lamb, author of I Know This Much Is True Gauthier has an uncanny ability to combine songwriting craft with a seeker’s vulnerability and a sage’s wisdom.” —Amy Ray, Indigo Girls From the Grammy nominated folk singer and songwriter, an inspiring exploration of creativity and the redemptive power of song Mary Gauthier was twelve years old when she was given her Aunt Jenny’s old guitar and taught herself to play with a Mel Bay basic guitar workbook. Music offered her a window to a world where others felt the way she did. Songs became lifelines to her, and she longed to write her own, one day. Then, for a decade, while struggling with addiction, Gauthier put her dream away and her call to songwriting faded. It wasn’t until she got sober and went to an open mic with a friend did she realize that she not only still wanted to write songs, she needed to. Today, Gauthier is a decorated musical artist, with numerous awards and recognition for her songwriting, including a Grammy nomination. In Saved by a Song, Mary Gauthier pulls the curtain back on the artistry of songwriting. Part memoir, part philosophy of art, part nuts and bolts of songwriting, her book celebrates the redemptive power of song to inspire and bring seemingly different kinds of people together.

Give My Regards to Eighth Street Morton Feldman, 2000 Afterword by Frank O'Hara Morton Feldman (1926-1987) is among the most influential American composers of the 20th Century. While his music is known for its extreme quiet and delicate beauty, Feldman himself was famously large and loud. His writings are both funny and illuminating, not only about his own music but about the entire New York School of painters, poets and composers that coalesced in the 1950s, including his friends Jackson Pollack, Philip Guston, Mark Rothko, Robert Rauschenberg, Frank O'Hara, and John Cage.

How Music Changed YouTube Guillaume Heuguet, 2024-02-08 How do digital technologies transform music? The answer depends on the lens of one's analysis: creation, promotion, or the experience of the listener. *How Music Changed YouTube* shows that the reverse question – How does music transform digital technologies? – is also worth exploring: through reliance on sound recording and music, internet technologies and media are manufactured, transformed, and come to dominate. Guillaume Heuguet's study situates YouTube in relation to both the internet platform and music industries by unpacking the cultural and technological forms embedded within and observing the practices and values associated with it, from the art of collecting to the accelerated circulation of samples and remixes. Heuguet's documentary and genealogical work relies on YouTube's traces in internet archives, its successive interfaces, the blogs of its teams, and a few emblematic channels and videos. Particular attention is paid to the tensions between the promises associated with music algorithms - recommendation system, copyright control, view calculation - and the reality of their operation from a technical and cultural point of view. *How Music Changed YouTube* shows how, far from responding to an immediate need, YouTube's editorial and economic model developed over time, how the various fans, artists, labels, lawyers and legislators shaped the site, and how these factors affected its rise as a global media force in the early 21st century.
