And don't miss the highly anticipated new novel, *Dead Wednesday*. Cocky seventh-grade super-jock Crash Coogan got his nickname the day he used his first football helmet to knock his cousin Bridget flat on her backside. And he has been running over people ever since, especially Penn Webb, the dweeby, vegetarian Quaker kid who lives down the block. Through the eyes of Crash, readers get a rare glimpse into the life of a bully in this unforgettable and beloved story about stereotypes and the surprises life can bring. Readers will devour this humorous glimpse of what jocks are made of. --School Library Journal, starred review

Crash! Ann Harth, 2005 Highlights! is an innovative series of original works of fiction aimed at students aged between 10 to 15 years who find reading challenging. In the book *Crash!*, it deals with courage and self-reliance. Nalini and Zed are flying to visit their relatives for a holiday. Their plane encounters a huge storm and crashes near a deserted island. The pilot is killed and the teenagers are alone. They manage to find shelter, food and even water. It seems almost too easy for two young people stranded all alone. Or are they alone?

Crashed Adam Tooze, 2019-08-27 WINNER OF THE LIONEL GELBER PRIZE A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR A NEW YORK TIMES CRITICS' TOP BOOK An intelligent explanation of the mechanisms that produced the crisis and the response to it...One of the great strengths of Tooze's book is to demonstrate the deeply intertwined nature of the European and American financial systems.--The New York Times Book Review From the prizewinning economic historian and author of *Shutdown* and *The Deluge*, an eye-opening reinterpretation of the 2008 economic crisis (and its ten-year aftermath) as a global event that directly led to the shockwaves being felt around the world today. We live in a world where dramatic shifts in the domestic and global economy command the headlines, from rollbacks in US banking regulations to tariffs that may ignite international trade wars. But current events have deep roots, and the key to navigating today's roiling policies lies in the events that started it all--the 2008 economic crisis and its aftermath. Despite initial attempts to downplay the crisis as a local incident, what happened on Wall Street beginning in 2008 was, in fact, a dramatic caesura of global significance that spiraled around the world, from the financial markets of the UK and Europe to the factories and dockyards of Asia, the Middle East, and Latin America, forcing a rearrangement of global governance. With a historian's eye for detail, connection, and consequence, Adam Tooze brings the story right up to today's negotiations, actions, and threats--a much-needed perspective on a global catastrophe and its long-term consequences.

Crash J. G. Ballard, 1973-01-01 In this hallucinatory novel, an automobile provides the hellish tableau in which Vaughan, a TV scientist turned nightmare angel of the highways, experiments with erotic atrocities among auto crash victims, each more sinister than the last. James Ballard, his friend and fellow obsessive, tells the story of this twisted visionary as he careens rapidly toward his own demise in an internationally orchestrated car crash with Elizabeth Taylor. A classic work of cutting-edge fiction, *Crash* explores both the disturbing implications and horrific possibilities of contemporary society's increasing dependence on technology as intermediary in human relations.

Crash Rob Elder, Sarah Elder, 1977-01-01 Story of the crash of Eastern Air Lines Flight 401 near Miami, FL, December 29, 1972.

The Crash of Delta Flight 723 Paul D. Houle, 2021-11-19 At the height of the Watergate scandal, Delta Flight 723 crashed into a fog-shrouded seawall at the end of Runway 4R at Logan Airport in Boston. While this incident and Watergate seemed unrelated at first, President Richard Nixon and his subordinates' actions during Watergate interfered with the ability of the National Transportation Safety Board to properly investigate the crash. It wasn't until three court cases, a federal investigation, congressional hearings, as well as a state investigation, when the true cause of the accident was exposed ten years later. This is also the story of Air Force Sergeant Leopold Chouinard and his incredible fight for survival. Chouinard survived the initial impact of the crash, only to suffer third and fourth degree burns on the majority of his body. Doctors fought against incredible odds to try and save Chouinard's life. For 134 days, Leo Chouinard defied all expectations as his doctors and nurses applied the latest advancements in burn treatments to save him from a non-survivable accident. They nearly succeeded. Through interviews with Chouinard's family, his physicians, and the NTSB's investigation, comes a story of corruption, determination, and vindication as well as the answer to what really caused that crash at Logan airport.

Car Crash Lech Blaine, 2022-10-11 In the aftermath of a traumatic event, a young man navigates small-town gossip, grief and recovery amidst a culture of toxic masculinity. "A heart-soaring act of literary bravery," *Car Crash* is a hopeful, raw coming-of-age story for our times (Trent Dalton). "Bruisingly insightful."--The Guardian • "Delivers from the first arresting page."--Inside Story • "Moving, lyrical, warmly told and very funny."--Brooke Davis, author of *Lost & Found* • "Shines with a fierce intelligence."--Kristina Olsson, author of *Shell* Why did he get to live, and not them? This question

has plagued Lech Blaine ever since he was a teenager, when he got into a car that never arrived at its destination. Of his crew of friends who were in the car, Blaine was the only passenger who made it out unscathed. In the aftermath of the accident that sent shockwaves through his small town, Blaine was thrust into the local spotlight, fielding questions from journalists, police, and feeling pressure to perform his grief in public and on social media. In a community where men were expected to be strong and silent, Blaine felt that he had no one to turn to with his complicated emotions. In *Car Crash*, Blaine offers an intimate, brave account of what it's like to survive a tragedy that others didn't—and a moving portrait of a young person struggling to define his own masculinity. Blaine was raised to believe that being masculine meant projecting toughness, stoicism, and dominance, and this belief leads him to alcohol and disordered eating to cope with his pain. But as Blaine finally learns to open up with family, friends, and a therapist, he comes to realize the meaning of true strength, and the power of vulnerability to bring hope and healing. "Some books just have to be written. And some books just have to be read."—Trent Dalton, author of *Boy Swallows Universe*

Six Days in October Karen Blumenthal, 2013-02-12 Over six terrifying, desperate days in October 1929, the fabulous fortune that Americans had built in stocks plunged with a fervor never seen before. At first, the drop seemed like a mistake, a mere glitch in the system. But as the decline gathered steam, so did the destruction. Over twenty-five billion dollars in individual wealth was lost, vanished, gone. People watched their dreams fade before their very eyes. Investing in the stock market would never be the same. Here, Wall Street Journal bureau chief Karen Blumenthal chronicles the six-day period that brought the country to its knees, from fascinating tales of key stock-market players, like Michael J. Meehan, an immigrant who started his career hustling cigars outside theaters and helped convince thousands to gamble their hard-earned money as never before, to riveting accounts of the power struggles between Wall Street and Washington, to poignant stories from those who lost their savings—and more—to the allure of stocks and the power of greed. For young readers living in an era of stock-market fascination, this engrossing account explains stock-market fundamentals while
