Mother and Child Claiborne Swanson Frank, 2018-04-01 In the latest body of work by author and photographer Claiborne Swanson Frank, the artist set out to explore what modern motherhood means in the 21st century. Turning her lens on 70 iconic families of mothers and children from such celebrated names as Delfina Figueras, Carolina Herrera, Lauren Santo Domingo, Anne Vyalitsyna, Aerin Lauder, and Patti Hansen, Swanson Frank's stunning portraits capture the emotional bonds and beauty that frame the primal relationship of a mother and her child. Complementing her work is a series of questions-and-answers, in which Swanson Frank delicately tasks each mother to look within themselves and express what being a mother truly means to them. Their answers, while exceedingly thoughtful and introspective, are also amusing, fascinating, and moving. Each one of these deeply intimate and stunning portraits will captivate and inspire readers as they embark on this profound journey that reminds us all of the power of motherhood and the great gift of love.

Radiant Child Javaka Steptoe, 2016-11-08 Winner of the Randolph Caldecott

Medal and the Coretta Scott King Illustrator Award Jean-Michel Basquiat and his unique, collage-style paintings rocketed to fame in the 1980s as a cultural phenomenon unlike anything the art world had ever seen. But before that, he was a little boy who saw art everywhere: in poetry books and museums, in games and in the words that we speak, and in the pulsing energy of New York City. Now, award-winning illustrator Javaka Steptoe's vivid text and bold artwork echoing Basquiat's own introduce young readers to the powerful message that art doesn't always have to be neat or clean--and definitely not inside the lines--to be beautiful.

Hints on Child-Training H. Clay Trumbull, 1891 Hints on Child-Training may be helpful, where a formal treatise on the subject would prove bewildering. It is easier to see how one phase or another of children's needs is to be met, than it is to define the relation of that phase of the case to all other phases, or to a system that includes them all. Therefore it is that this series of Hints is ventured by me for the benefit of young parents, although I would not dare attempt a systematic treatise on the entire subject here touched upon. Thirty years ago, when I was yet a young father, a friend, who knew that I had for years been interested in the study of methods of education, said to me, "Trumbull, what is your theory of child-training?"

"Theory?" I responded. "I have no theory in that matter. I had lots of theories before I had any children; but now I do, with fear and trembling, in every case just that which seems to be the better thing for the hour, whether it agrees with any of my old theories or not." Whatever theory of child-training may show itself in these Hints, has been arrived at by induction in the process of my experiences with children since I had to deal with the matter practically, apart from any preconceived view of the principles involved. Every suggestion in these Hints is an outcome of experiment and observation in my life as a father and a grandfather, while it has been carefully considered in the light of the best lessons of practical educators on every side. These Hints were begun for the purpose of giving help to a friend. They were continued because of the evident popular interest in them. They are sent out in this completed form in the hope that they will prove of service to parents who are feeling the need of something more practical in the realm of child-training than untested theories. H. Clay Trumbull
Philadelphia, September 15, 1890 This classic parenting manual includes the following chapters: 1. Child-Training: What Is It? 2. The Duty of Training Children 3. A Single Shard Linda Sue Park, 2001-04-23 The Newbery Medal-winning tale of an orphan boy whose dream of becoming a master potter leads to unforeseen adventure in ancient Korea. Tree-ear is an orphan boy in a 12th-century Korean village renowned for its ceramics. When he accidentally breaks a delicate piece of pottery, he volunteers to work to pay for the damage. Putting aside his own dreams, Tree-ear resolves to serve the master potter by embarking on a difficult and dangerous journey, little knowing that it will change his life forever. Despite the odds against him, Tree-ear becomes courageous, brave and selfless, a hero as enduring as the porcelain Park so lovingly describes. (New York Times) "Intrigues, danger, and a strong focus on doing what is right turn a simple story into a compelling read. A timeless jewel." (Kirkus starred review) *A broken piece of pottery sets events in motion as an orphan struggles to pay off his debt to a master potter. This finely crafted novel brings 12th-century Korea and these indelible characters to life. (School Library Journal starred review) Tree-ear's determination and bravery in pursuing his dream of becoming a potter takes readers on a literary journey that demonstrates how courage, honor and perseverance can overcome great odds and bring great happiness. Park effectively conveys 12th century Korea in this masterful piece of historical fiction. (Kathleen Odean, chair of the Newbery Award Selection Committee)

Invisible Child Andrea Elliott, 2021-10-05 PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken,

inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

Only Child Rhiannon Navin, 2018 Surviving a horrific school shooting, a six-year-old boy retreats into the world of books and art while making sobering observations about his mother's determination to prosecute the shooter's parents and the wider community's efforts to make sense of the tragedy.

This Child, Every Child David J. Smith, 2011-02 Takes a look at the lives of

The Child Fiona Barton, 2017-06-27 From the New York Times bestselling author of *The Widow* comes a twisting novel of psychological suspense—as seen in *People*, *Entertainment Weekly*, *Time*, *USA Today*, *Bustle*, *Good Housekeeping.com*, *HelloGiggles*, *The Boston Globe*, *PureWow*, *The Dallas Morning News*, and more! “The Child is a perfect blend of beach read and book club selection....[A] page-turning whodunit....A novel that is both fast-paced and thought-provoking.”—*USA Today* As an old house is demolished in a gentrifying section of London, a workman discovers human remains, buried for years. For journalist Kate Waters, it’s a story that deserves attention. She cobbles together a piece for her newspaper, but at a loss for answers, she can only pose a question: Who has been found at the building site? As Kate investigates, she unearths connections to a crime that rocked the city decades earlier: A child was stolen from the maternity ward in a local hospital and was never found. Her heartbroken parents were left devastated by the loss. But there is more to the story, and Kate is drawn—house by house—into the pasts of the people who once lived in this neighborhood that has given up its greatest mystery. And she soon finds herself the keeper of unexpected secrets that erupt in the lives of three women—and torn between what she can and cannot tell... What Is a Child? Beatrice Alemagna, 2016-09-20 From the bestselling author of *A Lion in Paris* comes this beautifully illustrated celebration of what makes each child unique. reading with them, to consider their own identity. Destined to become a classic, *What Is a Child?* is a must-have for every school, library, and bedside table.

Licensing Parents Michael McFall, Laurence Thomas, 2009-01-16 In *Licensing Parents*, Michael McFall argues that political structures, economics, education, racism, and sexism are secondary in importance to the inequality caused by families, and that the family plays the primary role in a child's acquisition of a sense of justice. He demonstrates that examination of the family is necessary in political philosophy and that informal structures (families) and considerations (character formation) must be taken seriously. McFall advocates a threshold that should be accepted by all political philosophers: children should not be severely abused or neglected because child maltreatment often causes deep and irreparable individual and societal harm. The implications of this threshold are revolutionary, but this is not recognized fully because no philosophical book has systematically considered the ethical or political ramifications of child maltreatment. By exposing a tension between the rights of children and adults, McFall reveals pervasive ageism; parental rights usually trump children's rights, and this is often justified because children are not fully autonomous. Yet parental rights should not always trump children's rights. Ethics and political philosophy are not only about rights, but also about duties_especially when considering potential parents who are unable or unwilling to provide minimally decent nurturance. While contemporary political philosophy focuses on adult rights, McFall examines systems whereby the interests and rights of children and parents are better balanced. This entails exploring when parental rights are defeasible and defending the ethics of licensing parents, whereby some people

are precluded from rearing children. He argues that, if a sense of justice is largely developed in childhood, parents directly influence the character of future generations of adults in political society. A completely stable and well-ordered society needs stable and psychologically healthy citizens in addition to just laws, and McFall demonstrates how parental love and healthy families can help achieve this.
