The Girl in the Castle Inside the Museum Kate

Bernheimer, 2012-12-19 Once there was a girl who lived in a castle. The castle was inside a museum. When children visited, they'd press against the glass globe in which the castle sat, to glimpse the tiny girl. But when they went home, the girl was lonely. Then one day, she had an idea! What if you hung a picture of yourself inside the castle inside the museum, inside this book? Then you'd be able to keep the girl company. Reminiscent of "The Lady of Shalot," here is an original fairy tale that feels like a dream—haunting, beautiful, and completely unforgettable.

Castle Films Scott MacGillivray, 2004 Do you remember the first movie you ever owned? It was probably a product of Castle Films. Before home video, Castle Films made every living room a screening room. For four decades the 16mm and 8mm film products of Castle Films were sold in every department store and

hobby shop. Castle had big-screen movies for everybody: comedies with Abbott & Costello, The Marx Brothers, and W. C. Fields...monster movies with Frankenstein, Dracula, and the Wolfman...cartoons with Woody Woodpecker, Chilly Willy, and Mighty Mouse...westerns with Clint Eastwood, John Wayne, and James Stewart...travelogues of the world's picturesque places...newsreels of major headline stories...musicals with top singers and bandleaders. Collectors have always wanted a reference book detailing the total output of Castle Films. Here it is. Castle Films: A Hobbyist's Guide is a complete filmography of every title printed between 1937 and 1977. For handy reference, there are separate indexes by title, subject, and serial number, a listing of Castle's color film releases, and a special section decoding Castle's various pseudonym titles and disclosing the true identities of many films. Castle Films: A Hobbyist's Guide is a fascinating, nostalgic look at one of the pioneers of home entertainment.

The Castle in Medieval Europe Danielle Watson,2016-07-15

Castles are perhaps the greatest symbol of the Middle Ages. But what was life like inside these mighty fortresses? This book examines the rise of castles as the center of noble life and provides information on the men, women, and children who lived within the castle walls.

Howl's Moving Castle Diana Wynne Jones,2012-12-06 Now an animated movie from Studio Ghibli and Hayao Miyazaki, the oscar-winning director of *Spirited Away* In this beloved modern classic, young Sophie Hatter from the land of Ingary catches the unwelcome attention of the Witch of the Waste and is put under a spell . . .

The Castle Franz Kafka,1992-11-03 From the author of *The Metamorphosis* and *The Trial*, and one of the greatest writers of the twentieth century: Arriving in a village to take up the position of land surveyor for the mysterious lord of a castle, the character known as K. finds himself in a bitter and baffling struggle to contact his new employer and go about his duties. As the villagers and the Castle officials block his efforts at every turn, K.'s consuming

quest—quite possibly a self-imposed one—to penetrate the inaccessible heart of the Castle and take its measure is repeatedly frustrated. Kafka once suggested that the would-be surveyor in *The Castle* is driven by a wish “to get clear about ultimate things,” an unrealizable desire that provided the driving force behind all of Kafka’s dazzlingly uncanny fictions. Everyman's Library pursues the highest production standards, printing on acid-free cream-colored paper, with full-cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. Goat Castle Karen L. Cox, 2017-08-09 In 1932, the city of Natchez, Mississippi, reckoned with an unexpected influx of journalists and tourists as the lurid story of a local murder was splashed across headlines nationwide. Two eccentrics, Richard Dana and Octavia Dockery—known in the press as the Wild Man and the Goat Woman—enlisted an African American man named George Pearls to rob their reclusive neighbor, Jennie Merrill, at her estate. During the attempted robbery, Merrill was shot and killed. The crime drew national coverage when it came to light that Dana

and Dockery, the alleged murderers, shared their huge, decaying antebellum mansion with their goats and other livestock, which prompted journalists to call the estate Goat Castle. Pearls was killed by an Arkansas policeman in an unrelated incident before he could face trial. However, as was all too typical in the Jim Crow South, the white community demanded justice, and an innocent black woman named Emily Burns was ultimately sent to prison for the murder of Merrill. Dana and Dockery not only avoided punishment but also lived to profit from the notoriety of the murder by opening their derelict home to tourists. Strange, fascinating, and sobering, Goat Castle tells the story of this local feud, killing, investigation, and trial, showing how a true crime tale of fallen southern grandeur and murder obscured an all too familiar story of racial injustice.

The Clue in the Ruined Castle Margaret Sutton, 2008-07-31

Judy and Peter decide that they must find a way inside the castle to find John Dent and Granny Joerg's missing grandchildren in case they are being held captive by the mean caretaker.

I Capture the Castle Dodie Smith,2003-04-01 One of the 20th Century's most beloved novels is still winning hearts! I Capture the Castle tells the story of seventeen-year-old Cassandra and her family, who live in not-so-genteel poverty in a ramshackle old English castle. Here she strives, over six turbulent months, to hone her writing skills. She fills three notebooks with sharply funny yet poignant entries. Her journals candidly chronicle the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has captured

the castle-- and the heart of the reader-- in one of literature's most enchanting entertainments. "This book has one of the most charismatic narrators I've ever met." -- J.K. Rowling, author of the Harry Potter series
