Theo-Dox Anya Harrison, 2021-03-04 Like a personal Bible index, created over years of regular reading and study, *Theo-Dox Book 1: Topical Index* is the Bible journal we all wish we had started ten years ago. Instead of having notes crammed into the margins of your Bible and scattered among journals and church bulletins, *Theo-Dox* provides a single place to log your findings so you can add to them over the years, and actually find them again later. The process is like a reverse word study. Instead of starting with a single word and then skipping around to verses in the Bible which include said word (and hoping you don't take them out of context), with *Theo-Dox*, you start with the Bible. As you read and study your Bible daily- using whatever Bible study program or reading plan you already use- and you notice a verse that speaks to a particular topic, you record the verse under that topic. It may seem too small to matter, but as you continue to read and study, more verses are added to each topic, and observations become more apparent. These observations also represent the teachings of the entire canon of scripture, because they were not just a result of a single study, but many studies. While we may all wish we started recording our observations like this decades ago, alas. We cannot go back to plant a tree in the past, but we can plant one now, and look forward to its future fruit! I suspect that decades from now, like a well tended tree, your *Theo-Dox* will benefit not only you, but it will be a tangible display of your commitment to God's Word and a treasure to generations to come. May He who reigns forever reveal Himself to you in the pages of His Word, for your good and for His glory!

Dox Alex Beaumais, 2021-02-22 tragickal presents DOX 3 Polish sisters whose surname means 'cucumber, ' an edgelord who gets doxxed, MDMA, bad theory, and heart attacks. He was bleeding from the mouth and she felt that maybe it counted for something against things he'd written on the Internet.

Fog a Dox Bruce Pascoe, 2013 Albert Cutts is a tree feller. A fella who cuts down trees. Fog is a fox cub raised by a dingo. He s called a dox because people are suspicious of foxes and Albert Cutts owns the dingo and now the dox. Albert is a bushman and lives a remote life surrounded by animals and birds. All goes well until Albert has an accident ... This is a story of courage, acceptance and respect. It is reminiscent of the gentle story-telling style of Australian author Alan Marshall (*I can jump puddles*). The dialogue is finely crafted and Indigenous cultural knowledge and awareness are seamlessly integrated into the story.

Humility Avery Dox, 2016-11-12 Spoil Their Spoils, and Let Them Rejoice on Lifeless Earth. In the bayfront land of Tenoch, the death of Roberts Tolyem has exposed a vulnerability that citizens haven't felt in decades. Those who saw their once-meager lives transform into a world of opulence and prosperity now question what future awaits them. Tenoch's sudden rise as a global power left it with countless adversaries from all sides of the bay—including the

tribe it conquered in a violent resurgence just generations prior. Mounting international tensions, fueled by nuclear capabilities, approach a fever pitch. Beneath Tenoch's unrest lurks a marvel of modern engineering. Fusing chemistry and computing, this top-secret discovery could advance civilization further than the internet, electrical circuit, or even the wheel. Whether it can survive Tenoch's forthcoming regime change will depend on an unlikely encounter between enemy agents, fierce allies, and unwitting bystanders. Swept into the turmoil is Kai Navarro, a boy who's never left his native village. From the moment I met Kai to the stunning conclusion of this novel, I was hooked...A fantastic story that leaves you begging for more. -Heather Sharfeddin, Sweetwater Burning Humility is the first book in The Schema Trilogy by Avery Dox.

Intempra Avery Dox, 2018-11-12 Give Them Nothing. Give Them Nothing to Report, and You Might Just Succeed. Three years since their return, Kai and the others find themselves living independently in an unfamiliar world. The Schema's influence looms larger than they could've ever imagined, permeating nearly all aspects of modern life. From guiding global policy to selecting your evening's entrée, State's feedback program snuffs out uncertainty to protect society at-large. Partnering with State, companies like Dynamism and Normalized Securities utilize the Schema to offer critical insight for their customers, shielding them from whatever hazards may lurk within their futures. But despite widespread adoption, a handful of mysterious cases call into question the Schema's accuracy—and State's willingness to redact its mistakes. According to scripture, an ancient figure once prophesied the return of three chosen travelers, commonly known as Precedents. Each of them hide in plain sight. Only Kai is truly lost. Profound...dazzling...with a tragic humor about what we believe. -Heather Sharfeddin, Sweetwater Burning Intempra is the final book in The Schema Trilogy by Avery Dox.

Traverse Avery Dox, 2017-11-12 An Upright Vessel, Black and Without Any Shine, Shrouded in Heavy Vapor. On the brink of war, Kai and four others find themselves held captive by a vessel that reveals little about itself. With their homes still ablaze, they're helpless to alter its trajectory while they pursue an unknown destination. Upon inexplicably reversing course, they're left with more questions than answers. As its engines finally wind down, everyone aboard grows eager to escape the cabin and breathe the outside air. But when the hatch refuses to unseal, the anxious passengers must make an

important decision: stay inside the ship, or force their way out. Only one man aboard understands the vessel's full protocol—a man who hasn't spoken since their journey began. Kai and the others soon discover that the world they once knew, a shining beacon of life and prosperity, is forever transformed. Every bit as exciting and well-crafted as the first...A brutal joyride. -Heather Sharfeddin, *Sweetwater Burning* Traverse is the second book in The Schema Trilogy by Avery Dox.

Amok Barry Eisler, 2022-12-06 When the government offers a twenty-four-year-old former Marine a five-figure payday, there's only one question: Who does he have to kill? 1990. A restless young man called Dox is back home in Texas. His friends have missed him, and his mother and sisters need him. But after four years as a Marine and another as a CIA contractor fighting the Soviet Union alongside the Afghan mujahedeen, small-town life in Abilene is a suffocating dead end. Another secret war, this one in Southeast Asia, offers a big payday and the solution to his family's troubles. But secret wars are never what they're billed to be, and Dox is about to get the education of his young life. Among the lessons--the only thing more dangerous than war is falling in love with your enemy.
