

Austria

N Colangelo

The Austrians Gordon Brook-Shepard, 2009-03-25

This is a masterful survey of Austria's controversial place at the heart of European history. From the Reformation through the Napoleonic and Cold Wars to European Union, a superb history of Austria's central role in uniting Western civilization is covered. 24 pages of photographs and maps are included. Connoisseurs of Austria and its delightful and infuriating inhabitants will agree that Mr. Brook-Shepherd has got it just about right.'—The Wall Street Journal Engrossing, elegantly written history.'—Publishers Weekly

Austria, Facts and Figures Austria.

The Jews of Austria Josef Fraenkel, 1970 English or German. Bibliography: p. 547-566.

A Short History of Austria-Hungary and Poland Henry Wickham Steed, Walter Alison Phillips, David Hannay, 1914

The Undermining of Austria-Hungary M. Cornwall, 2000-05-23 This is a major new contribution to the historiography of the First World War. It examines the lively battle of ideas which helped to destroy Austria-Hungary. It also

assesses, for the first time, the weapon of 'front propaganda' as used by and against the Empire on the Italian and Eastern Fronts. Based on material in eight languages, the work challenges accepted views about Britain's primacy in the field of propaganda, while casting fresh light on the creation of Yugoslavia and the viability of the Habsburg Empire in its last years.

Empire and Identity Fredrik Lindström, 2008
Examines questions of identity and self-understanding in six life-careers in the Austrian intellectual and political elite. This title also presents fresh perspective on the six examined individuals, whose scholarly, artistic, and bureaucratic careers are placed in a political context.

The Americanization/Westernization of Austria
Anton Pelinka, 2017-07-12 Political, economic, social, and cultural modernization dramatically transformed twentieth-century Austria. Innovative new methods of production and management, such as the assembly line, changed Austrian business after World War I, much as the Marshall Plan shaped the economy after World War II. At the same time, jazz, Hollywood movies, television programming, and mass commodities were as popular in Austria as elsewhere in Western Europe. Even political campaigns followed American trends. All this occurred despite the fact that in West Germany, American nostrums and models had been rejected, modified, or translated into milder versions. Ultimately, Austria was Western Europeanized when it joined the European Union in 1995. How Western are the Austrians? This volume analyzes trends

toward Americanization and Westernization in Austria throughout the twentieth century. Reinhold Wagnleitner's lead essay studies the foreign politics of American pop culture. Anna Schober and Monika Bernold analyze the influence of Hollywood movies and television on postwar Austrian society. Reinhard Sieder follows changing discourses on family life, while Ingrid Bauer looks at American influences on Austrian women. Maria-Regina Kecht, Kurt Drexel, and Christina Hainzl follow the American impact on Austrian literature, opera, and art. Banker Anton Fink examines American banking and finance practices. Andre Pfoertner and Matthias Fuchs study the Americanization of Austrian business and tourism. Helmut Lackner describes how well-heeled Austrian travelers to the United States brought back innovative American production methods and other ideas gleaned from world expositions before World War I. American influences on Austrian politics and political science are dissected by Gunter Bischof, Martin Kofler, Fritz Plasser, and Anton Pelinka. The Americanization of Vienna is the subject of journalist Armin Thurnher's essay. Comparisons with West Germany are presented by Michael Hochgesc

Austria-Hungary Wolf von Schierbrand, 1917

Austria as It Is Charles Sealsfield, 2010-03 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Austria's Wars of Emergence, 1683-1797 Michael Hochedlinger, 2015-12-22 The Habsburg Monarchy has received much historiographical attention since 1945. Yet the military aspects of Austria's emergence as a European great power in the seventeenth and eighteenth centuries have remained obscure. This book shows that force of arms and the instruments of the early modern state were just as important as its marriage policy in creating and holding together the Habsburg Monarchy. Drawing on an impressive up-to-date bibliography as well as on original archival research, this survey is the first to put Vienna's military back at the centre stage of early modern Austrian history.

The Empire of Austria John Stevens Cabot Abbott, 1882

The End of Austria-Hungary Leo Valiani, 1973

Austria at the International Exhibition of 1862 Joseph Arenstein, 1862

Austria in World War II Robert H. Keyserlingk, 1990 Not only does Keyserlingk show that Great Britain and the US recognized the Anschluss both in fact and in law throughout the war, he also reveals the growing importance of propaganda as a tool of government.

Memoirs of the Court and Aristocracy of Austria Carl Eduard Vehse, 1896

The Enigmatic Realm of **Austria**: Unleashing the Language is Inner Magic
