Eat Dat New Orleans: A Guide to the Unique Food Culture of the Crescent City (Up-Dat-ed Edition) Michael Murphy, 2015-11-02 Completely revised and updated with brand-new restaurants, Eat Dat New Orleans is the ultimate guide to America's best food city When Mario Batali was asked his favorite food city, he responded, “New Orleans, hands down.” No city has as many signature dishes, from gumbo and beignets to pralines and po' boys, from muffuletta and Oysters Rockefeller to king cake and red beans and rice (every Monday night), all of which draw nearly 9 million hungry tourists to the city each year. In this fully revised and updated new edition, Eat Dat New Orleans celebrates both New Orleans's food and its people. It highlights nearly 250 eating spots—sno-cone stands and food carts as well as famous restaurants—and spins tales of the city's food lore, such as the controversial history of gumbo and the Shakespearean drama of restaurateur Owen Brennan and his heirs. Both first-time visitors and seasoned travelers will be helped by a series of appendices that list restaurants by cuisine, culinary classes and tours, food festivals, and indispensable “best of” lists chosen by an A-list of the city's food writers and media personalities, including Poppy Tooker, Lolis Eric Elie, Ian McNulty, Sara Roahen, Marcelle Bienvenu, Amy C. Sins, and Liz Williams.

Communicating Beyond Language Betsy Rymes, 2014-01-03 This new book offers a timely and lively appraisal of the concept of communicative repertoires, resources we use to express who we are when in dialogue with others. Each chapter describes and illustrates the communicative resources humans deploy daily, but rarely think about – not only the multiple languages we use, but how we dress or gesture, how we greet each other or tell stories, the nicknames we coin, and the mass media references we make – and how these resources combine in infinitely varied performances of identity. Rymes also discusses how our repertoires shift and grow over the course of a lifetime, as well how a repertoire perspective can lead to a rethinking of cultural diversity and human interaction, from categorizing people's differences to understanding how our repertoires can expand and overlap with other, thereby helping us to find common ground and communicate in increasingly multicultural schools, workplaces,

markets, and social spheres. Rymes affirms the importance of the communicative repertoires concept with highly engaging discussions and contemporary examples from mass media, popular culture, and everyday life. The result is a fresh and exciting work that will resonate with students and scholars in sociolinguistics, intercultural communication, applied linguistics, and education.

The Bullet Journal Method Ryder Carroll,2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***
