The Pegasi Chronicles: The sacred knife Allan McCarville,2019

No Buddy Like a Book Allan Wolf,2021-02-09 Calling readers and daydreamers, word mavens and lovers of adventure! This celebration of the power of books is a rallying cry for letting imaginations soar. We learn important stuff from books. We learn to speak and think. We learn why icebergs stay afloat . . . and why Titanics sink. Have you ever wanted to climb to the top of Everest with one hand behind your back? Kiss a crocodile all by yourself on the Nile River? How about learning how to bottle moonlight, or track a distant star? There are endless things to discover and whole universes to explore simply by reading a book. But books are only smears of ink without the reader's mind to give their letters meaning and bring them to life. With a rollicking, rhyming text and delightful artwork, poet and storyteller Allan Wolf and illustrator Brianne Farley remind us that books, no matter how they may be consumed, give readers of every background an opportunity to expand their world and spark their imagination. With infectious enthusiasm, **No Buddy Like a Book** offers an ode to the wonders of language—written, spoken, and everything in between.

Allan's Wife and Other Tales Henry Rider Haggard,1895

Father Allan's Island Amy Murray,1920

The Silver Wind Nina Allan,2019-09-10 Named as one of '50 Writers You Should Read Now' by The Guardian. From the award-winning author of *The Rift*, Nina Allan, *The Silver Wind* is a remarkable narrative exploring the nature of time itself. Martin Newland is fascinated by time. Watches and clocks are for him metaphorical time machines, a means of coming to terms with the past and voyaging into the future. But was his first timepiece a Smith,

given to him on his fourteenth birthday, or the Longines he received four years later? Was it the small brass travelling clock unearthed in the run-down house for which he is to act as estate agent? And who is the maker of these time machines?

The Rift Nina Allan, 2017-07-11 Selena and Julie are sisters. As children they were closest companions, but as they grow towards maturity, a rift develops between them. There are greater rifts, however. Julie goes missing at the age of seventeen. It will be twenty years before Selena sees her again. When Julie reappears, she tells Selena an incredible story about how she has spent time on another planet. Selena has an impossible choice to make: does she dismiss her sister as a damaged person, the victim of delusions, or believe her, and risk her own sanity in the process? Is Julie really who she says she is, and if she isn't, what does she have to gain by claiming her sister's identity?

Plays Well with Others Allan Gurganus, 1999-02-02 With great narrative inventiveness and emotional amplitude, Allan Gurganus gives us artistic Manhattan in the wild 1980s, where young artists--refugees from the middle class--hurl themselves into playful work and serious fun. Our guide is Hartley Mims Jr., a Southerner whose native knack for happiness might thwart his literary ambitions. Through his eyes we encounter the composer Robert Christian Gustafson, an Iowa preacher's son whose good looks constitute both a mythic draw and a major limitation, and Angelina Alabama Byrnes, a failed deb, five feet tall but bristling with outsized talent. These friends shelter each other, promote each other's work, and compete erotically. When tragedy strikes, this circle grows up fast, somehow finding, at the worst of times, the truest sort of family. Funny and

heartbreaking, as eventful as Dickens and as atmospheric as one of Fitzgerald's parties, *Plays Well with Others* combines a fable's high-noon energy with an elegy's evening grace. Allan Gurganus's celebrated new novel is a lovesong to imperishable friendship, a hymn to a brilliant and now-vanished world.

Edgar Allan's Official Crime Investigation Notebook Mary Amato, 2012-05-08 First Slurpy the goldfish gets kidnapped. Then other things begin to disappear from Ms. Herschel's classroom. Odder still, the culprit leaves poetry behind. Edgar intends to find the criminal responsible with the help of his notebook. However, he's going to have to beat his rivals, form careful alliances, and make sense of a few surprising discoveries.

Allan's Wife (1889) . H. Rider Haggard, 2019-10-23 *Allan's Wife and Other Tales* is a collection of Allan Quatermain stories by H. Rider Haggard, first published in London by Spencer Blackett in December 1889. The title story was new, with its first publication intended for the collection, but two unauthorized editions appeared earlier in New York, based on pirated galley proofs. The other three stories first appeared in an anthology and periodicals in 1885, 1887, and 1886.

Allan Quatermain #3 H. Rider Haggard, 2012-12-10 Before there was Indiana Jones there was Allan Quatermain: the original explorer, treasure hunter, and adventurer. The Quatermain books have captivated readers for more than a century, spawning more than a dozen movies and a host of imitators. In this, the third Quatermain book, we get a more personal glimpse into the life of a legend!

Out of Death's Dark Shadow Tanya Allan, 2020-10 Many have become accustomed to the excellent stories from the pen of Tanya Allan. In this new offering, as she quickly approaches an amazing 100

novels, we get another of her great coppers vs villains escapades which we are all familiar with. Retired Detective Chief Inspector from the Metropolitan Police, Greg Marchant - grieving his wife's recent passing - is unexpectedly notified that he has an inheritance waiting for him in the wilds of New Mexico. He may move to the distant Southwest of America, but once a copper - always a copper. What follows is a complex interaction with a series of villains and drug lords... and to no one's surprise... he is joined in his adventures by a feisty, beautiful younger widow who is at home changing a head gasket on a V12 engine as she is in a pretty sun dress. Our retired London Detective unravels crooked police, unsolved murders from the past and drug smuggling - all the while discovering that while he and our pretty mechanic have both lost spouses, they both might have a lot more life left to share. While you may not find any of Tanya's famous TG heroines, this well conceived action mystery - come love story - will keep you up late, turning the pages on your tablet to find out who did what next! Out of Death's Shadow will keep anyone who likes a good police action story totally entertained. Let's hope that just perhaps Detective Marchant isn't as retired as we think, and just maybe we haven't seen the last of our ocean-crossing copper and grease monkey Kathy. This book is highly recommended for all.

The Life of Edgar Allan Poe George Edward Woodberry, 1909

Allan's Wife and Other Tales H. Rider Haggard, 1890

The Snow Fell Three Graves Deep Allan Wolf, 2020-09-08 In powerful, vivid verse, the master behind *The Watch That Ends the Night* recounts one of history's most harrowing—and chilling—tales of survival. In 1846, a group of emigrants bound for California face a choice: continue on their planned route or take a shortcut into the wilderness. Eighty-nine of them opt for the untested trail, a decision

that plunges them into danger and desperation and, finally, the unthinkable. From extraordinary poet and novelist Allan Wolf comes a riveting retelling of the ill-fated journey of the Donner party across the Sierra Nevadas during the winter of 1846–1847. Brilliantly narrated by multiple voices, including world-weary, taunting, and all-knowing Hunger itself, this novel-in-verse examines a notorious chapter in history from various perspectives, among them caravan leaders George Donner and James Reed, Donner’s scholarly wife, two Miwok Indian guides, the Reed children, a sixteen-year-old orphan, and even a pair of oxen. Comprehensive back matter includes an author’s note, select character biographies, statistics, a time line of events, and more. Unprecedented in its detail and sweep, this haunting epic raises stirring questions about moral ambiguity, hope and resilience, and hunger of all kinds.

The Allan Schore Reader Eva Rass, 2017-11-10 Eva Rass, a leading expert on the work of Allan Schore, presents a collection that provides an overview of his core ideas and makes accessible the evolution of his thought. Including interviews and original papers, as well as integrating his ideas with research in psychoanalysis, developmental psychology, biology and developmental psychopathology, this book provides an in-depth introduction to Schore’s theories. *Allan Schore: Setting the Course of Development* represents a major contribution to the understanding of Schore’s often dense and complex work. The choice of papers, interviews and subject matter is structured and instructive, while the content captures both the depth and breadth of Schore’s ideas, including important extensions into other fields, like paediatrics, social works and family law. Schore’s contribution to the advancing knowledge base – pioneering the paradigm shift in researchers’ focus in psychopathogenesis from the cognitive verbal left

brain to the affective, preverbal right brain – is here made accessible to a far greater readership. The book will be of interest to all practitioners, researchers, educators and policy makers dealing with the critically important and broad field of mental health service delivery and prevention of mental illness for those at risk, particularly psychoanalysts, psychoanalytic psychotherapists and counsellors.
