**Becoming AFI** Jean Picker Firstenberg, James Hindman, 2017-10-10 For over fifty years, the American Film Institute has flourished as one of America's great cultural entities. Its graduates, faculty, supporters, and trustees have included such acclaimed individuals as Steven Spielberg, Maya Angelou, Gregory Peck, Meryl Streep, Les Moonves, Patty Jenkins, David Lynch, Jane Fonda, Edward James Olmos, Shonda Rhimes, James L. Brooks, Michael Nesmith, Sir Howard Stringer, and many other respected leaders in the worlds of film, television, digital media, and philanthropy. Written in a unique memoir style, *Becoming AFI: 50 Years Inside the American Film Institute* offers a candid look at how this remarkable organization has brought together aspiring filmmakers, outstanding educators, and visionary artists. The book details AFI's journey to becoming the foremost national champion for moving images as a vibrant art form and a critical component of America's cultural history. AFI's story is chronicled through in-depth essays written by those who have been involved in its adventures, growth, and successes: from its early years under George Stevens Jr.'s direction at the legendary Greystone mansion and the Kennedy Center in Washington, DC; through its period of incredible growth, under Jean Picker Firstenberg's guidance, as an influential cultural institution at its landmark Hollywood campus; to its continued years of excellence under Bob Gazzale's dynamic leadership. *Becoming AFI* provides an insightful, behind-the-scenes look at how AFI—with passionate determination—overcame the hurdles of advancing technology, political shifts, and new audience dynamics to turn its aspirations into a substantial and highly successful organization. A tireless advocate of moving images as one of America's most popular art forms, AFI is maturing into one of the world's most respected educational and cultural institutions.

**Little Sebastian the Adventurer** Afi Johnson-Grant, Mutti Lewis, 2018-05-17 Afi Johnson Grant was born on September 23, 1976 in the Tropical Island of Jamaica, to a strong woman Shernett Chin. She is a mother, teacher, and nurturer to three beautiful children, Shahee, Amani and Devin. Afi's desire for writing derived from her ever changing life experiences with her husband of eighteen years, Roger Grant. She blesses the LORD for grace in her marriage Afi's life's experiences has also mapped out her academic path to success in earning a bachelor's degree in psychology, and an Associate degree in Business Administration. Her intention as an author, is that her work will inspire, counsel, influence and become a form of substitute as a written life coach, to those who are wounded, misunderstood, and rejected. Those who our society termed as 'misfit'. Afi's personality as a straight shooter is often noticeable in her writing, especially when it comes to the truth, she opens a level of transparency that is pure, hence often times this allows an individual to self- evaluate their situations and make the best decisions to gain a positive outcome for their future. She is known to be thorough yet jovial. She walks in humility and believes that with Faith in God while walking in the spirit of excellence nothing is too difficult

for one to Attain. Afi's writing is not a story, it is life, a testimony of a passionate life-cycle that triumph through sharing love and truth. Afi is very infrequent, an encounter with her can be a life changing experience.

The American Film Institute and the Cultural Politics of Experimental and Independent Cinema Gracia Ramirez, 2024-03-15 This book examines the role that the American Film Institute (AFI) had in supporting experimental and independent cinema at a key moment of change in the history of American film. Weaving a rich historical narrative, Ramirez argues that the Cold War struggle for cultural supremacy motivated the creation of the federally-funded AFI. Exploring the intersection of business interests and political objectives, Ramirez demonstrates how the AFI's approach to experimental and independent cinema was marked by an interest in promoting innovative aesthetics and protecting the creative freedom of filmmakers but lacked the attention to distribution and exhibition that would strengthen the viability of experimental and independent filmmaking as professional practices. Scholars of film, history, and American studies will find this work particularly useful.

*From My Cold, Dead Hands* Emilie Raymond, 2006-08-18 Charlton Heston is perhaps most famous for his portrayal of Moses in Cecil B. DeMille's epic *The Ten Commandments* and for his Academy Award--winning performance in the 1959 classic *Ben-Hur*. Throughout his long career, Heston used his cinematic status as a powerful moral force to effect social and political change. Author Emilie Raymond examines Heston's role as a crusader for individual rights and his evolution into a major American political figure with a pivotal role in the conservative movement. Heston's political activities were as varied as they were time consuming. He worked with the Kennedy, Johnson, Nixon, Reagan, and first Bush administrations. He marched in support of black civil rights, served as the president of the Screen Actors Guild, and helped shape policy for the National Endowment for the Arts before taking on his most high-profile position -- president of the National Rifle Association. Over the course of his career, Heston became disillusioned with the Democrats; he formally registered with the Republican Party in the 1980s, arguing that the decision was in keeping with his longtime advocacy of individual rights. *From My Cold, Dead Hands* is far more than a biography -- it is a chronicle of the resurgence of American conservative thought and, in particular, the birth of neoconservatism. Heston's brand of neoconservatism differed from that of the exclusively intellectual wing, and

he came to represent a previously ignored segment of neoconservatives operating on the basis of more common, emotionally oriented concerns. The neocons brought new life to the GOP, and Raymond convincingly argues that Heston revitalized conservatism in general: his image of morality, individualism, and masculinity lent the conservative movement credibility with a larger public. He effectively campaigned for conservative candidates and causes, using his popularity and image to fuel and legitimize his political activities. Heston's high degree of political engagement not only paved the way for many of today's Hollywood activists but also helped popularize many of the beliefs of the neoconservative movement. A balanced look at Heston and his offscreen work, *From My Cold, Dead Hands* explains how this charismatic man of conviction propelled his personal beliefs into the political mainstream of America.

Fantasy/Animation Christopher Holliday, Alexander Sergeant, 2018-04-27 This book examines the relationship that exists between fantasy cinema and the medium of animation. Animation has played a key role in defining our collective expectations and experiences of fantasy cinema, just as fantasy storytelling has often served as inspiration for our most popular animated film and television. Bringing together contributions from world-renowned film and media scholars, *Fantasy/Animation* considers the various historical, theoretical, and cultural ramifications of the animated fantasy film. This collection provides a range of chapters on subjects including Disney, Pixar, and Studio Ghibli, filmmakers such as Ralph Bakshi and James Cameron, and on film and television franchises such as Dreamworks' *How To Train Your Dragon* (2010-) and HBO's *Game of Thrones* (2011-).

**Screening Characters** Johannes Riis, Aaron Taylor, 2019-03-29 Characters are central to our experiences of screened fictions and invite a host of questions. The contributors to *Screening Characters* draw on archival material, interviews, philosophical inquiry, and conceptual analysis in order to give new, thought-provoking answers to these queries. Providing multifaceted accounts of the nature of screen characters, contributions are organized around a series of important subjects, including issues of class, race, ethics, and generic types as they are encountered in moving image media. These topics, in turn, are personified by such memorable figures as Cary Grant, Jon Hamm, Audrey Hepburn, and Seul-gi Kim, in addition to avatars, online personalities, animated characters, and the ensembles of shows such as *The Sopranos*, *Mad Men*, and *Breaking Bad*.

Immortal Films Barbara Klinger, 2022-11-15 Casablanca is one of the most celebrated Hollywood films of all time, its iconic romance enshrined in collective memory across generations. Drawing from archival materials, industry trade journals, and cultural commentary, Barbara Klinger explores the history of Casablanca's circulation in the United States from the early 1940s to the present by examining its exhibition via radio, repertory houses, television, and video. By resituating the film in the dynamically changing industrial, technological, and cultural circumstances that have defined its journey over eight decades, Klinger challenges our understanding of its meaning and reputation as both a Hollywood classic and a cult film. Through this single-film survey, Immortal Films proposes a new approach to the study of film history and aesthetics and, more broadly, to cinema itself as a medium in constant interface with other media as a necessary condition of its own public existence and endurance.
